Description

A great cruising boat for a small family or a couple. Many conveniences to make a happy cruise. Keeps up pretty well with racers. Excellent condition inside and out. Maintained faithfully.

This is a very spacious and uncluttered interior and what the arrangement lacks in imagination it more than makes up for in efficiency. This is exactly why this is such a popular layout with yacht designers and owners alike.

There is a V-berth cabin forward followed by head to port and hanging lockers to starboard. There are port and starboard settees in the main saloon with a centerline drop-leaf table followed by a starboard side quarter berth and navigation station and port side U-shaped galley. An aft cabin provided separat sleeping quarter.

The original design had an overall length of exactly 34'; however, in 1985, the transom was modified slightly and a boarding/swim platform was molded in.

The engine is installed beneath the bridge deck and, to the delight of mechanics and surveyors, the installation is not crowded. Access is good to all sides of the engine. The fuel tank and water heater are installed aft of the engine and there is a large port sided seat locker through which even a 200+ pounder can fit for easy access to and service of this equipment.

2024 Survey Available

1. A dinghy with 15 Hp available as option
2. 2024 Survey Available
3. 5 winches
4. 3 batteries 2022
5. Cradle
