*"Jesus said ... 'I am the
Resurrection and the Life.
Whoever believes in me,
though he die, yet shall he
live, and everyone who lives
and believes in me
shall never die'"*

(John 11:25-26, ESV)

Every year Spring brings us a sense of freshness, new life and beauty. Also, a reason to celebrate for all Christians around the world; the resurrection of our Lord and Savior, Jesus Christ.

Holy Week reminds us that though it begins with deep concern, followed by sadness and torment, it ends with rejoicing: And the resurrection event that has changed the lives of millions who receive the power of God through Jesus Christ, his Son.

For Friendship International, our mission is to share the Good News of "eternal life through Jesus Christ our Lord" (Romans 5:21, ESV). We want people across the globe to hear of God's great love and saving power.

*May God bless you with
His joy this Easter season!*

Spring Is Just Around the Corner!

This means we never know what the weather might be like from day to day. One day snow, and the next, flowers blooming and the birds singing. But it is refreshing, to see the landscape come alive once again.

For Friendship International Romania, it means planning and preparing for our biggest ministry season of the year: Summer. We are readying the facilities for camps and conferences. March and April is the time to repair and continue work on the facilities that didn't get done last season. Camps are not scheduled until late June through the end of August, but it's time to pull everything out of hibernation. Here is a short report by Adi Muscan and Callum King on what needs to be done this year before camps begin.

Greetings Friends,

I have heard that stormy winter/spring weather is bringing changes to you in the states. Well, it's not much different here, but good news is on the way. We know that these storms are what bring those beautiful, sunny Spring days to us very soon.

Now we have some days with rain, bit of snow, and freezing during the night, but not so bad. We are looking forward for the time when sun and green grass will start to show up at the camp. There are many things to do before we are ready for camps this summer.

First, we will begin by taking down the old teepee frames and build new ones, just the wooden post and floors which are rotting. There will be a lot of digging for the posts, considering that we have 12 posts for each teepee and there are 6 of them. The second project is the cabins, 6 of them, which still need to be clad with wood on the outside and inside, to give a rustic accent, to reflect the western theme of the camp.

Another project, very crucial for us, is the water filtering station. After the earthquakes that took place last year, the water changed its composition. Most likely it was caused by another spring, close to the surface compromising our vein of water (located at 240 feet below). This is the water source for our whole camp and we can't function without it. So we will have to find out how to resolve this problem before camps begin. These are the main projects this year, plus the maintenance for the all the cabins, green spaces and grooming the trees and grass.

We will not be able to complete these projects by ourselves, so we'll need others, individuals and teams to come and help. We need friends who are ready to respond and come for one or two weeks in May and June to help.

This is a very important prayer request. Can you give of your time? Or would your church be interested to come and help? If so, please contact our office in Colorado Springs. Simply send an email to - frint@aol.com - for more information. May you be blessed for your willingness to help with this important ministry. To Him be the glory and praise!

Be blessed and keep in touch.

we might have eternal life with Him.*

CAYO SCHOOL OF MUSIC & ARTS

Please continue to pray with us, especially for a good location for the school. We should know soon about a house that is vacant and could be used at least as a temporary location for us to start the school. It would be only on a short term basis.

We are so grateful for the donations that have started coming in since our last newsletter. Praise the Lord for what has come in! We praise Him also for the work he still wants to do in the hearts of our friends.

Here again is the breakdown of what we need to equip the school.
