

Beginning Wednesday January 7 we will offer a Pickleball Ladder for morning play from 7:30 - 10am, continuing each Wednesday. Ladder play gives players the opportunity to play games with players at their respective skill level based on their performance from week to week, moving up or down a court based on the previous week's point totals. It is a bit more competitive for those looking for long points and close scoring games. January will be a 4 week pilot, for all of us to learn how to use the SWISH app for a ladder, gauge interest and court needs.

- Sign up for the Ladder in the SWISH app
- Open to players rated 2.5 - 4.0+
- Players will be seeded by club rating level for the first round of matches. Thereafter, court assignments will be based on the previous week's performance, with the top scorer moving up a court and the lowest scorer moving down.
- Players will be asked to commit to 4 weeks of Ladder play in January. We will evaluate interest level, number of players and format during the month of January to determine adjustments for the February Ladder.

If you sign up for the January Ladder (4 consecutive Wednesdays, Jan. 7, 14, 21, 28) and are unable to attend please notify the host in the SWISH app as soon as possible. If you return the following week and a spot is available, you will move down one court. **To notify the host, open the game and click on Game Feed where you can type a message to the host.**

- If you are a NO SHOW without notification your spot will be given to a player on the waitlist for the remainder of the month.
- 4 players will be assigned to each court. The players on each court will play two games with each player as a partner, for a total of 6 games in a round robin format.
- Players will bring their phones and record points for each game in the SWISH app. SWISH will generate partners for each game. 6 total games played per Wednesday.
- To be clear, you will play 6 games with the same 3 players on the same court. The player with the highest point total will move up a court the following week, the player with the lowest point total will move down a court the following week.
- Warm up begins at 7:30am.
- Games are 11 points, win by 2.
- Sign up limited to 36 players. Waitlist will be generated through the SWISH app.
- First day of play, players will be seeded by current club ratings. 2.5 players assigned to courts together, 3.0 together, etc. As you play each week your point total will determine whether you move up or down a court.

Club members who wish to participate should sign up for the SWISH App and join their skill level group. The invitation to play in the Ladder will be sent through the SWISH App.

Members received an email with the link to join their respective group (gender and skill level). If you haven't joined your group and need the link, please let us know and we will resend the email.
