September 11, 2026

To Whom It May Concern,

Tri-State EMC will be cutting right of way to upgrade a single-phase line to a 3- phase line to feed Carolina Water's new well head. This upgrade will be from Ridgewood Rd to the intersection of Cherrywood Dr and Pinecrest Dr. Tri-State EMC's contract crew will be starting work with an estimated date of September 21, weather and other conditions depending.

Once work starts, crews will begin work at 7:30 a.m. in the mornings. Please expect temporary road closures and heavy equipment. Crews plan to have an hour lunch at approximately 12:00 each day. Work will be from Monday-Thursday until it is complete.

The right-of-way work should take from 3-4 weeks and then construction crews will begin upgrading lines.

If there are additional questions or concerns, please contact TSEMC Right of Way Manager Keith Thomas @ 706-964-3290 or Stacy Galloway @ 706-964-3260.

We appreciate your patience and understanding during this process.

Thank You,

Keith Thomas  
Right of Way Manager

Stacy Galloway  
Staking Engineer
