2023 South Frontenac Budget

As South Frontenac prepares the 2023 budget, the Township is looking for your input to help in...

[View Project](#)

The South Frontenac Township is looking for input to help inform decision makings as it prepares its 2023 budget. The township is asking community groups and individual lake associations members to take part in a prebudget survey.

You can find the survey on the Township's public engagement portal, [EngageFrontenac.ca](https://engagefrontenac.ca) or type <https://engagefrontenac.ca/2023-south-frontenac-budget> in your browser. Then choose 'View Projects' of the Township of South Frontenac, and here you will find the pre-budget survey (click 'View project').

Your feedback will help inform decisions made throughout the budget process. (NOTE: If you've never registered for this site before, it only takes a minute.)

The survey will be open until December 31, 2022. You can also sign up to receive updates on the townships website. Council will receive delegations at the December 13, 2022 Council meeting. Thanks for caring about your community and providing your input!
