

Altitude Limit Waiver

This document is to certify MAAC has **approved** a request for RPAS operation above 700' Above Ground Level at:

Name: Nipissing Miniature Aircraft Club (NIPMAC) - Cranberry Field

MAAC/Club ID # 85

Zone: F

Flying site location: 46° 14' 6.41"N, 79° 23' 52.38"W

Mandatory Conditions:

In addition to following all MAAC, Club and local rules:

All RPAS **must remain below 1700' Above Ground Level** within a radius of 0.5 nautical miles of the above flying site coordinates. Note that the North Bay (CYYB) Class E Control Zone (Surface to 5000') is located approximately 0.75nm (1.4 km) north of the above coordinates.

Recommendations:

No flying be permitted above 700' AGL unless a dedicated person has been assigned the sole responsibility of observing the surrounding airspace and advising of any approaching full-scale aircraft.

Allowed time and dates: No restrictions

Expiry date of authorization: Permission expires at next Club membership renewal.

President, MAAC

Date: Nov 7 '22
