MATCHED COUNTY TOTAL			1,778	1,584	89.1%	100.00%

Counts are from actual 2025 Vermont occurrence-death records. Establishment and town identities are anonymized for this public website sample.

County assignment is based on the handling establishment's reported town - not the decedent's residence or county of death.

Market share equals each establishment's cases divided by 1,778 matched county cases. Source coverage excludes identified trade calls and non-Vermont-EDRS records.
