Thank you for an extremely professional service and for caring and being very accommodating. My wife's wishes were for a direct to cremation service however I wanted a close family and friends service, they allowed us to use their in-house Eden chapel (unique to their premises) to do this and arranged for a Celebrant to deliver a beautiful Order of Service. This was perfect for our needs. For this reason, I would highly recommend their services above any other Funeral provider in the Southport area.

Both Len and Ed were very supportive and made every detail run smoothly from initial contact to well beyond the service, they provided comfort and helped us enormously, especially my Daughter, through this very difficult time which would otherwise have been very painful and distressing for our Family.

Thank you Ed and your team for the superb service you provided for my late fathers cremation, What could have been a very difficult situation regarding the religious aspects of my fathers funeral with so many varying beliefs, was turned into a beautiful relaxing service performed by Neil Spencer (celebrant), in your chapel of rest before the cremation. Your help and service was so kind and thoughtful before and after the funeral it made all the family very grateful and I cant recommend you highly enough.

Having used a number of different local undertakers over recent years, I have to say that Ed and Len delivered an outstanding service that was sympathetic, supportive and appropriate. Much appreciated.

Southport Funeral Care offered fantastic support to a close friend of mine who was bereaved suddenly and unexpectedly last summer. She wanted a unique, mixed faith ceremony, and Len and Ed were amazing in their efforts to ensure that the day ran smoothly. Whatever was suggested, they made it happen. Their kindness at the most difficult of times - even well after the funeral - will always be appreciated.

These people did a wonderful job with my father who was buried yesterday. They treat him with such dignity and respect. They were helpful and answered any and all questions we had and laid to rest any concerns. I would recommend them 100%. Thank you for looking after my dad, David.Smith, so brilliantly.

I highly recommend Southport Funeral Care. At was has been to date, the most difficult time in my life, Ed and his team did the most amazing job taking care of my dad. The respect, care, attention to detail was second to none. So warm and welcoming. I've already decided that it is here that I would like the rest of my family, including myself, to be taken care of with the dignity and respect that was given to my wonderful Dad. Thank you all so much from the bottom of my heart ❤️

Thank you so much for the excellent service we received from Southport Funeral Care from the moment my father passed away to the day of the funeral. Can't express enough how pleased we were with all the professional and personal touches that came with the service provided. Can't recommend them highly enough.

If your looking at this in the middle of the night like we were, or any other time then definitely ring these, they couldn't have been more perfect, professional, compassionate and caring. Personal touch from beginning to end. You were amazing. Thank you so so much. You couldn't have looked after us or my mother in law any better. Thank you xxxx
