

# In India, a promising start doesn't guarantee a strong finish.

99.6%

Initial enrollment  
(Grades 1-8) is strong.

**BUT... 72.38%**

Drop out before reaching college.

**The Critical Gap:** This happens despite early support. The real challenge lies in the unstructured, unsupported hours *after school*. This is where potential is lost.

# We bridge the gap with long-term, after-school engagement.

We operate After School Learning Centres that provide consistent, multi-year support from Grade 8 through college completion, fundamentally changing a community's educational trajectory.

## Astivāram (Foundation | Grades 8-10)

Tutoring, Mentorship,  
Exam Readiness.

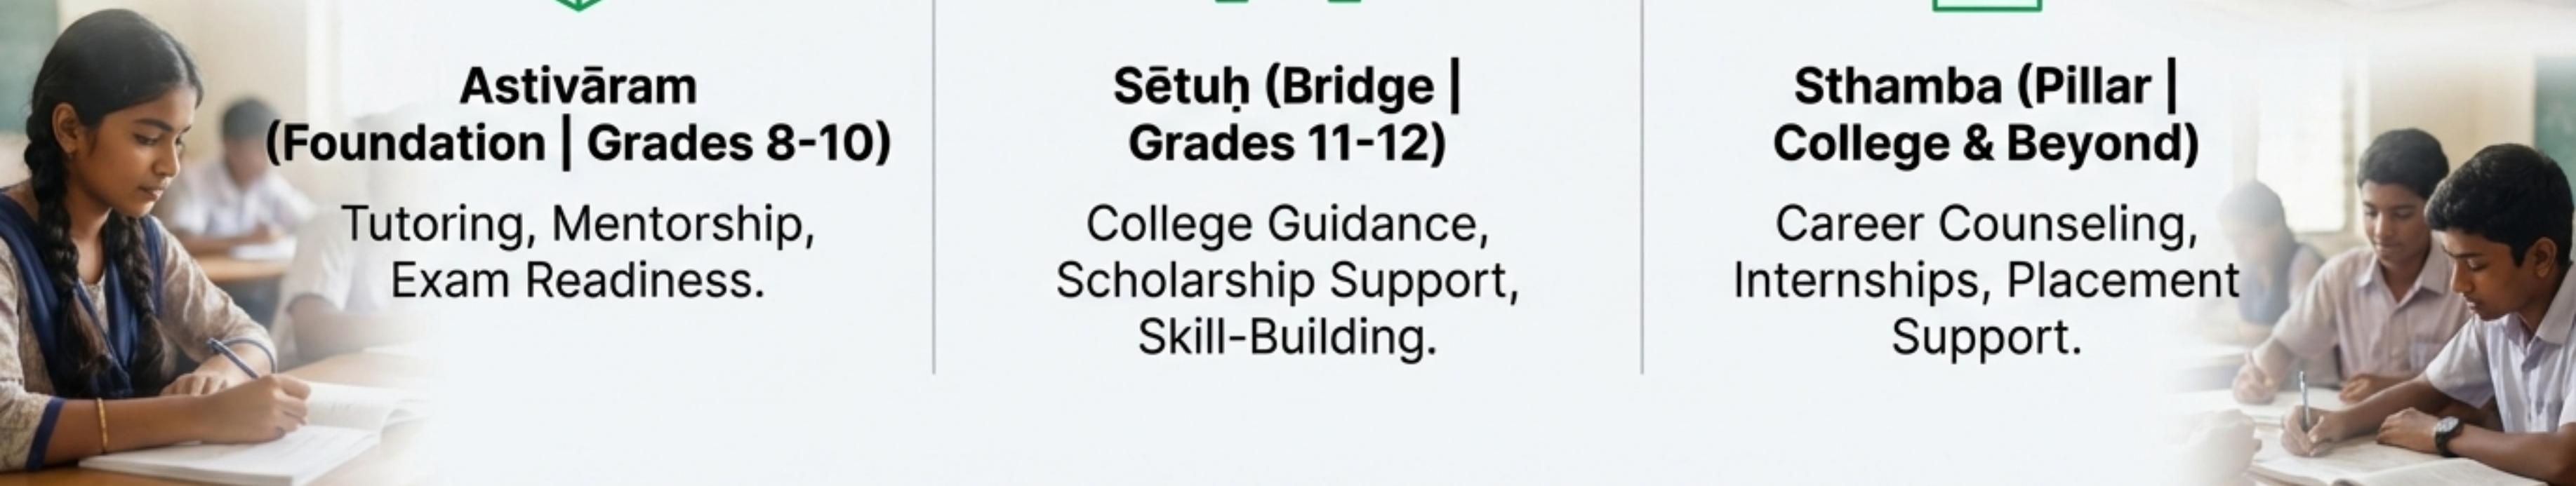

## Sētuḥ (Bridge | Grades 11-12)

College Guidance,  
Scholarship Support,  
Skill-Building.

## Sthamba (Pillar | College & Beyond)

Career Counseling,  
Internships, Placement  
Support.
