Keep all the equestrian easements opened to all landowners whether hiking or riding a horse.

Not Applicable

Increased education about environment and fragility compared to Indiana, PA, VA, and all the other places people are coming from to encourage RESPECT FOR THE LAND, instead of the destruction we see.

when we talk about amending cc&r(s) ... i trust that no landowner will ever be permitted to use their property for rent or airbnb, for instance

Support landowner lot mitigation as doing only the commons areas still leaves TRLA at risk for a catastrophic fire.

Restore and stock lake

Did not put points in other

Reflective signs are on Timberlake Rd. County. West side/Sagebrush side road are landowners. Volunteers are in works of refurbishing post 2sided signs.relective. sand varnish.to keep historyalive

Mr. Wills has shop with tools to work the new signs. had delayHis wife passed now we are able this summer to resumesigns. Killareney complaint not working no explaintions! She can volunteer to help

Expanded access to the ranch house facilities in the winter time. Lower fees also.

provide more services for people that temporally use, camp on their lots . look into a rv dump station. better cell phone coverage. addresses for lots without structures.

Pet ordinance to include excessive barking and rules against letting dogs roam the community with GPS collars. Occasionally dogs will get out and explore, but some people let them roam with GPS.

Pet ordinance for noise(barking) and keeping them on the owners property. GPS collars are not a sub

Limit to dog ownership (in CC & Rs?) - no packs of dogs running off-leash.

Support landowner lot mitigation in addition to common areas mitigation, doing only common areas will leave a large area of TRLA with a high risk for catastrophic fire.

Restore and stock lake

Dredge Lake and start stocking the lake. or just stock it!

Open all legally recorded ingress/egress easements for landowners RIGHTS to access Trails/Commons & prevent a board member/s to place restrictions/No Trail access signage! To eliminate Landowners.

Timberlake started with expensive wood signs. all roads. Had board presentation yrs to start repairs/signs volunteers like past. No safety issue .Mary Ann went toCounty/tax payer\$ Killarney complaint

Having a dark night sky is a high priority for me. Policies that minimize light pollution are essential for protecting that rare feature of the community.

Classes or trainings on self-reliance activities, to include but not limited to: Growing and preserving food, saving water, green energy systems (small or large), etc.
