## **President's Message**

Recent wild weather caused the loss of one of our shelters, but thanks to Ed Imfeld (and the work of some helpers), we're close to getting a new replacement. We should be able to have it covered for the Collective Chaos event at the end of the month.

The solar system is finished, and just awaiting a final inspection. Thanks to Ed Imfeld and Peter Van Schaayk for their work on this project.

As a club, these are two great examples of how much can be accomplished with some teamwork and dedication.

I'll see everyone at our next meeting at the field on June 26th at 6:30pm.

Gord
