#### Notes:

In the case of an odd number of divers on a boat wishing to compete three divers could nominate to dive together.

*Example: 3 divers on a boat; two in the water diving as a pair and one taking their turn as boatie.*

In the case of three divers nominating the various pairs combinations were recorded as:

*Diver 1 and Diver 2*

*Diver 1 and Diver 3*

*Diver 2 and Diver 3*

When working out the Champion Club only the top scoring pair was used (other combinations have been cancelled out).

***Thanks to all those who attended and helped make this a great event –  
hope to see you all next year!***
