Special instructions

The Nippissing Miniature Aircraft Club (NIPMAC) is requesting approval to use the West Ferris SS (WFSS) gymnasium on a weekly basis (Friday evenings). Our Club flies small lightweight (180 grams, or less) radio controlled electric model aircraft. We are a not for profit organization that promotes aviation in the local and surrounding communities and teach students of all ages and adults to build and fly radio controlled models. In the past five years, we were granted the use of the WFSS gymnasium at no cost; we are hopeful that a similar consideration and arrangement might prevail for the 2024/25 school year. Although we maintain our own National insurance through the Model Aeronautics Association of Canada (MAAC), if our request is approved, we will purchase additional liability insurance through the approved school insurer, as required.

Throughout the year, if at any time our activities conflict with higher priority events, we will readily cancel our booking for that particular period; we are able to comply with very short notice cancellations and will maintain the utmost flexibility.

With the exception of access to the gymnasium, our activities will not require any school facilities, or equipment.

Finally, in previous years, NIPMAC worked with WFSS staff, providing assistance and demonstrations in the field of aviation and robotics and we would again welcome the opportunity to provide advice and information, or lectures on all things aviation related, whether model, or full scale aviation.

Your favorable consideration of our request would be greatly appreciated.
