STANSTED RACEWAY BY

AMY COLEMAN AGE 8

Sunday is my favourite day

They race that track

The day we go to Stansted raceway

Waiting for their first smack

Before we head to the track

Drivers there are plenty

A picnic we have to pack

Go go Ella number 20

Let's get the race car ready to load

Drivers have so much fun

Let's get on the road

Go go Jordan number 21

At the gate we pay

Quick quick chase that car

I know it's gonna be a good day

Come on it ain't that far

Now we are off the road

8 laps gone so it's the end

It's time to unload

As drivers complete the final bend

Drivers go to Terry's meeting

Chop chop

Spectators find there seating

The chequered flag is going to drop

Drivers line up on the track

Race done

No time to look back

How I wish they had won

Front wheel drive is my brother's race

No more time to play

I hope he's ready to chase

It's the end of the day

Waiting for the green flag to drop

Today not much luck

Now is not the time to stop

So let's load that truck

It's the start of the race

To my home we head

Drivers need to keep up the pace

I'm ready for my bed
