

Cooking with Philabundance

What is Philabundance?

Philabundance is a food bank that ensure children, families, and senior citizens in our communities receive nutritious meals. They accept donations that helps feed more than 135,000 hungry individuals across our 9-county service area in Southeastern Pennsylvania and Southern New Jersey every week.

Fundraising Event

We will be hosting cooking courses for the community. Our mission for this fundraiser is to raise awareness of the severity of food insecurities around Pennsylvania and Southern New Jersey. We also hope to strengthen our donor relations to continue supporting the community.

Why Cooking Courses?

We will be hosting cooking courses for children, families, and senior citizens to show how they can take the food being donated by Philabundance and turn it into tasty, nutritious meals. We will also teach them how to properly store the food to ensure long-lasting fresh food that can be enjoyed over extended periods
