BRIDGING THE DIGITAL DIVIDE

POVERTY DRIVES SO MANY OF OUR NATION'S PROBLEMS, DEPRIVING POOR STUDENTS OF THE TECHNOLOGY THEY WILL NEED TO MASTER IN ORDER TO SUCCEED IN THE MODERN WORLD ONLY SERVES TO EXACERBATE THE DIGITAL DIVIDE AND CREATES ANOTHER GENERATION OF POOR UNDEREDUCATED GENERATION

PLEASE HELP US END THE VICIOUS CYCLE OF UNDERFUNDED AND UNDER-EQUIPPED SCHOOLS THAT PRODUCE GENERATION AFTER GENERATION OF POVERTY-STRICKEN INNER-CITY POPULATIONS. WE NEED YOUR HELP!

Thutong Learning Center

The mission of Thutong Learning Center is to provide students majoring in Science, Technology, Engineering & Math with support to help achieve goals to graduate from High School and transfer to a university and prepare them for the future competitive 21st century job markets.

We want to :

To inspire and motivate underserved students to pursue careers in Science, Technology, Engineering and Math (STEM)

To enlighten and engage families, educators, communities and employers to assist underserved students pursuing STEM careers

Our Goal

► Renovations

We need to renovate and paint our classroom to be a conducive learning environment.

Technology

Everyday our students don't have access to computers in class they fall further behind their peers from more well off areas

Our students are put at an automatic disadvantage simply by the circumstance they were born into, I don't think it's fair or right that lack of resources should compound this disadvantage.

Please consider helping our students and correct this very real digital divide by contributing what you can so that they can have access to Chromebook laptop computers in class.

Since my students and our district cannot afford to buy Chromebooks for our kids, I'm appealing directly to you, the generous community, for this educationally vital equipment.

Where Your Donation Goes

Please Help!

Samsung Chromebook 3, 11.6", 4GB RAM, 16GB eMMC, Chromebook (XE500C13) • AMAZON BUSINESS	\$184.95	5	\$924.75
Materials cost			\$924.75
Vendor shipping charges			FREE

Total project cost			\$968.62
Suggested donation to help DonorsChoose.org reach more classrooms			\$170.93
Total project goal			\$1,139.55

An investment in knowledge pays the best interest.

“No one has ever become poor by giving.”

Ready

For

The World

Lend us a helping hand

Tell me and I forget. Teach me and I remember. Involve me and I learn.

Where Your Donation Goes

We need a projector, screen , and elmo

Support Us

Every donation counts and we appreciate your support!

Thutong Learning Center Program plays a vital role in the lives of unique and talented students who come from neighborhoods with the fewest resources and the greatest needs.

Student transportation will be utilized to transport students to and from the program and drive students to events and competitions

“There is no exercise better for the heart than reaching down and lifting people up.”

Healthy Bodies & Healthy Minds

Programming includes: science, technology, engineering and math (STEM), sports, nutrition and so much more. Social-emotional learning — helping students gain confidence, show empathy and develop positive relationships

Healthy Mind & Body

He who has health has hope; and he who has hope has everything.

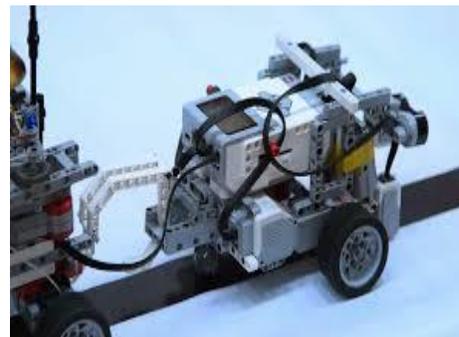

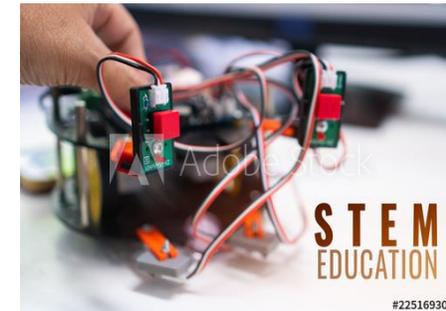

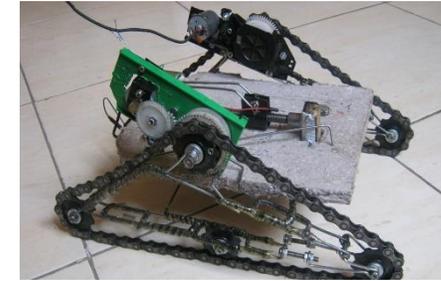

ROBOTICS

Robotic engineers are designing the next generation of **robots** to look, feel and act more human, to make it easier for us to warm up to a cold machine.

Lets give our children and opportunity to compete and excel in the 21st century job market.

Robotics

Without Engineers, Science Is Just Philosophy

Hands-on experience is the best way to learn about all the interdisciplinary aspects of robotics.

Teacher's Lounge Furniture

Your donations will help us upgrade our teacher's lounge by purchasing new furniture

Everyone who remembers his own education remembers teachers, not methods and techniques. The teacher is the heart of the educational system

Office Furniture

Donated items can include gently **used chairs, desks, cubicle walls, filing cabinets, and credenzas.** In addition, you can **donate** functional equipment like computers, copiers, printers along with **office supplies** and even building materials.

Everyone who remembers his own education remembers teachers, not methods and techniques. The teacher is the heart of the educational system

SECURITY

We need a safe and secured learning environment
