

## ***Guild B Funds New EMS ATV for Lake Chelan Health***

At this year's *Paint the Town Pink* luncheon, Lake Chelan Health Guild B announced that funds raised through the event have made possible the purchase of a new EMS ATV equipped for search and rescue operations.

The new vehicle will support Lake Chelan Health Hospital and its emergency medical services team, enhancing their ability to reach patients in rugged or hard-to-access terrain.

This purchase was made possible through the generous support of the community and in partnership with the Lake Chelan Health Foundation, which helps direct charitable contributions to key hospital needs.

Guild B extends heartfelt thanks to the Chelan and Manson communities for their ongoing support of this annual event and for helping strengthen emergency response and healthcare services throughout the valley.
