A note from the President

Dear Friends,

Warm greetings to all of you, and thank you for giving me the privilege of presenting our **Sixth Annual Report**.

As I reflect on our journey over the past six years, I am filled with gratitude and awe for the strides we have made together. From our humble beginnings, with little more than a shared dream to break the cycle of inequity, we have grown into a thriving community that stands resilient, learns relentlessly, and perseveres through every challenge.

This year has been a landmark in our story—a story that continues to be enriched by your unwavering trust and support. Let me take you through some of the highlights that have defined our progress in Year 6.

A Renewed Spirit, A Renewed Space

We undertook a transformation of all our learning centers this year, giving them a brand-new look that reflects the vibrancy and joy of learning. With more space, cheerful colors, and child-friendly designs, these centers have become beacons of inspiration for our children. Their smiles and excitement as they walk into these spaces reaffirm our belief that the right environment can truly spark curiosity and creativity.

Expanding Horizons: A New Center in Tamil Nadu

The foundation of our upcoming center in Coimbatore, Tamil Nadu, marks an exciting chapter. A joint venture with our **international partner Archis Foundation**, this is not just a geographic expansion into a new state but also an opportunity to embrace and learn from a new community. As we extend our reach, we look forward to sowing seeds of hope and creating pathways to knowledge in this vibrant region.

Strengthening Communities

Our expanded community development program, in collaboration with Mundakara School in Kozhikode, Kerala, is another milestone. Through this partnership, we are enhancing the quality of education while supporting the school with infrastructural upgrades. Together, we are nurturing a generation of self-confident, capable learners who will lead their communities to a brighter future.

A Curriculum for the Future

This year, we launched a revamped curriculum and pedagogy, designed to cultivate 21st-century skills and promote self-learning. By focusing on critical thinking, creativity, and independence, we are preparing our students to thrive in an ever-changing world. This approach is not just about academics—it's about equipping our children to become lifelong learners and thoughtful contributors to society.

Dreams Realized: Our First Batch Steps Out

One of our most heartwarming achievements this year is seeing **our first batch of students** gain admission into aspirational colleges such as **Christ University, Mount Carmel College, Jyoti Nivas, REVA University, and more.** These young leaders are proving that dreams, when nurtured with the right support and opportunities, can indeed come true.

Empowering Through Leadership

This year brought a deeply fulfilling and humbling milestone. We saw some of our very own students step into leadership roles—as teachers, facilitators, and **even members of my advisory board.** It is an **incredible privilege to report to these young leaders** and learn from their insights and feedback. Their active involvement ensures that our initiatives remain grounded in the needs and aspirations of the very communities we serve.

As we step into our seventh year, it is a time to pause, reflect, and chart the course **for Shifting Orbits Foundation Phase 2.0.** While our DNA of **"Depth of Involvement"** remains sacred, we are determined to explore innovative ways to scale our impact. This **balance of depth and reach** will be at the heart of our vision as we strive to bring transformative change to even more communities.

As we celebrate these achievements, we remain humbled by the challenges ahead and inspired by the resilience of our children. Today, we support **over 500 families across three states,** and our vision for the future only grows bolder.

My favorite part of this journey is seeing the **"sapling"** we planted six years ago **blossom into a vibrant "forest."** Each success story, each smiling face, is a testament to the power of education and the collective efforts of a community united by a shared purpose.

Thank you, dear friends, for being our pillars of strength, our source of encouragement, and our partners in this transformative mission. With your continued support, we will reach new heights and open new doors of opportunity for every child we serve.

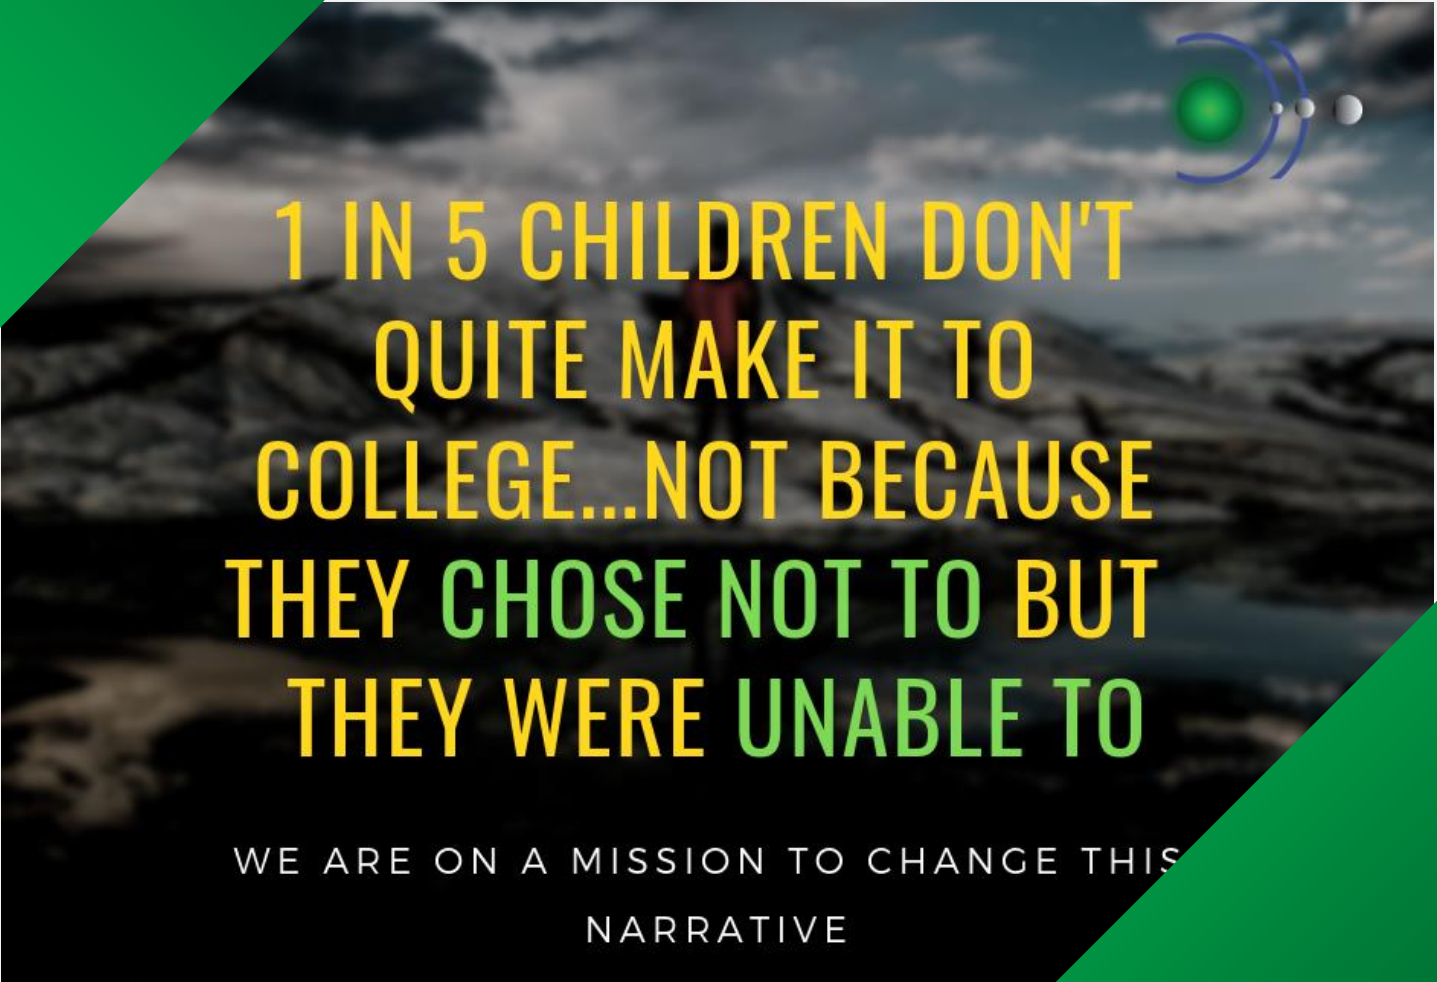

Here's to another year of learning, growth, and impact. Together, let us shift orbits and create a universe of possibilities.

Shekar Hariharan

With Gratitude and Regards,

Shekar Hariharan
Founder and President

**1 IN 5 CHILDREN DON'T
QUITE MAKE IT TO
COLLEGE...NOT BECAUSE
THEY CHOSE NOT TO BUT
THEY WERE UNABLE TO**

WE ARE ON A MISSION TO CHANGE THIS
NARRATIVE

Our Vision, Mission and Beliefs

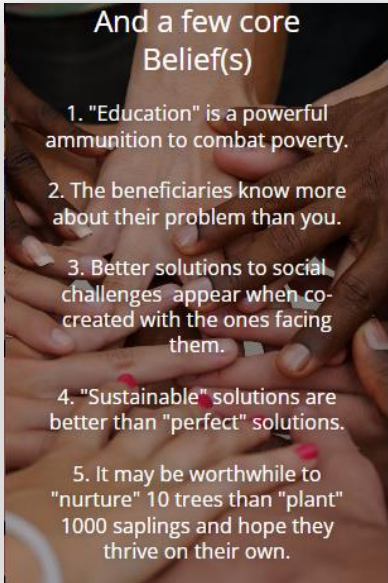

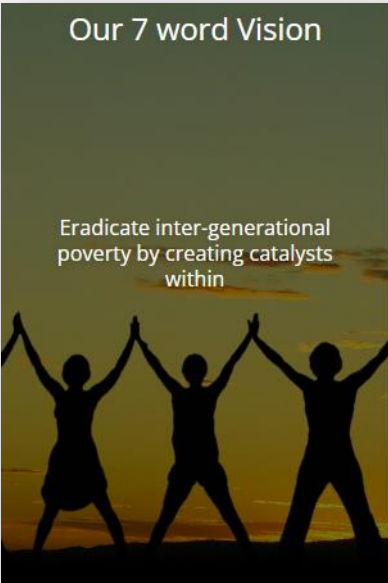

What are we trying to do?

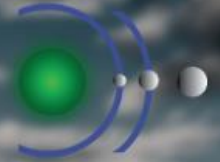

We are a simple nonprofit organization focused on increasing the number of **educated youths** emerging from **underserved communities**. To do so we run chains of **"After School Learning Centers"** setup within the communities providing access and exposure to everything that an affluent counterpart may get and **an unwavering commitment to be with the students in their educational journey till the end!**

Why are we doing this?

We strongly believe education is a life altering tool that can help "defeat" the vicious cycle of inter-generational poverty. However, we also learnt that continuing this educational journey is an overwhelming ordeal for economically challenged families! The "cracks" and the "constraints" surrounding their lives are just too many for them to continue keeping their children's "education" as their priority! That's the issue that bothers us deeply!

We also learnt that to address the scale of inequity - the defaults of the communities need to change. And to do that we need to flood the communities with more and more educated youths. **We are just triggering a BIGGER MOVEMENT of changes through each student we touch!**

HOW DO YOU CHOOSE BETWEEN BROKEN ROOF, AILING MOTHER AND TUITION FEE OF YOUR CHILD?

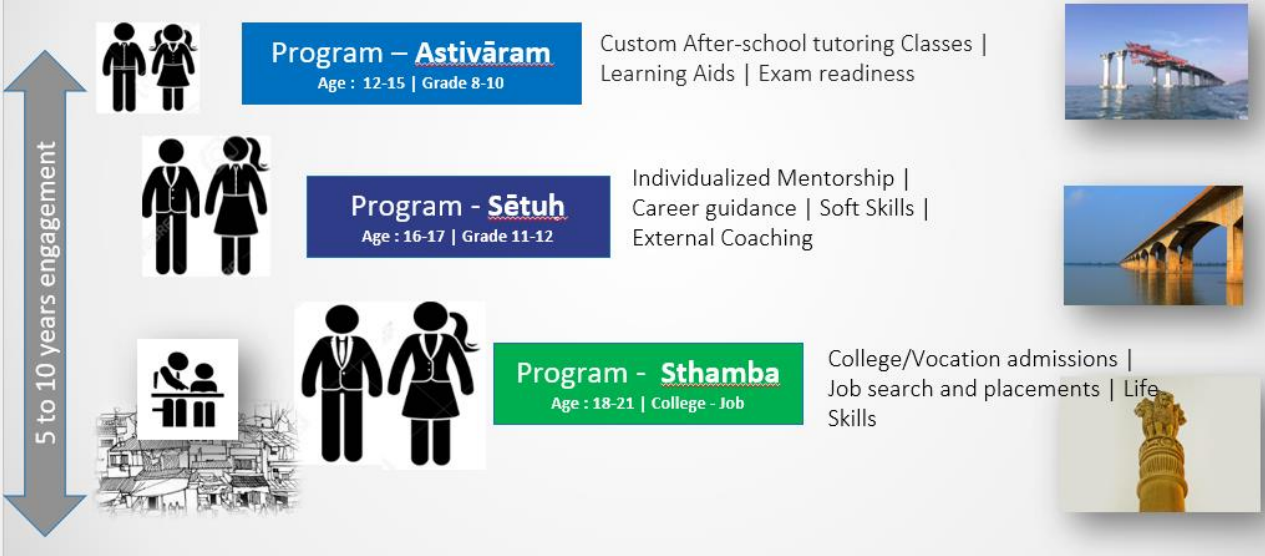

WE ARE ON A MISSION TO ELIMINATE SUCH
DIFFICULT CHOICES!

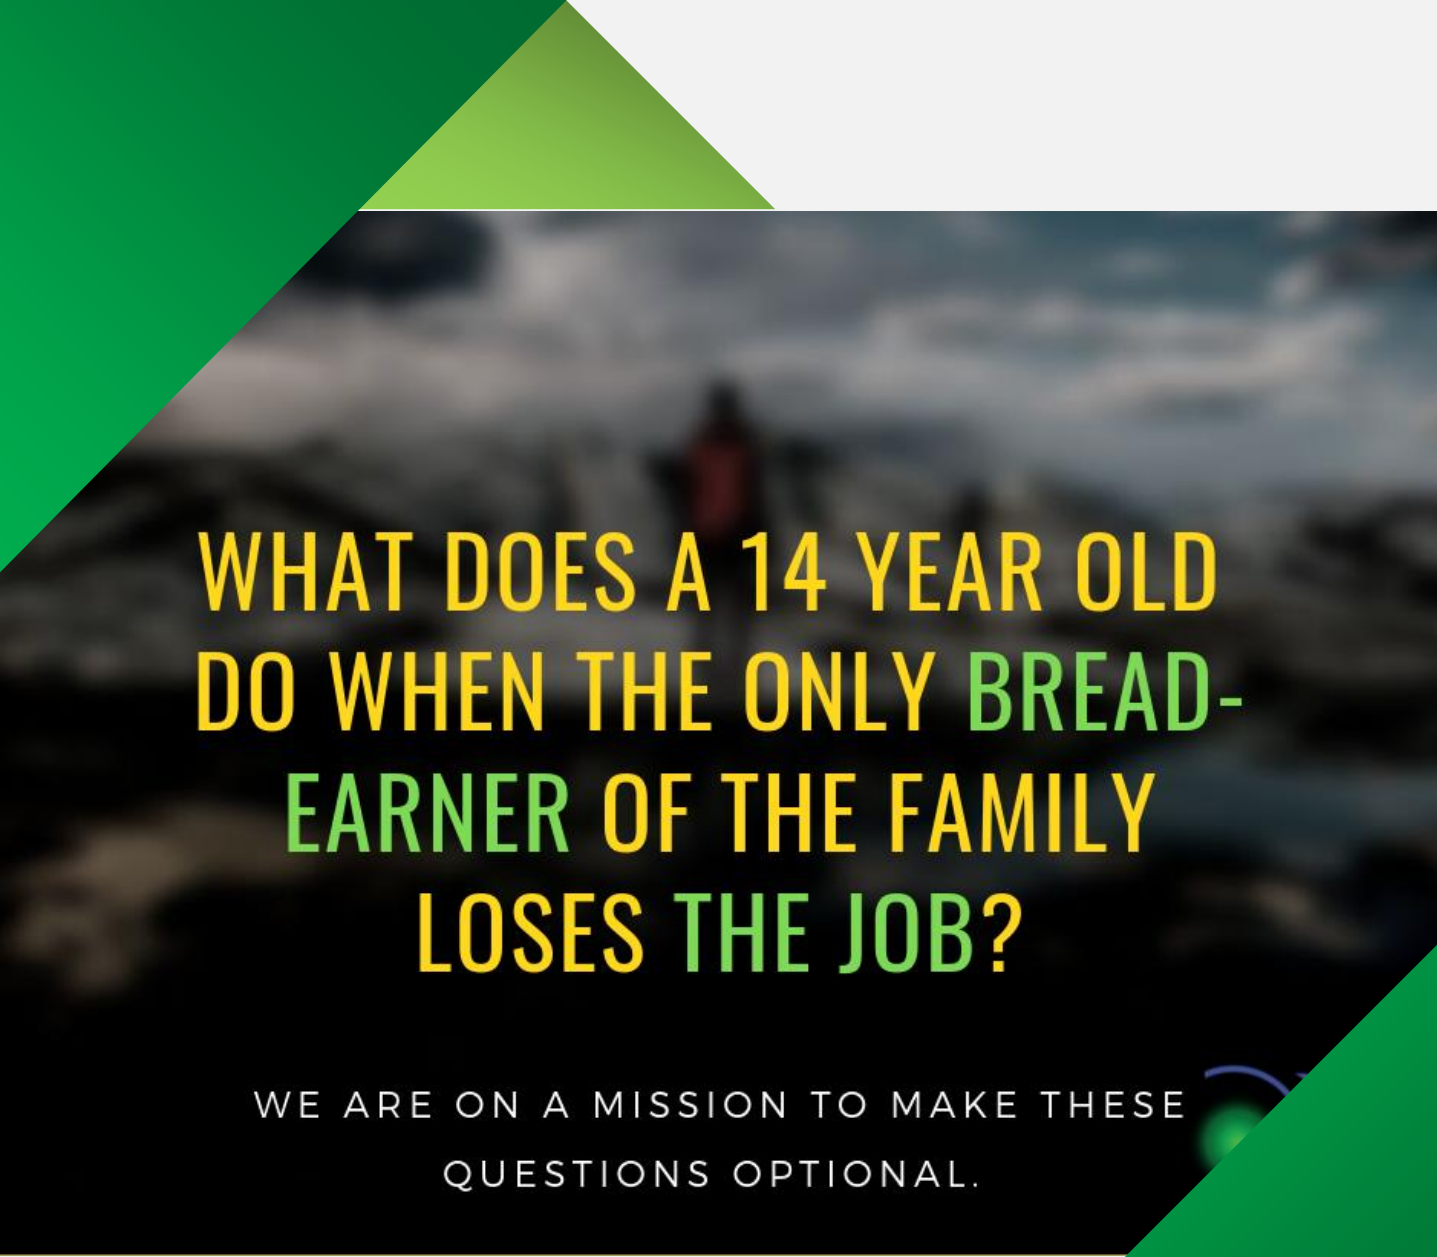

Our Vision, Mission and Beliefs

Our Approach

We start on the premise that we are ill equipped to understand any problem that we ourselves don't face, no matter how empathetic we may think we are. We also strongly believe in a **long-term deep involvement** where we be with the family for anywhere between 5 to 10 years. Once inducted we start a series of **Human Centered Design Iterations** with the family to solve EVERY hurdle that might impair the ability of their child to complete their education. We do this by either connecting them to existing solutions or funding them.

What does a journey with SOF look like for our future catalysts?

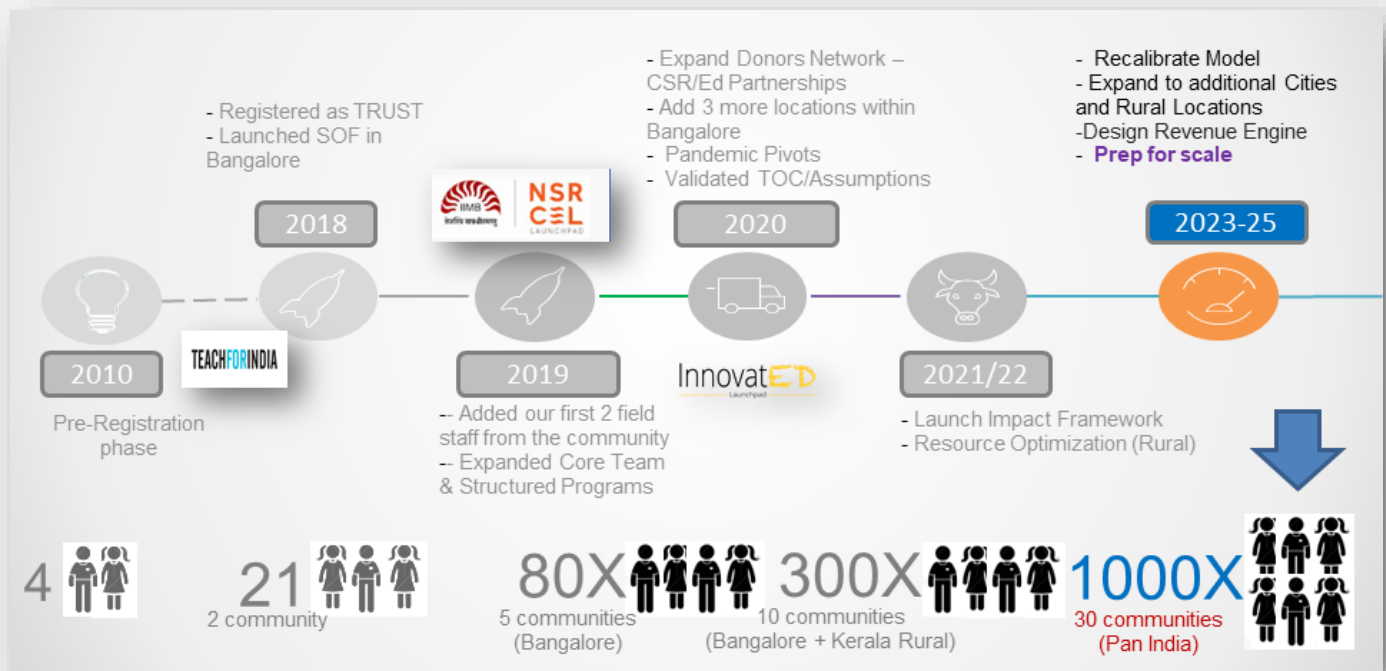

WHAT DOES A 14 YEAR OLD DO WHEN THE ONLY BREAD- EARNER OF THE FAMILY LOSES THE JOB?

WE ARE ON A MISSION TO MAKE THESE
QUESTIONS OPTIONAL.

Our Impact so far and road ahead

We strongly believe **that the only metrics** that matters to us is the "destination" that we dream for each of our cohorts and the community. Everything else is just fluffy numbers!

In fact, we call each of our cohorts NOT by the year of them joining us, but the year they will graduate and get their job! **Our and their job is not done till then!**

“Between Year 1 and 6 - We were able to increase our tribe from 21 families (2019) to 520+ families across 8 locations in Bangalore and Rural Kerala – hopefully triggering a new future for 10-15 communities in years to come”

Now in Year 7 and ahead – We enter our “SOF Phase 2.0”. We are ambitiously looking at expanding to 1000+ families / 30+ communities across PAN India with our recalibrated replication model BUT keeping our “essence” of “DEPTH” - sacred and intact!

As part of this strategy, our latest experiment is in **our 9th location at Coimbatore, Tamil Nadu** where we are looking at replicating our Bangalore model and learn how it unfolds.

Hopefully, each of our centers which get staffed with our own alumni/teachers from the community will soon start playing the role of "force-multipliers" and uplift the 250-200 households in each of the communities we touch!

Our interventions at this point includes providing **a safe learning space** with access to all kind of resources, daily/weekly Academic and Non Academic classes, offering full/partial finances of their college expenses through our scholarship programs, regular progress check with schools and parents and lastly internship/mentoring/counselling sessions with both parents and children on a regular basis.

We are also constantly in talks with partner organizations on adding more services like "financial umbrella" (Insurance, Saving Plans and access to low interest loans) , Career Awareness, Re-skilling, Health Insurance/Checkups and more that will help families stay on the path towards educating their child!

Our “visible” Outcomes

BATCH OF 2029 #1 Milestone

100% - Pass Percentage (20/20)
90% - Greater than 70% (18/20)
35% - Greater than 80% (7/20)

All our student batches are named after the year we wish to see them graduate. Our job is not done till then...

BATCH OF 2028 #1 Milestone

100% - Pass Percentage (25/25)
72% - Greater than 70% (18/25)
28% - Greater than 80% (7/25)

All our student batches are named after the year we wish to see them graduate. Our job is not done till then...

BATCH OF 2027 #1 Milestone

100% - Pass Percentage (24/24)
66% - Greater than 70% (16/24)
45% - Greater than 80% (11/24)

All our student batches are named after the year we wish to see them graduate. Our job is not done till then...

BATCH OF 2027 #2 Milestone

99% - Pass Percentage (21/22)
68% - Greater than 70% (15/22)
36% - Greater than 80% (8/22)

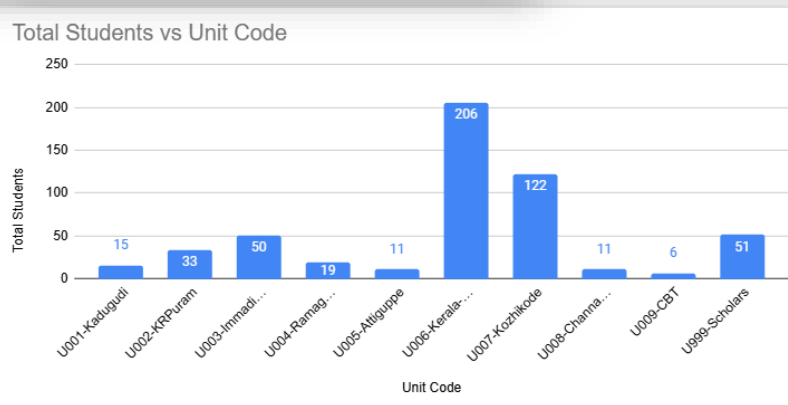

All our student batches are named after the year we wish to see them graduate. Our job is not done till then...

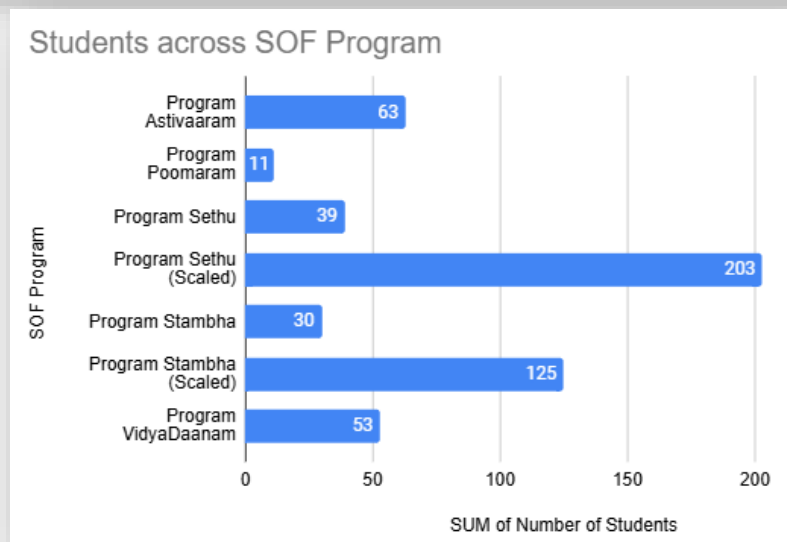

Our SOF Family of **400+** students and staffs determined to change **their communities** and break the cycles of poverty

Our Donors and Partners

THANKS!

Our heartfelt thanks to all our donors and partners, who placed such an immense trust on us and contributed to our cause and made it their own! We assure YOU the dents are being made in the universe and we will continue shifting the orbits and the destiny of many more as we go along.
