Fall River Special Road District Minutes

Tuesday, 12 July, 2022 - 3 pm

The meeting was called to order at 3pm. Present were board members Ron Brown, Bill Swanson (by phone) and Rick Bestwick. Mike Armstrong (FRE HOA) also attended. Minutes from the 14 June 2022 meeting were read and approved.

Old Business:

Firewise issues - Discussed Greg McKeever and the South egress issue and SRD involvement. Phone Call with David Doyle by Rick Bestwick on 7July2022 was summarized as presenting a significant legal liability for SRD board members. Any such road would be outside the district and therefore represent inappropriate use of District funds. Decision was made to wait on any further action by the SRD board until Firewise gains approval from the BLM and specific proposals are on the table.

Easement fuel reduction - Ron Brown is weed whacking the easement as time permits. A quote from ProTree is pending. La Pine Rural Fire Protection will be contacted (by RKB) to gain insight on what they suggest for fuel reduction steps.

New Business:

- 1) -Speeding on SRD roads. - Two steps will be taken. First look into a digital read out sign with a recording camera so that offenders can be notified. Second, consider changing the speed limit signs to 25mph so that Deschutes Co. Sheriff can be approached for enforcement measures. Alternatively, discuss speeding with offenders and encourage slowing down. Purchase of digital readout signs on River Loop Dr. and Yellowpine will be SRD monies if that route is chosen. Enforcement is the challenge and needs to be included in any action. Deschutes Co. might be able to provide another temporary sign for Fall River Dr.

It was moved to adjourn the meeting at 3:30pm and approved unanimously.

Respectfully submitted by Rick Bestwick
