HOW TO PLAY

There are no wrong answers! All questions are seeking opinion/impression and do not need to be based on 'facts.' Your goal is to match as many other team's answers as possible with only 60 seconds to try.

Our Team # _____

RULES:

- Do have a good time!
- Do not shout-out answers.
- Do not share your answers with other teams/players.
(Simply-put, this is cheating.)

Get your answer turned-in within 60 seconds.
The fun of this game is fast-response! Given enough time, we could ALL come up with matching answers. Extra time works against the point of our game.
It isn't about winning, it's about having fun!

- Match the most teams - Earn 6 points
- Match the 2nd-most teams - Earn 4 points
- Match the 3rd-most teams - Earn 2 points
- All other answers - Earn 1 point.

When the game-host asks a survey question, your team should quickly select an answer, type it into the phone app, and turn it in to the host within **1 minute**. After the host reviews your answers and tabulates the results, the top answers will be read along with the awarded point values, then the next question will be asked... and so on.

DOUBLE DOWN: Once in each round of the game your team may check the "Double Down" box on your phone app. Your team will receive **DOUBLE** the points you earned for that answer. -ONE TIME EACH ROUND-

HALFTIME: You will get some time following Round 3 to stretch your legs or order an appetizer or dessert! The phone app will request you take a photo of your team using your phone. By doing this and then liking, sharing, and tagging your team photos, you help our game grow, remain in this venue, and your host earn money.

There will be a Final Question where your team may wager ALL, SOME, or NONE of your points on your final answer. Correct answers will have your wager value added. incorrect answers will result in your wager being deducted from your score. A wager of "zero" means your score will not change regardless of your answer.

Enter the # of points for your final wager on your phone app.

Final Question

Your host will announce the **#1** answer, you must match the **#2** answer of the 100 people surveyed. **WAGER** any # of your points or "zero." Please write your wagered # of points in the Double-Down Box. If you are correct your wagered points will be added, if incorrect, your wagered points will be subtracted from your total score.

Please write your final wager using the actual # of points, in the Double-Down Box of your Answer Slip.

F.A.Q. - "Who do you survey for the final question?"

We survey a random group of just over 100 people from all over North America. To add a little more mystery to the final question, we now survey people who are currently in various prisons in the United States. These are not California soccer moms. Remember, you may see a familiar question with different top answers because we have asked the question again to a new group of people.
