

# What It's Like to Work with Travel by DAE

At Travel by DAE, I specialize in crafting luxurious, stress-free travel experiences tailored to your unique desires. From the initial inquiry to your return home, I'm dedicated to ensuring every detail is handled with precision and care.

## Step 1: Initial Quote Request

Begin your journey by submitting a Trip Request Form. This allows me to understand your travel preferences and any special requirements. Based on this information, I'll assess how I can best assist you in planning your dream vacation.

## Step 2: Fee Payment

To initiate the planning process, a Trip Planning Fee is required. This fee covers the time and expertise involved in researching and curating your personalized travel options. The amount varies depending on the number of travelers and destinations involved. Upon payment, you'll receive up to three customized quotes.

## Step 3: First Quote & Revisions

You'll receive an initial travel proposal tailored to your preferences. Should you need adjustments, up to two revisions are included to ensure the itinerary aligns perfectly with your vision.

## Step 4: Booking Confirmation

Once the itinerary meets your satisfaction, I'll proceed to secure all bookings on your behalf. This includes accommodations, transportation, and any special experiences you've selected.

## Step 5: Pre-Trip Preparation

As your departure approaches, you'll receive a comprehensive pre-trip package, including:

- All necessary travel documents
- A curated list of activities and excursions
- A complimentary destination guide to enhance your travel experience

My goal is to ensure you're fully prepared and excited for your upcoming adventure.
