## **2022 Swim Lesson Group Description**

### [How to determine your child's group?](#)

Please read through ALL three levels below before you decide which group your child should be placed in. It is important to know that the instructor and the program director will move participants accordingly if needed. L2S participants will not move to the higher group until they have mastered ALL skills in their current group. Weekly evaluation sheets will be provided by the teacher which will determine if a student has passed and can move. All students must be Fully Potty Trained (per pool rules) to participate.

## **JUNIOR CATS Swim Program/EVENING SWIM TEAM**

Our **JUNIOR CATS** swim program has officially joined with the CATS SWIM TEAM! The newly created **Evening Swim Team** is designed for swimmers who have graduated from our *Learn 2 Swim* lessons program and are not able to participate in morning CATS swim team practices. Eligible swimmers will participate the full swim team season and will also qualify to swim at all swim meets. Space is limited! We have hired the CATS swim team coaches to run the **Evening Swim Team**. The **Evening Swim Team** is \$275 per for the entire swim season (8 weeks). Practices are 45 minutes and will run on Tuesday, Wednesday and Thursday evenings. **Evening Swim Team** members must be able to perform a few basic safety/swimming techniques in order to be eligible for this class. Participants must be able to swim independently in the water and have a high level of confidence while in the pool. It is vital for safety reasons that our swimmers can navigate their way through the pool without a coach standing next to them. Students must be able to swim multiple lengths of the pool during class while unassisted to participate in the group. The L2S director reserves the right to move participants out of this group if necessary.
