

Pool Update

As of April 3, 2026

Thank you to everyone who donated in support of the pool renovation project. Enough money was raised to cover the renovation costs and work has begun! The renovation project began in March when all required permits were approved by North Carolina and Cherokee County. Work began with the removal of all pump room components, removal of the tile from the pool, and other “demolition” work in preparation for repairs. The renovation is on schedule to complete in time to open the 2026 pool season as planned on Memorial Day weekend.

Entry to the pool will be controlled by the new security technology being implemented for Bear Paw. Please be sure to complete the required form to ensure there is no delay gaining access to the pool this season. More information about this process can be found by clicking the “New Stickers” button on the home page of the website.

The board approved a Pool Usage Fee to ensure we have enough funds for future major pool repairs that are expected from normal use of the pool. Property Owners who donated to the pool renovation will not pay the Pool Usage Fee for the 2026 season but will begin paying the Fee for the 2027 pool season. The amount of the Pool Usage Fee for the 2026 season is \$160 per household which covers the owners, family, and guests for the entire pool season.

A form to complete and send with your Pool Usage Fee payment can be found on the bearpawnc.com website. Your payment must be made via check.

Thank you again for your contributions and see you at the pool!
