This Second Amended and Restated Declaration Establishing Covenants, Restrictions and Servitudes (this “Declaration”) is executed and effective on the 28th day of August, 2019, by:

ENGQUIST-ROUZAN RESIDENTIAL DEVELOPMENT, LLC (Federal Taxpayer Identification No. xx-xxx9194), a Louisiana limited liability company, whose address for the purposes hereof is 7500 Pecue Lane, Baton Rouge, Louisiana 70809 (“**Declarant**”); and

ENGQUIST-ROUZAN COMMERCIAL DEVELOPMENT, LLC (Federal Taxpayer Identification No. XX-XXX7455), a Louisiana limited liability company, whose address for the purposes hereof is 7500 Pecue Lane, Baton Rouge, Louisiana 70809 (“**Intervenor**”) as intervenor and owner of Parcel D and Tract K, as shown on the map attached hereto as **Exhibit A-2 (“Intervenor’s Tracts”)**.

Statement of Purpose:

a. Declarant owns certain lots or parcels of land as more particularly described on a map entitled “Final Residential Plat of Rouzan” (“**Declarant’s Property**”), a copy of which is attached hereto as **Exhibit A-1 (“Final Residential Plat of Rouzan”)**.

b. Declarant intends to develop the residential component of a Traditional Neighborhood Development (a “**TND**”) on all or a portion of the Declarants’ Property to be known as “**Rouzan**”. The residential component of Rouzan shall consist of Live/Work Units, Condominiums, Single Family Attached Houses, Single Family Detached Houses, commercial buildings, civic buildings, a clubhouse and green space.

c. It is Declarant’s intent that land development within the TND be planned to encourage and provide residential (both single family and multi-family), retail and commercial uses and properties.

d. The Declarant’s intent and expectation is that the TND developed on any portion of the Declarant’s Property described above will share the following conventions:

(1) Multiple neighborhoods will be developed within the TND according to this Declaration sharing common characteristics but creating unique environments.

(2) Each neighborhood within the TND will be physically understood and limited in scale.

(3) Residences, retail shops, workplaces and civic buildings will be located in the neighborhoods all in close proximity to one another.

(4) A hierarchy of streets will serve the needs of pedestrians, bicycles and automobile traffic.

(5) Squares, parks and green space will provide places for organized social activity as well as informal recreation.

(6) Civic buildings and squares will reinforce the elements of the neighborhood, adding to the community identity and providing places of purposeful assembly for social, cultural and religious activities.

e. The Declarant's intent and expectation is that the TND developed on any portion of the Declarant's Property will promote the following objectives:

(1) Bring within walking distance most of the activities of daily living, including dwelling, shopping and working;

(2) Reduce and/or minimize the number and length of automotive trips, traffic congestion and road construction;

(3) Make public transit a viable alternative to the automobile through organization of appropriate building densities;

(4) Provide a means for residents to come to know each other and to watch over their collective security by providing defined public spaces such as streets and squares;

(5) Provide a full range of housing types and work places, integrating age and economic class and forming the bonds of an authentic community;

(6) Provide suitable civic buildings, encouraging democratic initiatives and balancing the evolution of the community.

f. Declarant establishes this Declaration for this new community for the following purposes:

(1) To promote enjoyment of the natural resources of the Declarant's Property and to protect and enhance its beauty;

(2) To encourage a harmonious architecture;

(3) To plan for the possibility of both commercial and residential uses but without the customary divisions between them that require dependence on the automobile;

(4) To allow for eventual self-governing of the community by its owners; and

(5) To provide a guide for development that will preserve certain values while allowing change when appropriate.

g. Intervenor owns the Intervenor's Tracts and hereby subjects the Intervenor's Tracts to this Declaration.

Declaration:

This Declaration is intended to **amend and restate in its entirety** that certain “Amended and Restated Residential Declaration of Rouzan” recorded in the East Baton Rouge Clerk and Recorder of Mortgages and Conveyances on June 15, 2011, at Original 925, Bundle 12329. In furtherance of the aforesaid recitals, Declarant declares that, subject to the provisions of this Declaration and the Master Declaration, it does by these presents hereby create and establish certain servitudes, building restrictions, restrictive covenants, and charges upon the property known as Rouzan, and obligations of ownership, for its benefit and the benefit of its vendees, successors and assigns, which servitudes, building restrictions, restrictive covenants, charges upon, and obligations of ownership shall be covenants running with the land and which shall apply against and affect all of the property defined below as Rouzan:

ARTICLE 1 PROPERTY SUBJECT TO THIS DECLARATION

This article describes the immovable property initially comprising the residential component of Rouzan, but also provides the method by which additional property may be added to the residential component Rouzan.

Section 1.1 Initial Property. The immovable property which shall be held, transferred, conveyed and occupied subject to this Declaration consists initially of that platted property described on the Final Residential Plat of Rouzan consisting of the Residential Tract as labeled and designated thereon, as may be further subdivided in accordance with all applicable laws, together with the Streets, Alleys, rights of passage, and servitudes reflected on the Final Residential Plat of Rouzan.

Section 1.2 Annexation of Additional Property.

a. **By Declarant.** Declarant shall have the right, but not the obligation, for a period of thirty (30) years from the Effective Date, from time to time in its sole discretion, to declare that any additional portions of the Declarant’s Property, or any Additional Annexable Property, is annexed to, and included and otherwise incorporated within Rouzan for the development of a Subsequent Phase or otherwise. Declarant shall also have the right, but not the obligation, for a period of thirty (30) years from the Effective Date, from time to time in its sole discretion, to declare that property which is not part of the Declarant’s Property and is not Additional Annexable Property, but which Declarant believes to have a reasonable relationship with Rouzan, be annexed to, and included and otherwise incorporated within, Rouzan for such purpose. Any immovable property which is not expressly shown on the Final Residential Plat of Rouzan shall not be subject to this Declaration until such time as such property is incorporated pursuant to the terms of a Supplemental Declaration.

b. **By Association Boards.** After termination of the Class B Control Period, additional immovable property may be annexed to, and included and otherwise incorporated within, Rouzan by a majority vote of both Association Boards.

c. **Supplemental Declaration.** A Supplemental Declaration annexing to, and including and otherwise incorporating within, Rouzan, additional immovable property as authorized under Section 1.2, Subparts (a) and (b), shall become effective upon being recorded in the conveyance records of the Clerk of Court. The restrictive covenants and conditions contained in this Declaration shall not extend to any such Subsequent Phase except to the extent expressly declared by Declarant or the Association Board, as applicable, in a Supplemental Declaration. The Supplemental Declaration may modify or add to the provisions of this Declaration as required to reflect the different character of the Additional Annexable Property. Additionally, it shall be permissible for Declarant, or its successors, or the Association Board, as applicable, to declare in a juridical act that any Additional Annexable Property is subject to all restrictive covenants and conditions in this Declaration subject to any modifications thereof or additions or deletions thereto that are applicable only to the specific Additional Annexable Property in question. It is further expressly declared that any Rules and Regulations may differ in their application to all or any portion of such Additional Annexable Property, and the requirements of the Guiding Principles applicable to such Additional Annexable Property may be different from those requirements of the Guiding Principles applicable to the property being developed under this Declaration. A Supplemental Declaration may, with approval of the Declarant or the Association Board, as applicable, (1) define certain Neighborhoods within both newly annexed and previously existing portions of Rouzan, (2) designate certain Commons, whether existing or newly created, as "Neighborhood Commons" for the use of certain Neighborhoods, (3) and create and/or modify an Assessment scheme by which certain Neighborhoods are assessed separately for Commons located within that Neighborhood. However, no such Supplemental Declaration shall deny use of existing Commons to those Owners who had such right prior to the recording of the Supplemental Declaration.

Section 1.3 Platted Lots. No Lots may be subdivided or separated into smaller lots except by Declarant or with the specific consent of the Design Review Board. No portion of any Lot may be separately conveyed (apart from the whole Lot), except by Declarant or with the specific consent of the Design Review Board. This Section 1.3, however, shall not prohibit the recording of corrective acts or similar corrective instruments. Declarant shall have the right to record a Supplemental Declaration to modify approved subdivision plats of Rouzan for the purpose of adjusting Lot boundary lines with consent only of those Owners whose Lot boundaries are to be changed by such Supplemental Declaration.

Section 1.4 Withdrawal of Property. Declarant shall have the right to withdraw any portion of Declarant's Property or Additional Annexable Property owned by Declarant from Rouzan and this Declaration without the consent of any other Person, provided, access to the remaining portions of Rouzan is preserved. If the property sought to be withdrawn is leased to a Tenant, Tenant's consent shall be required for such withdrawal. The withdrawal of all or any portion of Declarant's Property or Additional Annexable Property from this Declaration shall be affected by the Declarant recording a written instrument setting forth the legal description of the property being withdrawn. If the Declarant does not own the property to be withdrawn, then the written instrument must be signed by the owners of fee title to the property to be withdrawn. Upon the withdrawal of any property from Rouzan pursuant to this Section, such property shall no longer be subject to any of the covenants, conditions and restrictions set forth herein.

Section 1.5 Disclaimer of Representations and Implied Covenants. Declarant makes no representations or warranties that: (a) Rouzan will be completed in accordance with the Guiding Principles as they exist on the date this Declaration is recorded; (b) any property subject to this Declaration will be committed to or developed for a particular use or for any use; (c) any property not now subject to this Declaration will be subjected to the provisions hereof; (d) any property subject to this Declaration will not be withdrawn from this Declaration; or (e) the use of any of Declarant's Property subject to this Declaration will not be changed in the future. Nothing contained in this Declaration and nothing which may be represented to an Owner or Tenant shall be deemed to create any covenants or restrictions, implied or express, with respect to the use of any property subject to this Declaration.

ARTICLE 2 COMMONS

Rouzan is designed so that each Lot is within walking distance of a green space, park or square. These areas can be used by Owners and residents for individual and family recreation, and will also be used by the community as a whole for formal events and gatherings. Certain property within Rouzan, called the "Commons," is to be owned and maintained by an Association for the benefit of all Owners in furtherance of that purpose. As Rouzan is completed, additional property may be added to the Commons. The Commons shall be owned by the Residential Association for the benefit of all Owners unless the Commons have been designated by the Rouzan Council as either Commercial Commons or Residential Commons, in which case such Commons shall be owned by the Residential Association or the Commercial Association, as applicable, for the benefit of such Association's Members. Matters related to the Commons shall be governed by ARTICLE 3 of the Master Declaration.

ARTICLE 3 SERVITUDES

Every Owner has the benefit of certain servitudes, and the responsibility of providing and maintaining others. All Residential Lots in Rouzan are subject to the provisions of ARTICLE 5 of the Master Declaration related to servitudes. These servitudes shall be predial servitudes appurtenant to and shall pass with title to every Lot.

ARTICLE 4 TOWN ARCHITECT AND DESIGN REVIEW BOARD

The Town Architect and Design Review Board shall be selected and governed pursuant to ARTICLE 7 of the Master Declaration.

ARTICLE 5 DESIGN REVIEW PROCEDURES

Section 5.1 Types of Projects Requiring Design Review and Approval. Any Owner planning to undertake any of the following types of projects on a Lot, unless such project qualifies as a permitted modification under Section 5.3 below or qualifies for an Abbreviated Review Process under Section 5.2, must submit an Application to the Design Review Board, and obtain its approval, in advance of commencing Work on such project within Rouzan (a “**Major Improvement**”). The listing of a particular example of a project under a category does not imply that such Work is permitted, nor does the absence of a particular example of a project imply that such Work is not subject to review. To the extent that a particular project is otherwise prohibited elsewhere in this Declaration, such prohibition shall control.

a. **New Construction.** Construction of any new, freestanding Building or other structure on a Lot, whether as a main, secondary, accessory or landscape structure, including but not limited to Fences and Garden Walls.

b. **Alterations, Additions or Rehabilitation.** Any new construction, alteration, addition or rehabilitation to an existing Building or structure on a Lot that alters the original massing, exterior finishes, window placement, roof design and/or other significant design elements, other than with duplicates of the original materials, placement, configuration and colors. Such Improvements include, without limitation, new paint colors (except as provided in Section 5.3b)), the installation of antennae, satellite dishes or receivers, solar panels or other devices.

c. **Major Site/Landscape Improvements.** Any major exterior Improvements on a Lot, including but not limited to, grading, swimming pools, fountains, driveways, fencing, walls, paving, drainage, outdoor ornamentation, removal or substantial pruning of trees or plants, or any other alteration to an existing landscape that do not constitute a Minor Improvement as defined in Section 5.2.

Section 5.2 Minor Improvements/Abbreviated Review. Minor Improvements, including but not limited to, modifications to flower beds and gardens, which are being completed independent of any other Improvements requiring full design review and approval under Section 5.1, are not subject to the Design Review Procedure outlined in Section 5.5 through Section 5.8 (“**Minor Improvements**”). Minor Improvements are subject to an abbreviated review process (“**Abbreviated Review Process**”) attached hereto as **Exhibit G**. The Design Review Board may charge a fee for its review of a Minor Improvement. The Design Review Board shall be responsible for implementing the Abbreviated Review Process. Specific submission requirements and fees will vary based on the nature of the Improvement. Owners and/or their Contractors should contact the Design Review Board to (1) verify whether an Improvement qualifies for the Abbreviated Review Process, and (2) obtain a fee estimate and submission requirements prior to commencing work on a Minor Improvement. The Design Review Board shall have discretion to determine whether a particular project qualifies as a Minor Improvement or requires a full Application, such determination being final and binding, and not subject to review.

Section 5.3 Permitted Modifications without Design Review Board Approval. The following modifications and alterations on a Lot may be completed by an Owner without the prior approval of the Design Review Board.

a. **Interiors.** An Owner may remodel, repaint or redecorate the interior of the Buildings and structures on his or her Lot. However, modifications to the interior of porches, patios and similar portions of a Building or structure visible from outside of the Lot shall be subject to approval.

b. **Exterior Color.** Repainting the exterior of a structure with an approved color does not require approval. Approved colors include those specifically set forth in this Declaration (including its appendices), the Guiding Principles or in an approved color list maintained by the Design Review Board.

c. **Rebuilding or Repair.** Rebuilding or repairs completed in accordance with the originally approved design plan do not require approval.

Section 5.4 Approved Contractors; Approved Architects and Design Professionals.

a. **Contractors.** No Owner shall self-contract the construction of any Improvements on any Lot. The Contractor selected by an Owner to construct Improvements on a Lot must be approved by the Design Review Board, in its sole discretion. Any approval by the Design Review Board of a Contractor is not meant as an endorsement of that Contractor's ability and shall not be the basis for any liability on the part of the Design Review Board.

b. **Architects and Design Professionals.** The architect or other design professional selected by an Owner to design any Improvements to be constructed on a Lot must be approved by the Design Review Board, in its sole discretion. Approval by the Design Review Board of an architect or other design professional is not meant as an endorsement of that architect's or design professional's ability and shall not be the basis for asserting any liability on the part of the Design Review Board.

c. **Access to Approved Lists.** The list of approved Contractors and the list of approved architects and other design professionals shall be maintained by the Residential Association in the registered office of the Residential Association and those lists shall be available for review by Owners during regular business hours of the Residential Association.

d. **Approval Process.** Should an Owner desire to have a Building or other Improvements constructed on a Lot by a Contractor who is not approved by the Design Review Board, or to have a Building or other Improvements to a Lot designed by an architect or other design professional who is not approved by the Design Review Board, the Owner shall submit to the Design Review Board an Application for approval which shall include such information as may be requested by the Design Review Board. The requested information may include, without limitation thereto, the following: (a) name and address; (b) a listing of other Buildings or similar types of Improvements constructed or designed, as the case may be, by the proposed Contractor or design professional, together with photographs of such Buildings or similar types of Improvements; (c) a listing of references who may be called to discuss the quality, effectiveness,

thoroughness and other aspects of services to be provided by the proposed Contractor or design professional; (d) evidence of insurance; (e) evidence of ability to obtain payment and performance bonds, or other evidence of net worth and liquidity; (f) other evidence of ability, as to a Contractor, to build a Building or other Improvements in a timely manner, in accordance with plans and specification; and (g) other evidence, as to a design professional, of ability to design and provide specifications for a Building or other Improvements which would be consistent with the requirements of this Declaration, the Master Declaration, the Guiding Principles and the Landscape Regulations.

Section 5.5 Review Procedure.

a. **Plan Review and Approval Procedure for Residential Lots.** Each Owner shall receive a Design Review Procedure Handbook containing the documentation for construction of Improvements applicable to the Owner's Lot. The review and approval procedure involves various timeframes and fees. Each Owner should review the procedure and be familiar with the appropriate procedure. The initial Design Review Procedure for Major Improvements on Lots is attached as **Exhibit F** hereto. The Declarant reserves the right to modify the Design Review Procedures at any time without filing an amendment to this Declaration by making the then-current procedure available to each potential Owner or Owner of a Lot before construction commences on the Lot.

b. **Basis for Decision.** Applications shall be approved or denied based upon compliance with the Design Review Procedures outlined in Subsection (a) above and the Guiding Principles. The Guiding Principles and the Landscape Regulations each provide many, but not all, factors to be considered by the Design Review Board in reviewing Applications. Each Owner agrees and acknowledges that the Guiding Principles (including the Landscape Regulations) are not a complete listing and that in reviewing Applications the Design Review Board may consider such other factors as the Design Review Board may in its sole discretion deem appropriate. In addition to compliance with this Declaration, the Guiding Principles (including the Landscape Regulations), the additional factors to be considered by the Design Review Board in reviewing plans and specifications submitted to it shall be: (a) the quality of workmanship and material; (b) the architectural style or design; (c) the aesthetic appearance of the exterior of the Improvements; (d) conformity with good aesthetic design practices; (e) the quality and size of the proposed Improvements; (f) the good aesthetic use of materials, color and location in relation to surrounding structures and topography; (g) harmony of design with existing Buildings and other Improvements; (h) avoidance of duplication of or repetitive designs for Buildings and other Improvements, and (i) whether the design or design components are historically accurate. Strict compliance with the Design Review Procedure Handbook, the Guiding Principles and this Declaration does not guarantee approval of an Application. The Design Review Board may require changes to a plan to improve the aesthetic appearance even if the design meets the technical requirements of the Design Review Procedure Handbook, the Guiding Principles and this Declaration. If the Design Review Board rejects an otherwise compliant Application due to overall design quality, the Design Review Board may make suggestions for improving the design.

c. **Notification; Construction.** The Design Review Board shall notify the applicant of its decision within the time limits established pursuant to the procedures adopted under

Subpart (a) or (b) of this Section 5.5. If approval is given or deemed to be given, construction of the Improvements may begin. All construction must comply with the plans and specifications approved by the Design Review Board. The Design Review Board may impose conditions for the placement of dumpsters, pods, materials or equipment, including vehicles used during construction. Both Declarant and the Design Review Board reserve the right to inspect the Work being performed on any Lot and to require changes, accept with conditions or accept any Work that it deems not to be in compliance with the approved plans and specifications.

d. **Required Construction Timeline.** If construction does not commence on any Work for which approval has been granted within twelve (12) months of final approval, the approval shall expire, and the Owner must re-submit its plans for reconsideration in accordance with the Design Review Procedure then in effect prior to commencing Work. All Work shall be completed within eighteen (18) months of the date the building permit for the Dwelling was issued or such other period as may be specified in the notice of approval (“**Residential Completion Period**”), unless completion is delayed due to causes beyond the reasonable control of the Owner, such as an event of force majeure, hurricane, act of God, fire, explosion, extraordinary flood or similar occurrence (but not including reasonably foreseeable weather conditions). If all such Work is not Substantially Complete within the Residential Completion Period, Owner shall pay to the Residential Association the sum of Two Hundred and 00/100 Dollars (\$200.00) per day for each day until the Work is Substantially Complete.

e. **Design Changes.** If the Owner desires to make construction, landscaping or other changes to the intended Improvements that differ from the approved Application, the Owner must first submit a design change application (a “**Design Change Application**”) to the Design Review Board. The Owner must provide the Design Review Board with any supporting documentation required by the Design Review Board along with that Application, including revised versions of the Application.

Section 5.6 Enforcement. Any structure or Improvement placed or made in violation of this Article shall be deemed to be nonconforming. If any construction is begun or completed which has not been approved or which deviates from the approved plans, upon written request from the Design Review Board, an Owner shall, at its own cost and expense, remove such nonconforming structure or Improvement and restore the land to substantially the same condition as existed prior to the nonconforming Work. Should an Owner fail to remove and restore as required, the Design Review Board and its agents shall have the right to enter the property, remove the nonconforming structure or Improvement, and restore the property to substantially the same condition as previously existed. All costs, including, without limitation, attorney's fees, may be assessed as a lien against the Lot. Any Contractor, sub-contractor, agent, employee or other invitee of an Owner who fails to comply with the terms and provisions of this Article and the approved design plan may be excluded by the Design Review Board from any future Work or entry onto the Declarant's Property, subject to any applicable notice and hearing procedures required by law. In such event, neither the Design Review Board, the Declarant, or the officers, directors, members, employees and agents of any of them shall be held liable to any Person for exercising the rights granted by this paragraph. In addition to any other remedies available to the Design Review Board, in the event of noncompliance with this Article, the Design Review Board may record in the appropriate land records a notice of violation hereunder naming the violating Owner. In addition to the foregoing, the Town Architect, Declarant, or an Association may bring

an action for specific performance, declaratory judgment, injunction, and any and all remedies available at law and equity to enforce the provisions of this Article and shall be entitled to recover its actual attorney's fees in bringing such action.

Section 5.7 Variances.

a. The Design Review Board or the Declarant shall have the right and power to grant variances from compliance with any provision of this Declaration or any provision in the Guiding Principles or in the Landscape Regulations, including without limitation, payment of fees, the approval of different Building typologies than, or variances from, the Building typologies identified in the Guiding Principles, as well as requirements regarding height and use, placement/parking and encroachments, with respect to any Lot. Any building restrictions, including without limitation those addressing the face direction, location, Setbacks or materials for Buildings or other Improvements, may be modified when, in the sole and absolute discretion of the Design Review Board, circumstances such as topography, natural obstructions, hardship, or aesthetic, economic or environmental considerations, warrant a variance. All variances must be evidenced in writing from the Design Review Board in order to have legal effect.

b. If a variance is granted, no violation of this Declaration, the Guiding Principles or the Landscape Regulations, shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of any variance shall not operate to waive any of the terms and provisions of this Declaration for any purposes except as to the particular instance covered by the variance, and in no case shall the granting of a variance in one instance obligate the Design Review Board to grant a variance in another instance.

Section 5.8 Limitations and Release of Liability.

a. The purpose of the review of plans and specifications by the Design Review Board is to protect and enhance the aesthetic and monetary values of Rouzan and each Owner's Lot and to maximize compliance with the Declaration, the Guiding Principles and the Landscape Regulations, for the benefit of all Owners. In performing its functions, the Design Review Board does not warrant, guarantee, recommend, approve, certify or endorse any particular architectural, engineering or structural design, or any plan, specification, material, construction method or practice, as to its safety, freedom of defects, durability, fitness or suitability for intended use, strength or other characteristics.

b. Neither the approval by the Design Review Board of any plans or specifications for any Work nor any review, inspection or observation of such Work shall in any manner constitute a warranty, representation or the undertaking of any duty or obligation on the part of the Design Review Board, any Association Board or Association, Declarant, or their respective members, agents, employees, partners, and representatives, to any Person, that any method, practice, design, material or structure, contained, shown or specified in any plans or specifications approved by the Design Review Board, or reviewed, inspected or observed by the Design Review Board or its members, (a) is safe or proper or sound or free from defects or vices or is invested with any quality or characteristic whatsoever, (b) complies with the requirements of this Declaration, the Guiding Principles or the Landscape Regulations, (c) complies with the requirements of any contract, agreement or instrument, or (d) does not create an encroachment

on a Utility Servitude for which permission must be obtained from those utilities using the Utility Servitude.

c. Neither the approval by the Design Review Board of any plans or specifications for any Work, nor any review, inspection or observation of such Work shall in any manner suggest compliance with any applicable governmental regulations or local building codes. Applicants are responsible for making sure that the design of Improvements conforms to governmental regulations and all local building codes. The Design Review Board is not responsible for compliance with governmental requirements.

d. Each Person who submits plans and specifications to the Design Review Board for particular Work, each Owner who performs or contracts for the performance of such Work on any Lot pursuant to such plans and specifications, and each architect, engineer, Contractor, sub-contractor, supplier, materialman or other Person who participates or engages in any Work on any Lot pursuant to such plans and specifications, hereby fully releases and discharges the Design Review Board, and its members, the Association Boards and their members, the Associations, Declarants, and their partners, their employees, agents and representatives, from all claims, demands, causes of action, suits, liabilities, damages, costs and fees arising out of any act, or fault by any Person, or any defect, vice, hazard or failure, in any material, Lot or Improvement, relating in any way to such Work.

e. The Design Review Board shall have the power and authority to reject any plans or specifications for any Work that in the sole opinion of the Design Review Board does not meet the requirements of this Declaration, the Guiding Principles, and/or the Landscape Regulations, and any Owner whose plans or specifications have been so rejected does hereby fully release and discharge the Design Review Board and its members, the Association Boards and their members, the Associations, Declarants, and their officers, directors, employees, agents and representatives, from all claims, demands, causes of action, suits, liabilities, damages, costs and fees arising out of such rejection of plans or specifications, the opinion of the Design Review Board being final and binding and not subject to any claim or challenge whatsoever. Should any Owner nevertheless make any claim or challenge to the rejection by the Design Review Board of any plans or specifications, such Owner agrees to pay the actual attorneys' fees, costs and expenses incurred by the Design Review Board in defending or responding to such claim or challenge.

f. **Use of Materials or Components.** The use of any material or components as indicated within the Guiding Principles or this Declaration shall be solely at the risk of the Owner and shall import no liability to the Associations, Declarants, the Design Review Board, or their assigns. The materials listed in the Guiding Principles or in this Declaration are not intended to constitute or otherwise create any representations, guarantees, or warranties to any party in relation to the structural integrity or adequacy when used for any component of Improvements to be built within Rouzan. It shall be the responsibility of the Owner, or other proposer, when considering usage of any material on any project within Rouzan to have an independent review and evaluation of the adequacy of any component or element contained herein to assure their acceptability for the intended end uses.

g. **Modification of Guiding Principles, Landscape Regulations, or Design Review Procedure.**

(1) The Design Review Board may, subject to any applicable zoning, revise any part of the Guiding Principles, the Landscape Regulations and/or the Design Review Procedure Handbook, and supplement the Guiding Principles, the Landscape Regulations and/or the Design Review Procedure, from time to time for any of the following reasons:

(a) To make changes which the Design Review Board believes will better accomplish the objectives set forth in this Declaration.

(b) To adjust for market conditions to improve the value of all or some of the Lots;

(c) To recognize changing land use conditions over time, both from within and outside Rouzan; or

(d) To establish the plan for the development of additional immovable property annexed to, and included and incorporated within, Rouzan pursuant to a Supplemental Declaration, which plan shall be implemented through the regulation of land use, architecture, environment and landscaping with said additional immovable property.

(2) The Guiding Principles, the Landscape Regulations and the Design Review Procedure, together with all changes to same adopted by the Design Review Board, shall be available for review in the registered office of the Residential Association during normal business hours. Any Owner wishing to have a copy of the Guiding Principles, the Landscape Regulations and/or the Design Review Procedure, together with all changes to same adopted by the Design Review Board, shall pay the cost of reproducing same to the Residential Association which shall be calculated on the basis of \$.50 per page; provided, however, there shall be no charge for the first copy of each document with respect to each Lot. Owners may also request electronic copies of the Guiding Principles, the Landscape Regulations and the Design Review Procedure from the Residential Association which shall be delivered to the requesting Owner via electronic mail. During the Class B Control Period, no change may be made to the Guiding Principles or to the Landscape Regulations without the express written consent of Declarant. On request of the Design Review Board, the Residential Association Board shall, without the consent of the Residential Association Members, file any amendments to this Declaration at any time which add to, change or otherwise modify the Guiding Principles and/or the Landscape Regulations. Modifications and changes to the Guiding Principles, the Landscape Regulations and/or the Design Review Procedure Handbook shall not affect or bear on the construction of Buildings within Rouzan to the extent such Buildings have been constructed prior to the adoption of such modification or other amendment; but such modifications and changes shall be effective with respect to any alterations or other additions to Buildings constructed after the date of such amendments or modifications. Declarant and the Residential Association, whenever filing Supplemental Declarations pursuant to Section 1.2, may and are expected to file supplements to the Guiding Principles and/or the Landscape Regulations which will contain specific requirements for the property added to Rouzan pursuant to any such Supplemental Declaration, including without limitation thereto, in the filing party's sole discretion, additional designations

of Lot Types, additional Allowed Architectural Typologies authorized for each new Lot Type within the new phase, architectural characteristics and historical details for each such additional Allowed Architectural Typology, and such further requirements and restrictions with respect to construction on Lots as are contained in the Guiding Principles and/or the Landscape Regulations as filed originally with this Declaration.

ARTICLE 6

GENERAL BUILDING RESTRICTIONS AND DESIGN CODE

This Article sets forth specific building restrictions and other covenants relating to the construction of Improvements on each Lot; it is expressly noted that other provisions of this Declaration and the Guiding Principles also address such requirements. Each Lot has distinguishing characteristics and certain features that set it apart from other Lots. Height restrictions, use restrictions, Allowed Architectural Typology, placement requirements, parking requirements, Setback requirements, and requirements concerning porches, Fences and/or Garden Walls, are all set forth in the following provisions.

Section 6.1 Generally. Notwithstanding any inferences to the contrary anywhere in this Declaration, no Improvement of any nature may be constructed on a Lot without complying with the requirements of this Declaration and the Guiding Principles. This ARTICLE 6 sets forth specific building restrictions and other covenants relating to the construction of Improvements on each Lot; it is expressly noted that other provisions of this Declaration and the Guiding Principles also address such requirements. Each Lot within Rouzan is designated with an assigned Lot Type in the Guiding Principles. Each Lot Type has distinguishing characteristics and certain features that set it apart from other Lot Types. All Buildings and Improvements constructed on each Lot shall be designed and constructed in accordance with the requirements applicable to the Lot Type designation assigned to that particular Lot in the Guiding Principles, in addition to such other requirements as are provided in this Declaration. Height restrictions, use restrictions, Allowed Architectural Typology, placement requirements, parking requirements, Setback requirements, and requirements concerning porches, Fences and/or Garden Walls, are all set forth for each Lot Type on the corresponding page of the Urban Regulations within the Guiding Principles that applies to that particular Lot Type. For the purposes of this ARTICLE 6 the term “Association” shall mean Residential Association.

Section 6.2 Permitted Uses.

a. **Lots.** Residential Lots may not be used for any purpose other than residential. The Guiding Principles may permit the building of two (2) or more Dwellings on a Lot. Other uses, such as certain home occupations incidental to residential use which, in the sole discretion of the Design Review Board, do not generate significant traffic may be permitted by the Design Review Board.

b. **Special Use Parcels.** The Guiding Principles may describe special restrictive covenants and building restrictions for Special Use Parcels, which shall include residential use.

c. **Renting.** Dwellings, including Outbuildings and Garage apartments designed for residential use, may be rented for permanent residence purposes, subject to the Rules and

Regulations. No lease of a Dwelling shall be for a term less than six (6) months. In any event, no Dwelling shall be rented to any more than one (1) Single Family Unit. Without limiting the foregoing, any bed and breakfast and/or short-term online marketplace and hospitality service or transient rental enterprise, such as “Airbnb” is strictly prohibited.

d. **Occupancy.** In the absence of written approval of the Association Board, all Occupants of a Dwelling must comprise a Single Family Unit.

e. **Home Office.** If allowed by the applicable zoning and land use ordinances and regulations of the Governmental Authorities with jurisdiction over the Lots, each Residential Lot may have one (1) Home Office, provided that each of the following conditions is met: (a) no sign, advertisement or notice of any type or nature whatsoever may be erected or displayed on the Lot or on any Building located on the Lot which in any way advertises or provides notice or reference to the business conducted in the Home Office; and (b) which business is not otherwise prohibited by the Rules and Regulations.

Section 6.3 Mandatory Construction Start Date. Each Owner must commence construction of the primary Building on his/her Lot no later than one (1) year from the date of the recording of the sale, transfer or other conveyance instrument from Declarant to Owner in the public records of East Baton Rouge Parish, Louisiana. Declarant reserves the right, in Declarant’s sole discretion, upon ten (10) Days prior written notice to an Owner, to demand that Owner re-convey any Lot upon which construction of a primary Building has not commenced to Declarant for the original purchase price of such Lot.

Section 6.4 Allowed Architectural Typologies. The Dwelling constructed on each Lot shall be designed in accordance with one (1) of the Allowed Architectural Typologies for that particular Lot. Allowed Architectural Typologies for Residential Lots in the Neighborhood Center shall be Live/Work, or commercial typologies. The Allowed Architectural Typologies for Residential Lots in the Mixed Residential shall be Live/Work, Mansion Condo, Neighborhood Townhouse, Village Cottage, Neighborhood Cottage, Neighborhood House or Manor House typologies. The Allowed Architectural Typologies for Residential Lots in the Neighborhood Edge areas shall be Neighborhood Cottage, Neighborhood House, or Manor House typologies. There is also a “Special” zone in Rouzan where the Allowed Architectural Typology is Second-Age Modernist. These Allowed Architectural Typologies are also indicated on the Urban Regulations in the Guiding Principles provided for each Lot Type under the heading “Building Types”.

Section 6.5 Design Guidelines for Architectural Typologies. The Guiding Principles contains some of the design requirements and/or restrictions for each of the various Allowed Architectural Typologies for the various typologies and Neighborhoods. Owners shall adhere to the designated Allowed Architectural Typology within the Guiding Principles for the design and construction of Dwellings. With respect to the historical architectural characteristics and the historical details applicable to each of the Allowed Architectural Typologies reflected in the Guiding Principles, it is noted that those are intended to typify each such Allowed Architectural Typology, but it is acknowledged there are many other characteristics and details of each Allowed Architectural Typology and those other characteristics and details may also be used. It is the function of the Design Review Board, through the review process described in

ARTICLE 5, to verify that the plans for the design of Dwellings proposed for construction on a Residential Lot are consistent with the characteristics and details of the Allowed Architectural Typology chosen by the Owner presenting plans to review.

a. **Allowed Architectural Styles.** In order to maintain the cohesiveness and general aesthetics of the Neighborhoods within Rouzan, the Guiding Principles contain approved architectural styles for use within a Neighborhood (“**Allowed Architectural Styles**”).

(1) **Components.** Allowed Architectural Styles in Rouzan are an assemblage of four components specific to each style (i) materials (specific brick, stucco, siding, etc.) (ii) configuration and technique, (iii) Building elements (columns, porches, rails, etc.) and (iv) fenestration specifics for doors, windows and other opening types. These components serve as the basis for any review of submittals by the Design Review Board. The Allowed Architectural Styles are outlined in the Guiding Principles.

(2) **Amendments.** The Association reserves the right to amend the list of Allowed Architectural Styles in its sole discretion. It is the responsibility of the Owner to design his or her Dwelling consistent with the Allowed Architectural Styles.

(3) **Approvals.** The Design Review Board shall review the architectural style utilized in a design, and strict compliance with the characteristics of an Allowed Architectural Style does not guarantee approval of a design. The Design Review Board may require changes to a plan to improve the aesthetic appearance even if the design meets the technical requirements of the Allowed Architectural Style. The Design Review Board may consider such other factors as the Design Review Board may, in its sole discretion, deem appropriate in the approval of an architectural style, including the design characteristics of other nearby Dwellings in the Neighborhood. If the Design Review Board rejects an otherwise compliant Application due to overall design quality, the Design Review Board may make suggestions for improving the design.

b. **Construction Materials.** In the absence of a variance from the Design Review Board, no exterior building or construction material will be allowed to be utilized in the construction of any Improvement except for those materials set forth and described below:

(1) **Cement Plaster (Stucco).** Cement plaster (stucco) shall mean Portland cement plaster consisting of three coat work over metal lath. A factory-prepared integrally colored synthetic finish coat shall be considered acceptable for use; however, adherence to color palette by painting, if required, shall remain. Southern Building Code approved hard coat synthetic plaster is approved, however, the use of exterior polystyrene sheet board is not allowed.

(2) **Exterior Architectural Woodwork.** Exterior architectural woodwork shall be limited to custom or approved premium grades of woodworking and shall include, but are not limited to, exterior standing and running trim, exterior ornamental work, pediment heads, pilasters, cupolas, railings, columns, exterior frames and jambs, and exterior shutters. Species of wood for exterior woodwork shall include Honduras mahogany, clear all heart redwood, all heart western red cedar, clear all heart red cypress, or treated southern pine as

suitable for retaining painted finish coating, high density polymer molded products, James Hardy cement board, "Clear-Lam" engineered products or other products approved by the Design Review Board as equal to the preceding specifically named products. All woodwork must be able to be sealed with paint or stain.

(3) **Exterior Siding.** Exterior siding must be exterior siding consisting of 1" x 4", 1" x 6" or 1" x 8" wood or James Hardy smooth face cement board, or other products approved by the Design Review Board as equal to the preceding specifically named products installed in a board and batten style.

(4) **Fences and Garden Walls.** Wooden Fences shall be surfaced on four sides (S4S) with wood in the styles and configurations as indicated in the historic details portion of the Guiding Principles. Alternate designs are encouraged but must be approved in advance by the Design Review Board. Fences constructed of wood shall be (i) stained or (ii) painted using a white color selected from the "Pratt & Lambert Historic Series," or such other color as may be approved by the Design Review Board. Fences constructed of wrought iron shall be painted either black or voodoo green. All fences shall be 3 feet 6 inches in height above ground level and shall be constructed in accordance with the requirements of this Declaration and the Guiding Principles. All Fences shall be maintained so as not to detract from the general appearance of Rouzan. Garden Walls shall be constructed of wood, cement plaster (stucco) or approved unit masonry (brick). Areas requiring mandatory Garden Walls require use of cement plaster (stucco), or approved unit masonry (brick). Where Garden Walls are not indicated or are not indicated as mandatory and construction is optional, Owners shall have the option of constructing such Garden Walls utilizing approved unit masonry (brick), wood, or cement plaster (stucco). Garden Walls constructed of brick shall utilize only brick approved by the Design Review Board, and shall be constructed in accordance with the requirements set forth in the historical details portion of the Guiding Principles. Garden Walls constructed of cement plaster (stucco) shall be painted using a white color selected from the Pratt & Lambert Historic Series, or such other color as may be approved by the Design Review Board. Garden Walls constructed of cement plaster (stucco) shall have the cement plaster (stucco) applied to both sides of the Garden Wall. All Garden Walls shall be six (6) to eight (8) feet in height above ground level and shall be constructed in accordance with the requirements of this Declaration and the Guiding Principles. Any Garden Walls permitted or required by the Guiding Principles or this Declaration, shall be constructed on the property line dividing two (2) Lots, except in the case of any Lot that is not bounded by another Lot, in which case the Owner of such Lot shall construct the Garden Wall within the confines of the boundary of such Lot. Any Fence or Garden Wall, the design and construction of which has been approved in accordance with the Residential Design Review Procedure shall be kept neat and attractive and in good repair. On any Lot having a portion of any perimeter wall constructed by Declarant upon the Lot, the Owner of such Lot will be responsible for maintaining that portion of the wall which is upon the Lot in good condition and repair. This provision shall not require that the Guiding Principles or the Design Review Board approve any Fences or that they approve ornamental or picket fences. No chain link fences shall be permitted.

(5) **Flashing and Sheet Metal Accessories.** Flashing and sheet metal accessories shall be limited to those used in construction of Buildings and include, but are not limited to, roof drainage systems, exposed trim, copings and metal flashings. Metals suitable for

use for these applications shall include anodized aluminum, galvanized steels, copper and stainless steel. Roof vents shall be copper or galvanized metal. "Paint-Grip" galvanized metal is approved.

(6) **Roofing.** Roofing material must be one of the following: Raised seam gray metal, slate, gray asphalt shingle (min-330# per square) approved by the Design Review Board, synthetic slate approved by the Design Review Board, or V-crimp galvanized metal. All roof ridges on Dwellings within Rouzan shall be capped with a concrete or clay ridge cap that is approved by the Rouzan Design Review Board.

(7) **Unit Masonry or Brick.** Molded clay brick masonry units or wire cut brick shall be chosen from the pre-approved palettes for all Buildings. Lime mortar is recommended for all applications. Wire-cut clay-brick masonry may be approved by the Design Review Board. Concrete masonry units (and Architectural Concrete Masonry Units "ACMUs") are only acceptable for plaster-finish exterior applications. Exposed concrete masonry units (or ACMUs) are not permitted. Natural stone may be allowed for specific architectural typologies, but must be approved by the Design Review Board.

(8) **Windows.** Windows shall be one of the following: wood window units that are primed wood window units for field painting, aluminum clad wood window units, and any other windows which have been approved by the Design Review Board. Insulated glazing shall be allowed for use; however, tint and reflectivity shall be limited to a maximum of 14%.

(9) **Ancillary Structures.** Gazebos, pigeoniers, pergolas and other detached structures should relate architecturally to the design of the residence in both form and material.

(10) **Colors / Finishes.** All colors and finishes to be used on the exterior of a Dwelling or other Improvement visible from beyond the boundaries of a Lot must be approved by the Design Review Board. The Design Review Board may maintain an approved color list.

(11) **Doors.** All entry doors and their finishes must be approved by the Design Review Board. No screen doors shall be permitted.

(12) **Exterior Lighting.** The number of exterior light fixtures shall be limited. All lighting should be architecturally integrated with attached structures. Mercury and/or Sodium vapor lights are prohibited. Landscape lighting and path lighting shall be minimal and used primarily for safety reasons. Security lighting including motion activated flood lights shall at a minimum be located beneath eave overhangs, and shall be used for emergency purposes only, provided, however, that all Alley Lots are required to have motion activated flood lights pointing toward the Alley. No colored light bulbs shall be permitted. No lighting shall be installed which is aimed at surrounding properties, or which will intrude on surrounding property. Exterior lights shall be mounted on Building surfaces up to a maximum height of twelve feet (12'). All exterior light sources shall be shielded from view by adjoining properties. All Alley Lots are required to have flood lighting.

(13) **Removal of Trees.** In reviewing Building plans, the Design Review Board shall consider the natural landscaping such as trees, shrubs and palmettos, and encourage the Owner to incorporate them in his landscaping plan. No trees of two (2) inches in diameter at one (1) foot above natural grade shall be cut or removed without approval of the Design Review Board, which approval may be given when such removal is necessary for the construction of a Dwelling or other Improvement.

(14) **Sidewalk Installation and Maintenance.** Declarant is responsible for installing the initial sidewalks within Rouzan. Sidewalks shall run continuously through all driveways with front-loaded Garages, giving pedestrians priority to these engagements. Owner is responsible for maintaining that portion of the sidewalk on his or her Lot in compliance with any legal requirements of any Governmental Authority and the requirements and standards set forth by the Design Review Board and the Guiding Principles. If the portion of the sidewalk on an Owner's Lot is damaged during construction, it shall be the Owner's responsibility to replace the sidewalk. Installation of the replacement sidewalk on a Lot shall be completed no later than thirty (30) Days following issuance of a certificate of occupancy for the Dwelling on the Lot.

(15) **Solar Collecting Panels or Devices.** The Declarant recognizes the benefits to be gained by permitting the use of solar energy as an alternative source of electrical power. At the same time, the Declarant desires to promote and preserve the attractive appearance of Rouzan and the Improvements thereon, thereby protecting the value generally of Rouzan and the various portions thereof, and of the various Owners' respective investments therein. Therefore, subject to prior approval of the plans by the Design Review Board, solar collecting panels and devices may be placed, constructed or maintained upon any Lot within Rouzan so long as such solar collecting panels and devices are placed, constructed and maintained in such location(s) and with such means of screening or concealment as the Design Review Board may reasonably deem appropriate to limit, to the extent possible, the visual impact of such solar collecting panels and devices when viewed from any Street or from any other property (whether within or outside Rouzan). Notwithstanding any other provision of this Declaration to the contrary, the Declarant (during the Class B Control Period) or the Association (after the expiration or termination of the Class B Control Period) shall have the right, without the consent or approval of any Owner or other Person, to amend this Section (which amendment may, without limitation, impose additional or different restrictions on solar collecting panels and devices) as the Declarant or the Association (as applicable) deems appropriate after the Effective Date.

(16) **Yard Ornaments.** Artificial flamingos, deer, spinners, gazing balls, pirogues and such other tableau are prohibited in front yards; provided, however, a reasonable number of holiday and religious decorations may be displayed on a Lot for up to thirty (30) Days prior to the holiday or religious observance and up to fourteen (14) Days thereafter without prior approval, subject to the right of Declarant (or the Design Review Board, if delegated authority by Declarant) to require removal of any such decorations which it deems to (a) be excessive in number, size or brightness, relative to other Lots in the area; (b) draws excessive attention or traffic; or (c) unreasonably interferes with the use and enjoyment of neighboring properties.

c. **Driveways.** Driveways shall be designed to reflect the overall quality of the architecture of the Dwelling. In order to allow sufficient space for pedestrian crossings and other infrastructure at the front of a Dwelling, only single entry drives no greater than 14' in width shall be constructed to a depth terminating at the front façade of the Building nearest to the front property line. Circular drives with two (2) Street entrances will not be permitted.

d. **Garages; Carports and Out Buildings.** At the time of any construction of a Dwelling on a Lot, the Owner shall also construct a Garage which matches the architectural design of the Dwelling constructed on that Lot. A Garage must be totally enclosed when all doors (both for vehicles and pedestrians) are closed; all openings, other than windows, must have doors that close easily. With the prior approval of the Design Review Board, in its sole discretion, Owner may construct a Carport instead of a Garage. No Garage or Carport may have an opening (other than a window) which is taller than 10 feet above the finished grade of the floor of the said Garage or Carport. Carports shall be no more than one story in height. Except as may be expressly allowed by the Guiding Principles (e.g., as to a Lot which is not bordered by an Alley) or as otherwise expressly allowed by the Design Review Board, the doors through which vehicles enter a Garage may not face a Street with the exception of Dwellings built on Edge Lots. Garage doors shall be kept closed except when automobiles are entering or leaving the Garage.

e. **House Numbering.** All Dwellings shall be identified with a house number plaque which shall be affixed to the front façade of the Dwelling in a location approved by the Design Review Board. The design and model of the plaque shall be selected by Declarant and shall be purchased by Owner. Declarant reserves the right to change the design and/or model of the plaque from time to time upon reasonable notice to Owners. No other house numbering or identification shall be permitted on a Lot or Dwelling.

f. **Mailboxes.** The Association Board has selected or will select a specific mailbox for use within Rouzan. Each Owner shall utilize the mailbox approved by the Association Board as the receptacle for receiving mail at each Residential Lot; no mailbox, other than the mailbox approved by the Association Board, may be used on any Residential Lot. The mailbox used on each Residential Lot shall be placed in that location which is designated by the Association Board. At the election of Declarant, all or a portion of the Lots may be designated and notified that they shall receive their mail at a central location selected by Declarant in coordination with the United States Post Office, and when so designated, such Lots shall not be permitted to have any separate mailbox located on the Lot.

g. **Setbacks.**

(1) **Front Setbacks – Dwelling.** The principal façade of each Dwelling constructed on a Residential Lot must be located within the range of feet from the front property line of said Lot as is set forth as the front Setback of the Dwelling in the Guiding Principles and in the Urban Regulations which relate to the Lot Type for that particular Lot.

(2) **Side-Yard Setbacks – Dwelling.** The principal façade of the sides of each Dwelling constructed on a Residential Lot (i.e., the boundaries not facing the Street on which the Lot fronts and not facing the rear of said Lot) may be located no closer to the side

property lines than as stated in the Guiding Principles and in the Urban Regulations relating to the Lot Type for that particular Lot.

(3) **Rear Setbacks – Dwelling.** The rear façade of the sides of any Dwelling constructed on a Residential Lot must be located within the range of feet from the rear property line of said Lot as set forth as the rear Setback of the Dwelling in the Guiding Principles and the Urban Regulations relating to the Lot Type for that particular Lot.

(4) **Front Setbacks – Garages.** Where a front Setback is specified in the Guiding Principles for a Garage, then the front façade (meaning the façade that is closest to the front property line) of any Garage or Carport must be located no closer to the front property line than that number of feet that is set forth as the front Setback in the Garage Setback column in the Guiding Principles.

(5) **Side-Yard Setbacks – Garages.** The façade of the sides of any Garage or Carport (i.e., the boundaries not facing the Street on which the Lot fronts and not facing the rear of said Lot) may be located no closer to the side property lines than that number of feet that is set forth as the side Setback of the Garage in the Guiding Principles.

(6) **Rear Setbacks – Garages.** If the rear Setback for Garages and Carports is set at a specific number, then the Garage's or Carport's façade which is nearest the rear property line of a Lot must be located no more and no less than that number of feet from the rear property line of said Lot that is set forth as the rear Setback of the Garage in the Guiding Principles. If the rear Setback for Garages and Carports is set at a range, then the Garage's or Carport's façade nearest the rear property line of a Lot must be located no less than that number of feet from the rear property line of said Lot that is designated as the lower number in the range of the rear Setback of the Garage in the Guiding Principles, and no more than that number of feet from the rear property line of said Lot that is designated as the higher number in the range of the rear Setback of the Garage in the Guiding Principles.

h. **Encroachments.** With the permission of the Design Review Board, balconies, eaves, soffits, stoops, stairs, and façade of Buildings are permitted to overhang a Utility Servitude or a Street Right of Way, and in the case of any zero (0) lot line Lot, the adjoining Lot, by twenty-four (24) inches, provided that any such encroachment must be no less than ten (10) feet above the finished ground elevation in the area of the encroachment, and further provided that any required consent has been obtained from any Governmental Authority or utility company, whether public or private.

Section 6.6 Miscellaneous Prohibitions and Rules. Except for the activities of Declarant in connection with development and the activities of the grantees in connection with the construction, installation, repair, alteration and maintenance of the Utility Servitudes established in Article 4 of the Master Declaration, the following restrictions shall apply to all immovable property and Lots within Rouzan:

a. **Air-Conditioning.** No window air conditioning units may be installed in any Improvements.

b. **Animals.** Except for a veterinary office, pet store or pet grooming and boarding facility located on a Commercial Lot(s), the maintenance, keeping, boarding and/or raising of animals (including without limitation thereto all dogs, cats, livestock, birds, poultry, snakes and reptiles) of any kind, regardless of number, shall be and is hereby prohibited on any Lot or within any Improvement constructed on a Lot, except as permitted in Section 6.6 (cc).

c. **Antennas.** No exterior radio, television, satellite or communications antenna, aerial or dish shall be erected or maintained within Rouzan without the prior, written approval of the Design Review Board; variances should only be granted where it is believed that the antenna, aerial or dish will not be visible from a Street or another Lot. No amateur or "ham" radio transmitters shall be operated within Rouzan without the prior, written approval of the Design Review Board.

d. **Attractiveness and Safety of Lots.** Through the Guiding Principles and the Rules and Regulations, the Design Review Board may regulate placement and maintenance of garbage and trash containers, and other matters affecting the attractiveness or safety of Lots.

e. **Automobiles.**

(1) **Parking.** Automobiles may be parked only in the Garage or driveway of a Lot, in unassigned parking areas as originally created by Declarant or in other parts of Rouzan which may be specifically designated in writing by the Association Board. All parking within Rouzan shall be in accordance with the Rules and Regulations or Rouzan Council which may allow parking along Streets for special functions such as small parties.

(2) **Good Repair.** Only automobiles bearing current license and registration tags, as required by state law from time to time, may be parked in Rouzan.

(3) **Visibility at Street Intersections.** No automobile shall be parked so as to create a temporary obstruction to visibility at a Street intersection.

(4) **Attractiveness and Safety of Lots.** Both the Guiding Principles, the Landscape Regulations and the Association through its adoption of the Rules and Regulations, may regulate placement and maintenance of garbage and trash containers, and other matters affecting the attractiveness or safety of Lots.

f. **Play Equipment.** No basketball goal, backboard or similar structure or device, and no swing sets or other play structures (individually and collectively, "**Play Equipment**"), shall be placed or constructed on any Lot without the prior written approval of the Design Review Board (including, without limitation, approval as to appearance and location in the back of the Dwelling). In no event shall Play Equipment be visible from the front of a Dwelling or a Street. Swing sets and other similar play structures shall in all cases have no less than a five-foot (5') setback from the boundary line of a contiguous Lot. Basketball goals or backboards, if permitted, shall not be mounted directly to the residence, but shall be located on the inside of the driveway or Alley in an area close to the residence. Backboards, if permitted, shall be clear glass. Driveways and Alleys shall remain as provided during the original construction for access to Garages and Carports only. Driveways or Alleys shall not be expanded to accommodate sports or Play Equipment.

g. **Burning or Storage of Trash.** No burning of any trash and no accumulation or storage of litter, lumber, scrap metals, refuse, bulk materials, waste, new or used building materials, or trash of any other kind shall be permitted on any Lot; provided, however, that the storage of building materials, equipment and scrap materials and waste generated in connection with Work shall be permitted on a Lot during periods of Work on the Lot if stored neatly.

h. **Clotheslines Prohibited.** Outside clotheslines or other outside facilities for drying or airing clothes are specifically prohibited and shall not be erected, placed or maintained on any Lot, nor shall any clothing, rug or other items be hung from any railing, fence, hedge or wall.

i. **Compliance with Law.** No use shall be made of, nor any actions taken on, any Lot which is any violation of any law, ordinance or regulation applicable to the geographical area within which the Lot is located.

j. **Construction Requirements.** No Improvements shall be constructed, nor any landscaping or other Work performed on any Lot except in compliance with this Declaration, the Guiding Principles and the Landscape Regulations, except for matters as to which a written variance has been granted by the Design Review Board.

k. **Division of Lots.** No Lot shall be divided or subdivided and no portion of any Lot other than the entire Lot shall be transferred or conveyed for any purpose except by Declarant, or with the prior, express, written approval of the Design Review Board. This shall not be construed to prohibit the granting of any servitude and/or Right of Way to any Governmental Authority, public utility, or to the Associations or Declarant.

l. **Firearms.** Discharge of firearms shall not be permitted within Rouzan; provided, the Association Board shall have no obligation to act to prevent or stop such discharge.

m. **Flags.** Flags of any kind placed on a Lot so as to be visible from outside the Dwelling on the Lot shall not be permitted, except that one country flag not exceeding 48" X 72" in size and one decorative flag not exceeding 36" X 60" in size may be hung from flagpoles not exceeding 72" in length or 2" in diameter, which are mounted within brackets on the exterior façade of the residence at a location approved by the Design Review Board.

n. **Garages.** Any Garage that is to be constructed on a Lot shall be completed contemporaneously with the completion of any Dwelling or other Buildings and/or Improvements to be constructed on the Lot except with the prior consent of the Design Review Board to a different scheduling.

o. **Gardens.** A non-commercial garden for use by a single household may be located on a Lot if it is not visible from any Street or any neighboring Lot. Garden compost may be kept in quantities required by one household only, provided it is not visible from any Street and the Lot is kept free from obnoxious odors and insects.

p. **Generators.**

(1) Generators reasonably necessary for the operation during power outages of a single family residence shall be permitted; provided, however, that any such generators shall be screened and not be visible from any Street or another Dwelling in a location approved in writing by the Design Review Board.

(2) Generators shall only be exercised during workdays between 1:30 and 4:00 p.m.

q. **Half-way Houses.** To the extent enforceable under applicable law, no Dwelling or other Improvement on any Residential Lot shall at any time be used as a Half-Way House under supervision of a Supervising Agency. If such use is required by any Governmental Authority, the other provisions of this Declaration, including restrictions on occupancy, shall still apply.

r. **Incinerators.** No incinerator shall be kept or maintained on any Lot.

s. **Ingress and Egress.** Except as allowed by the Guiding Principles or as otherwise approved by the Design Review Board, vehicular ingress to and vehicular egress from Residential Lots other than Alley-Loaded Lots shall be from and to the front of the Lot (i.e., that side which a Dwelling thereon must face as hereafter set forth) and no vehicular access shall be allowed from the sides or rear of any Lot. Vehicular ingress and vehicular egress to and from each Alley-Loaded Lot shall only be from the Alley located at the rear of the Lot. With respect to each Alley-Loaded Lot, there shall be no driveway or parking area constructed or used on that part of any such Lot between the front wall of the Dwelling and the front property line where the Lot fronts on a Street. A Corner Lot shall have two frontages and points of access.

t. **Insurance.** Nothing shall be done or kept on any Lot or the Commons which will increase the rate of, or resulting cancellation of, insurance for Rouzan or any other Lot, or the contents thereof, without the prior written consent of the Association. This prohibition shall not prohibit the usual and customary activities associated with residential use of a single family Dwelling.

u. **Interferences with Servitudes and Drainage.** No Improvements other than driveways, sidewalks, walkways, mailboxes, fences, walls, retaining walls, and gas and water meters, and no other obstruction shall be placed or permitted to remain upon any Lot which may damage or interfere with any Utility Servitude or servitude for passage or drain, or obstruct any drainage ditch or channel. Notwithstanding any inference herein to the contrary, driveways, sidewalks, walkways, mailboxes, fences, walls, retaining walls, and gas and water meters may only be constructed and/or installed on a Lot in accordance with the requirements of the Guiding Principles and this Declaration.

v. **Landscaping.** Landscaping is required on any Lot on which Improvements have been constructed except that no grass, trees, shrubs, hedges or other plants shall be planted or allowed to grow on any Lot except in compliance with the Landscape Regulations and in compliance with the requirements of this Declaration. Each Owner shall keep neat and maintain in good condition and repair both his or her Lot as well as that portion of any Street Right of

Way servitude (i.e., that portion of the Right of Way between the edge of the Street curb and the Owner's boundary line(s) that is immediately adjacent to (whether in front of or alongside) the Owner's Lot). The opinion of the Design Review Board as to the acceptability of such conditions shall be final; the Design Review Board may delegate, in its sole discretion, its authority under this provision. The maintenance obligations imposed pursuant to subsection (w) below shall also be applicable to the landscaping on a Lot. No artificial grass, plants or other artificial vegetation shall be placed or maintained upon the exterior portion of any Lot, or any Improvement(s) thereon, unless approved by the Design Review Board. If required by Declarant or the Design Review Board, a continuous, contiguous area along the rear boundary of Alley-Loaded Lots shall be edged at the row with a Garage, garden wall of Japanese yew or an approved hard construction typology. Such plants shall be three (3) feet on center, a minimum of five (5) feet tall at installation and maintained at seven (7) feet high. The minimum area in question shall begin at the edge of the paving constructed within the Alley.

w. **Maintenance.** No Lot (whether or not any Buildings have been constructed on the Lot), and no Buildings or other Improvements or landscaping which are located upon a Lot, shall be permitted to fall into disrepair and each such Lot, and all such Buildings and other Improvements, and all lawns and other landscaped areas, shall be kept neat and maintained in good condition and repair consistent with any requirements set forth in either the Guiding Principles, the Landscape Regulations or in the Rules and Regulations. The Residential Association shall have the authority to set standards for the upkeep and maintenance of all Buildings, Improvements and landscaping on any Residential Lot as applicable and, after notice to the Owner that such standards have not been met on a particular Lot, may levy fines for any violation thereof. If an Owner fails to correct any violation for which it has received notice within the time period stated therein, the Association may perform such maintenance as it deems necessary and assess the Owner for the costs thereof, the failure to pay such costs by the Owner giving rise to a right of the Association to file a lien on the Lot.

x. **Mineral and Mining Activity.** No Lot shall be used for the purpose of boring, mining, quarrying, exploring for, producing or removing oil or other hydrocarbons, minerals, gravel or earth except in the case of soil borings in connection with soil analysis for foundation design; provided, however, that offsite exploration for or production of oil, gas or other minerals lying beneath the surface of a Lot through directional or horizontal drilling methods or otherwise shall be allowed if such directional or horizontal drilling does not penetrate or otherwise disturb any portion of the earth within 500 feet of the surface of any Lot. Nothing herein shall prohibit grading, soil remediation, or mitigation activities required to make a Lot suitable for development otherwise in accordance with this Declaration.

y. **Movable Structures and Outbuildings.** No structure of any type, Dwelling or otherwise, shall be moved on to any Lot in Rouzan except as may be expressly approved by the Design Review Board. No structure of a temporary character and no trailer, tent, shack, barn, pen, stable, coop, cage, storage building or shed shall be erected, used or maintained on any Lot at any time without the express, prior, written approval of the Design Review Board, provided, however, the foregoing restriction shall not prohibit the use and maintenance of those temporary structures necessary during the performance of any Work thereon. No such structures, trailers or the like shall be utilized for residence purposes and all such structures, trailers or the like shall be removed from the Lot promptly following the completion of the Work. During art festivals, craft

fairs, block parties and other special events, the Association Board or Rouzan Council may approve the use of tents, trailers and other temporary buildings on the Commons or elsewhere within Rouzan.

z. **Noise.** No exterior speakers, horns, whistles, bells or other sound transmitting, generating or amplifying devices other than security devices used exclusively for security purposes shall be located, used or placed on any Residential Lot in such manner that the sound emitted there from may be heard on any other Lot. No noise shall be permitted to exist or operate upon any Lot that may be a nuisance to any other Owner or Tenant.

aa. **Noxious, Hazardous or Offensive Activity.** No noxious odors shall issue or emanate from any Lot. No noxious, hazardous or offensive trade or activity shall be carried on or upon any Lot or within any Building or Improvement situated within Rouzan, nor shall anything be done therein or thereon which may be or become unsafe or hazardous or an annoyance or nuisance to other Owners or Tenants of Rouzan.

bb. **Nuisance.** No nuisance or immoral, improper, offensive or unlawful use shall be permitted to exist or operate on any Lot or Commons. All laws, building codes, orders rules, regulations or requirements of any Governmental Authority shall be complied with.

cc. **Pets.** Pets may be kept by an Owner on his Lot but only if such pets do not cause a disturbance or annoyance within Rouzan. Each Owner shall be strictly responsible for immediately collecting and properly disposing of wastes and litter of his pets. All pets shall be leashed, or detained by fences or invisible fences. It is expressly declared that the Rules and Regulations relative to pets may regulate the number, breed, and size of pets, prohibit the keeping of animals other than customary household pets, designate specific areas within the Commons where pets may be walked, prohibit pets on other areas, and restrict the rights of Tenants to keep pets. The Association Board shall have the right to order any Association Member, any Owner or any other resident, guest, or Tenant of Rouzan whose pet is considered, in the sole discretion of the Association Board, to be dangerous or a nuisance or which creates disturbances or annoyances to the reasonable displeasure of other Owners, to remove such pet from Rouzan.

dd. **Pipes, Cables and Lines.** Except for hoses and the like which are reasonably necessary in connection with normal landscape maintenance, no water pipe, sewer pipe, gas pipe, drainage pipe, telephone line, electrical line or cable, television cable or similar transmission line, or the like shall be installed, placed or maintained above the surface of any Lot except where approved by the Design Review Board as reasonably necessary for connection to a Dwelling or Building or for access for repair or maintenance. The Rules and Regulations may prescribe rules relative to hoses that are authorized for normal landscape maintenance.

ee. **Sewerage Disposal Systems.** No individual sewage disposal systems will be permitted. All Dwellings constructed in Rouzan shall be connected to approved sanitary sewage facilities.

ff. **Signs.**

(1) **Advertising.** No sign, advertisement or notice of any type or nature whatsoever (including “For Sale” or “For Rent” signs) shall be erected or displayed upon any Residential Lot (including placement on a Dwelling, other Building, in the yard or in any window) or upon the Commons unless specifically permitted by the Guiding Principles or specifically authorized by the Design Review Board. If permitted, such signs shall be in the form required by the Design Review Board. Notwithstanding any language to the contrary herein, Declarant shall, however, be permitted to post and display advertising signs (including “For Sale” signs) within Rouzan so long as Declarant has any property for sale in the normal course of business.

(2) **Builder’s Sign.** Declarant (or the Design Review Board, if delegated such authority by Declarant) shall designate an approved sign (“**Builder’s Sign**”) to be sold or leased by all Home Builders constructing Dwellings on any Lot. Only Home Builders and no other Contractors shall be allowed to place Builder’s Signs within Rouzan. Declarant or the Design Review Board shall provide the Home Builder with the approved vendor of the Builder’s Sign. The Builder’s Sign shall contain the Home Builder’s name, the Lot number and real estate agent information if applicable. The Builder’s Sign shall be placed in a location approved by the Design Review Board and shall be the only sign with such information permitted on a Lot during construction of any Dwelling. The Builder’s Sign must be removed upon (a) completion of the home if for an Owner or (b) the sale of the home if to a third-party purchaser, as applicable.

(3) **Permits.** Building permits and proofs of inspection required for the completion of any Improvement shall be located on a sign placed at the rear of the Lot in a location approved by the Design Review Board (“**Permit Sign**”). Permit Signs shall be limited to permits and inspections that are required by the City/Parish to be posted on the Lot during construction. Signs or advertisements for vendors and subcontractors shall not be placed on the Permit Sign unless required by the City/Parish.

(4) **For Sale Signs.** “For Sale” signs used by Owners selling a lived-in Dwelling that is not new construction shall be on a frame substantially similar to the Builder’s Sign described in Section 6.6ff(2). Declarant or the Design Review Board shall provide the Owner with the vendor for the approved “For Sale” sign frame and Declarant may, but is under no obligation to, stock “For Sale” sign frames for rent to Owners. The “For Sale” sign shall contain the Lot number or address and real estate agent information. The “For Sale” sign shall be placed in a location approved by the Design Review Board and shall be the only sign with such information permitted on a Lot during the marketing period of the Dwelling.

gg. **Soliciting.** No soliciting will be allowed at any time within Rouzan.

hh. **Time Sharing.** No time-share ownership of Residential Lots is permitted without Declarant’s approval. For this purpose, the term “time-share ownership” shall mean a method of ownership of an interest in a Lot under which the exclusive right of use, possession or occupancy of the Lot circulates among the various Owners on a periodically reoccurring basis over a scheduled period of time. Leasing a Building or ownership of a Lot by a corporation, partnership or other entity, or by not more than four individuals or married couples, will not normally be considered time-share ownership.

ii. **Trash and Garbage Containers.** On Alley-Loaded Lots, trash and garbage containers shall be kept in that area along the rear of the Lots which are designated as utility niches on the Final Residential Plat of Rouzan or such other recorded plat showing such Residential Lot. On Alley-Loaded Lots, and except where allowed by the Guiding Principles and/or the Rules and Regulations, all garbage (including recyclables) may only be picked up or collected by garbage collection vehicles from the Alleys contiguous with the rear of each such Lot. The area around any such garbage pick-up point on an Alley-Loaded Lot must be enclosed with screening, as required by the Guiding Principles and/or the Design Review Board, so that garbage cans are not visible from any Common Road or Alley. On all Lots which are not Alley-Loaded Lots, the Owners or Occupants of those Lots shall not place trash or garbage containers in public view except on trash collection days and then on those days the garbage containers shall be removed from the public view no later than 7:00 p.m. on the day the garbage has been picked up by the Person charged with the collection efforts. Garbage, trash and other refuse shall be placed in covered containers provided by the local governing authority responsible for the collection of garbage, trash and other refuse, and if none, such other container as approved by the Design Review Board. Recyclable products or materials may be placed for collection in containers expressly designed or legally required for such collection. Owners shall further use and store trash and garbage containers in compliance with any applicable Rules and Regulations. Notwithstanding the provisions of local law, in order to maintain the appearance of Rouzan, Owners or Occupants of Lots shall not place "bulky waste", including, but not limited to, old furniture, mattresses, lumber, appliances and white goods in Streets or Alleys for collection. Such items should be disposed of by the Owners or Occupants of Lots at locally approved disposal sites.

jj. **Use of the Lake and Lake Front Lots.**

(1) **Boat Usage.** No motorized boats shall be used on the Lakes within Rouzan. The Association Board is entitled to limit the type of boats used on the Lakes for the safety of other residents and guests in Rouzan. No boats or other floating devices, whether or not otherwise permitted to be used on the Lakes, shall be allowed to rest for any extended length of time in the water (i.e., boats shall not be allowed to "park" on Lakes).

(2) **Bulkheads.** Owners of Lots adjoining Lakes shall not construct any bulkhead structure, pier, dock, deck or other structure abutting, over or encroaching into the Lakes.

(3) **Lake Usage.** There shall be no swimming in the Lakes, however, fishing (for recreational and not commercial purposes) is encouraged and permitted. The Residential Association may establish Rules and Regulations restricting entry to the Lakes to certain locations, limiting the number of fish that may be taken from the Lakes, and limiting usage to Owners and their immediate families and Tenants, and such other regulations as may be established by the Residential Association. Owners of Lots abutting a Lake are responsible for keeping the edge of the Lake abutting their individual Lots clean from debris and weeds.

kk. **Vehicles and Other Equipment.** None of the following may be kept or stored within a Residential Lot in Rouzan: (a) junk or abandoned vehicles, (b) commercial vehicles other than company automobiles provided for personal use, (c) trailers, (d) tractor-trailers, (e)

campers, (f) motor homes and recreational vehicles, (g) camp trucks, (h) house trailers, (i) boats, (j) boat trailers, or (k) other machinery or equipment of any kind or character (except for such equipment as may be reasonable, customary and usual in connection with the use and maintenance of any Dwelling or other Improvements located upon the Lot). No repair, maintenance or restoration of automobiles or other authorized vehicles (except for bona-fide emergencies) may be carried out on any Residential Lot or at any location within Rouzan unless and except to the extent such repair, maintenance or restoration can be accomplished inside an enclosed Garage with all doors to the said Garage closed. This restriction shall not apply to vehicles, trailers, boats, machinery, equipment or the like stored and kept on a Lot within an enclosed Garage. Nothing in this Section 6.6 shall act to prohibit or restrict the use or storage of electric golf carts or other electric-powered vehicles to the extent permitted by and operated in accordance with all applicable law; provided that such vehicles are stored and parked in accordance with this Declaration.

II. **Window Coverings.** Unless Declarant (or the Design Review Board, if Declarant hereafter elects to delegate such approval responsibility to such Board) otherwise agrees, the only acceptable window coverings that may be affixed to the interior of any window visible from any Street, Alley or other portion of the property are drapes, blinds, shades, shutters or curtains. The side of such window coverings that is visible from the exterior of any Improvements must be off-white in color only, except that any window coverings consisting of wooden blinds or shutters may be a natural wood color. Notwithstanding the foregoing, Declarant or the Design Review Board may, from time to time, approve additional colors as acceptable. In no event shall an Owner or builder affix a window screen to the exterior of any window which faces a Street frontage. No window tinting or reflective coating may be affixed to any window that is visible from any Street, Alley or other portion of the property, without the prior approval of Declarant (or the Design Review Board, if Declarant hereafter elects to delegate such approval responsibility). No mirrored coatings will be permitted.

Section 6.7 Enforcement of All Restrictions Related to Lots.

a. **Violations of Restrictions.** When an Owner is deemed to be in violation of the provisions of these restrictions, the Association and/or Declarant, or any agents thereof shall give notice of the violation to the Owner as provided for herein. The defaulting Owner shall then have fifteen (15) Days from the receipt of notice to correct such violation. In the event the defaulting Owner does not cure such violation within the fifteen (15) day period, the Association and/or Declarant, or any agents thereof shall have the option of imposing and the right to collect a fine, the amount of which may be determined by the Association by act of resolution. If the violation continues and is not cured, after thirty (30) Days, the Association and/or Declarant, or any agents thereof shall have the option of imposing and the right to collect an additional fine of two (2) times the amount of the first fine. If the violation continues and is not cured, after forty-five (45) Days, the Association and/or Declarant, or any agents thereof shall have the option of and the right to pursue any legal remedies available to them, including the option of imposing and the right to collect an additional fine of four (4) times the amount of the first fine. Fines may be prorated to the date of correction. A monthly invoice may be submitted to the defaulting Owner using the methods for notice detailed herein. Failure to cure the violation and pay any ensuing Assessment will result in the Association and/or Declarant, or any agents thereof pursuing all remedies available to them. The Association may also restrict the Owner's use of the Commons

for up to sixty (60) Days or until remedied, whichever is longer. The primary goal, however, of the Association is not to punish but to conciliate and resolve problems. The Association may suggest or approve dispute resolution agreements and withhold the requirement of paying a fine if the agreement is honored. Fines shall be charged against an Owner's Lot as an Individual Lot Assessment.

b. **Additional Remedies.** All remedies listed in this Section are non-exclusive and may be applied cumulatively. The Association shall also have the right to bring suit to enforce the covenants and Rules and Regulations, as described in Section 8.11 of the Master Declaration.

Section 6.8 Residential Units on Mixed Use Lots. Owners of units designated for residential use in Buildings on Mixed Use Lots (such as apartments, Condominiums or lofts) shall comply, and shall demand that any Tenant or Occupant of such unit, comply with all restrictions contained in this Article 6. Owners of residential units on Mixed Use Lots shall be members of the Residential Association. Nothing herein shall prohibit the Owners of residential units of Mixed Use Lots from organizing other associations to impose additional restrictions on their Lots or units; provided however, that in the case of a conflict between such restrictions and those contained herein or in the Rules and Regulations of the Residential Association, either this Declaration or the Rules and Regulations of the Residential Association shall govern.

ARTICLE 7 CONSTRUCTION COVENANTS & RESTRICTIONS

To ensure the construction of any Improvement within Rouzan occurs in a safe, timely manner and supports the vision of the Guiding Principles without damaging the natural landscape or disrupting residents, these regulations will be enforced during the period of construction on any Lot.

Section 7.1 Regulatory Compliance. The Owner and its Contractor(s) shall comply with all applicable laws, rules, regulations or other requirements of any applicable Governmental Authority during any period of construction of an Improvement on such Owner's Lot. The Owner and its Contractor(s) accept all responsibility for compliance with all applicable laws, rules, regulations and other requirements of any applicable Governmental Authority, including compliance by any sub-contractors.

Section 7.2 Construction Site Rules and Regulations. The following Rules and Regulations govern the operation and maintenance of a residential construction site within Rouzan during the period of construction of an Improvement on a Lot (the "**Construction Site Rules and Regulations**"). Contractors and Owners shall be required to abide by all Construction Site Rules and Regulations during construction of Improvements on any Residential Lot within Rouzan. Any breach of these Construction Site Rules and Regulations shall result in the imposition of a fine and/or fee on the Owner and Contractor.

a. **Jobsite Best Practices.** Any Contractor working in Rouzan must be fully licensed, bonded and insured as required by the East Baton Rouge Parish Building Department. Contractors must also be approved by the Design Review Board prior to beginning of Work in accordance with Section 5.4.

b. **Verbal Approvals.** Approvals must be in writing. Verbal approvals of any kind will not be considered binding if an issue arises during the construction process.

c. **Debris Removal.** Construction debris and waste is not permitted to accumulate on any Lot or Commons for a period exceeding five (5) Days. Any spillage must be remedied immediately. Cost of the cleanup of any construction-related spillage will be charged to Owner as an Individual Lot Assessment.

d. **Construction Materials/Stockpiling.** Construction materials are not permitted to accumulate on any Lot for a period exceeding thirty (30) Days from initial delivery. No stockpiling, access, parking or dumping on adjacent Lots or Commons shall be permitted.

e. **Garages.** Any Garage that is to be constructed on a Lot shall be completed contemporaneously with the completion of any Dwelling and/or Improvements to be constructed on the Lot, except with the prior consent of the Design Review Board to a different scheduling.

f. **Silt Fencing/Erosion Control.** Silt fencing and mats must be utilized during all phases of construction to protect the curbs, Streets, storm drains and other sensitive, Declarant-owned infrastructure from the accumulation of loose silt. The fencing must be erect and maintained in good condition until the construction is complete and the Improvements are approved for occupancy. Fencing materials should be of the fiberglass-reinforced type with heavy-duty wooden posts. It should be installed by burying the bottom of the fabric at least 6 inches to prevent silting under it. Silt fencing must be placed around the down slope perimeter of areas to be graded, while providing adequate space for construction activity. Soil may not be placed against the fence and accumulated silt must be cleared out regularly. Modification and/or repair of the fencing must be performed as soon as need is evident. Contractors are responsible for pre- and post-storm inspections.

g. **Drainage.** Lot Owners are responsible for providing proper storm water drainage in the approved directions indicated by the drainage plan for Rouzan on file with the East Baton Rouge Department of Public Works. During construction, Contractors must ensure that storm water does not pool on the Lot or run off onto an adjacent Lot or Commons. Storm water that accumulates during construction must be directed according to the aforementioned drainage plan. Additionally, mud from construction vehicles or Lot wash out must be removed from the Street frontage daily.

h. **Trash Receptacles.** Trash receptacles must be provided by the Contractor and all paper goods, lightweight materials and general construction waste must be deposited into the receptacle daily. The Contractor must also ensure that the contents of the trash receptacle are secured. The Declarant reserves the right to immediately remedy any egregious trash accumulation at the Contractor's expense.

i. **Burning.** No burning is permitted on the jobsite at any time.

j. **Sanitary Facilities.** Each jobsite must provide a temporary restroom facility. The temporary restroom must sit on the Lot property to the rear of the sidewalk with the door facing away from the Street. It also must be cleaned and maintained on a regular basis to avoid unsanitary conditions.

k. **Jobsite Conduct.** The conduct of Contractors, sub-contractors and their respective employees at the construction site shall be governed by the Construction Standards & Code of Conduct for Rouzan attached hereto as **Exhibit H**.

l. **Access.** All construction vehicles and equipment must use the designed construction entrance from Perkins Road.

m. **Hours of Operation.** The regular construction hours in Rouzan are defined in the "Construction Standards & Code of Conduct for Rouzan" attached hereto as **Exhibit H**.

n. **Utilities.** Only utilities provided on the immediate jobsite shall be used. No utility connections from adjacent Lots or Commons are permitted at any time.

o. **Sidewalk Protection.** Dirt layering should be used where heavy trucks will gain access to the Lot to prevent cracking of the sidewalks. All cracked or broken sidewalks must be repaired and approved by the Declarant, at Contractor's expense, prior to occupancy. Repairs will be made using a straight saw cut with typical expansion joints. Fencing around sidewalks may be required by the Design Review Board, in its sole discretion.

p. **Concrete Washout.** Washout by concrete trucks shall only be done on the Lot under construction in a properly constructed wash-out box and removed during the first construction cleanup period following completion of the rough framing and again immediately following the flatwork installation.

q. **Hazardous Waste.** Contractors shall provide a contact person and telephone number for a company experienced in emergency response for vacuuming and containing spills for oil or other petroleum products. In the event of a spill, the Contractor shall immediately attempt to stop the flow of contaminants. The responsible Contractor shall commit all necessary manpower, equipment and materials to the containment and rapid remediation of spills. A reportable spill is defined as a spill of one or more gallons and a significant spill is defined as more than ten (10) gallons. After any reportable spill is contained, the Contractor shall notify the appropriate local, state and federal agencies. The Contractor is to maintain a list of product names and a Materials Safety Data Sheet ("MSDS") for all hazardous materials used or located on site. In the event of a leak, spill or release, the Contractor is to provide the MSDS to emergency personnel for health and safety concerns. Disposal of paint residue is not permitted on site and especially on or near protected trees.

Section 7.3 Construction Compliance Deposit. For all Major Improvements, prior to commencing any construction activity on a Lot, a compliance deposit in the amount of \$5,000.00 must be submitted to the Design Review Board as security for the project's full and faithful performance in accordance with its approved final plans and all applicable laws, rules, regulations and other requirements of any applicable Governmental Authority, as well as the Construction Site Rules and Regulations ("**Construction Compliance Deposit**"). The Construction Compliance Deposit shall be placed in an escrow account for the benefit of the Association. Upon completion of construction, the Construction Compliance Deposit will be returned to the Contractor less (i) applicable inspection fees as set forth in the Guiding Principles, and (ii) any fees and fines levied due to violations of the Construction Site Rules and

Regulations (“**Construction Site Infraction**”). It is recommended that the Owner and the Contractor share the burden of the Construction Compliance Deposit to ensure both parties are accountable.

Section 7.4 Construction Site Infractions. In the event of a Construction Site Infraction, written notification of a Construction Site Infraction, with relevant photo documentation and a statement of the associated fees and fines, will be submitted by the Design Review Board to the Contractor and the Owner (“**Infraction Notice**”). Contractors and Owners committing Construction Site Infractions shall be subject to the fees and fines. The amount of such fees and fines shall be set by the Association, depending on the level and scope of non-compliance. Contractors and Owners will not be required to remit any payment for such Construction Site Infractions at the time of the documented infraction. Rather, the associated fee will be deducted from the Construction Compliance Deposit before the balance of the Construction Compliance Deposit is returned to the Contractor/Owner upon completion of construction. Contractors and Owners wishing to challenge an Infraction Notice must submit written notice of its election to challenge such allegation within five (5) business days of the date of the Infraction Notice, identifying the Infraction Notice being challenged and setting forth in detail the basis of its challenge. Failure of a Contractor/Owner to timely challenge an Infraction Notice in accordance with this Section 7.4 shall constitute an admission on the part of the Contractor/Owner to such Construction Site Infraction and agreement to pay the fines and fees set forth in such Infraction Notice. In addition to any fees and fines set forth in the Infraction Notice, Contractors/Owners electing to challenge an Infraction Notice will be required to pay the Declarant’s, Association’s and/or Design Review Board’s legal fees incurred in defending the Contractor’s/Owner’s challenge unless Contractor’s/Owner’s challenge is successful.

Section 7.5 Use of Alleys and Sidewalks During Construction. Notwithstanding anything to the contrary herein, any and all construction-related activities and/or traffic on, to, from or for the benefit of any Alley-Loaded Lot shall only be from the front or Street side of the Lot, including but not limited to the delivery of materials and equipment. Any violation shall result in the Owner of the Lot as to which the violation occurred being held personally responsible for any and all damages caused by the said violation, including but not limited to the cost of repairing any damages caused thereby to the Alley or sidewalks. Nothing herein shall prevent Declarant or the Design Review Board from requiring the Owner of a Lot or Lots from constructing an Alley, sidewalk, or related Improvement in conjunction with such Owner’s development of its Lot(s).

Section 7.6 Garden Walls and Fences. The cost for constructing any Garden Wall or Fence shall be borne as follows:

a. **Voluntary Garden Walls and Fences.** If an Owner of a Residential Lot is permitted, but not required, to construct a Garden Wall or Fence, and such Owner elects to construct a Garden Wall or Fence, then the Owner who elects to so construct a Garden Wall or Fence shall bear the full cost of such construction, unless the Lot is adjacent to another Lot and the adjacent Lot Owner agrees to bear a portion of the cost of construction. The adjacent Lot Owner shall not have any obligation, however, to agree to pay for any portion of the cost of the construction of the Garden Wall or Fence. Regardless of who pays the cost of construction of a Garden Wall or Fence, the cost of maintenance of the Garden Wall or Fence shall be divided

equally between the Owners of the Lots between which the Garden Wall or Fence is constructed. The cost of maintaining any Garden Wall or Fence constructed within the confines of the boundary of a Lot that is not bounded by another Lot shall be borne in full by the Owner of the Lot upon which the Garden Wall or Fence is constructed. Each Owner, by executing a cash sale, deed or other instrument pursuant to which such Owner acquired title to a Residential Lot, acknowledges and agrees to the obligations set forth herein with respect to the cost of construction of any Garden Wall or Fence and the maintenance of same. Notwithstanding the foregoing, Declarant shall not be required to share in the cost of maintaining any Garden Wall or Fence; all such costs are to be paid by the Owner of any Lot who has purchased the Lot from Declarant.

b. **Mandatory Garden Walls and Fences.** If a Garden Wall or Fence is required to be constructed on the boundary of a Residential Lot that is not bounded by another Lot along that boundary, then the Owner shall bear the full cost of construction of the Garden Wall or Fence, as well as the maintenance of same. If the Guiding Principles requires that a Garden Wall or Fence be constructed along the boundary between two (2) adjacent Lots, then the first of the Owners of the Lots to construct a Dwelling, Building or other Improvements on his/her Lot shall be required to construct the Garden Wall or Fence, at his/her cost and expense; the adjacent Lot Owner shall, in such cases, be offered the opportunity to pay fifty (50%) percent of the actual cost of same. Notwithstanding the foregoing, the Owner so constructing a Garden Wall or Fence, or his/her successors or assigns in the event the Owner that constructed the Garden Wall or Fence no longer owns the Lot in question, shall be entitled to reimbursement from the then Owner of the adjacent Lot when plans for the construction of a Dwelling, Building or other Improvements on the adjacent Lot are presented for approval pursuant to Article 5, such amount of reimbursement owed to the Owner who constructed the Garden Wall or Fence being hereby fixed at \$75.00 per linear foot for Garden Walls and \$15.00 per liner foot for Fences, effective as of recordation of this Declaration, subject to escalation at a rate of one-quarter percent (.25%) per month hereafter, regardless of the actual cost of construction of the said Garden Wall or Fence. Regardless of how the cost of construction of a Garden Wall or Fence is determined or divided, the cost of maintenance of the Garden Wall or Fence shall be divided equally between the Owners of the Lots between which the Garden Wall or Fence is constructed. Each Owner, by executing a cash sale, deed or other instrument pursuant to which such Owner acquired title to a Residential Lot, acknowledges and agrees to the obligations set forth herein with respect to the cost of construction of any Garden Wall or Fence and the maintenance of same. The obligation to share costs of construction and maintenance of a Garden Wall or Fence apply only to that portion of a Garden Wall or Fence which is constructed as a common wall along a boundary between two (2) Lots. Notwithstanding the foregoing, Declarant shall not be required to share in the cost of maintaining any Garden Wall or Fence, all such costs to be paid by the Owner of any Lot who has purchased the Lot from Declarant.

Section 7.7 Right to Fine/Additional Fines. The Declarant, the Design Review Board and the Association each reserve the right to issue fines to the Contractor and/or Owner for the violation of any of the procedures set forth in this Article. All fines imposed will be responsive to the nature and consequences of the degree of violation.

ARTICLE 8 GOVERNANCE OF ROUZAN

The Residential Association is responsible for maintaining the residential portion of Rouzan and enforcing the Residential Declaration and the relevant parts of the Master Declaration. While Declarant will control the Association during the development stage, the Owners themselves will be responsible for the continuation of the community through their participation in the Association.

Section 8.1 Governance by Associations. Rouzan shall be governed by two Associations comprised of the Owners within Rouzan. The Owners of Commercial Lots shall be Members of the Commercial Association and the Owners of Residential Lots shall be Members of the Residential Association. Owners of Mixed Use Lots shall be Members of the Commercial Association; however, if such Lot contains separately owned units, the Owners of each unit shall be a Member of the Association for Owners of the same use type as such Owner's unit.

Section 8.2 Joint Rouzan Council. Upon the approval of a majority of each the Residential Association Board and the Commercial Association Board, there may be created a Rouzan Council, consisting of six members, with each Association Board appointing three representatives. Rouzan Council shall meet quarterly or at such other times as the Rouzan Council shall decide and shall act as an advisory committee for such issues as may involve the community as a whole. Rouzan Council may be delegated responsibilities by an Association upon approval of a majority of the Association's Board, and acceptance by Rouzan Council.

Such responsibilities may include (by way of example only) the approval of the Institute's budget, the designation of Commons as Commercial Commons or Residential Commons and creating a plan for capital Improvements.

Section 8.3 Formation and Operation. The Association Articles and Association Bylaws, which create the Residential Association as a non-profit corporation and provide certain procedures for its corporate organization, are attached hereto as **Exhibits B and C**. The Residential Association and the Association Board shall operate pursuant to ARTICLE 9 of the Master Declaration.

Section 8.4 Suspension of Association Membership. The Association Board may suspend the voting rights of any Member and the right of enjoyment of the Commons of any Person who:

a. fails to take the reasonable steps to remedy a violation or breach of this Declaration, the Residential Declaration, the Master Declaration, or the Rules and Regulations of an Association within thirty (30) Days after having received notice of same pursuant to the provisions of Section 14.5.

b. shall be delinquent in the payment of any Assessment levied by an Association pursuant to the provisions of ARTICLE 12 of the Master Declaration;

c. shall be in violation of this Declaration or the Rules and Regulations of an Association relating to the use, operation and maintenance of the Commons; or

d. participates in conduct which the Association Board, in its discretion, may deem to be prejudicial to the interests of the Association; provided, however, that there shall be a fair hearing and written notice mailed to the Member(s) setting forth the date of such hearing and the alleged offense.

Any suspension Subsection (a) or (b) of this Section 8.4 shall be for the balance of the period in which said Member or Person shall remain in violation, breach or default, as aforesaid. In the case of a violation described in Subsection (c) of this Section 8.4, the suspension shall comply with the terms of Section 3.3f of the Master Declaration. In the case of a violation under Subsection (d) of this Section 8.4 the length of the suspension shall be at the discretion of the Association Board. Any suspension of the right of enjoyment of the Commons shall not apply to the Members right to use the Common Roads.

ARTICLE 9 INSTITUTE

The Institute is responsible for the encouragement and promotion of the arts and cultural events within Rouzan. While Declarant will control the Institute during the development stage, the Owners themselves will be responsible for the continuation of the community through their participation in the Institute.

Section 9.1 Duties. The Institute is responsible for the encouragement and promotion of the arts and cultural events within Rouzan and may take such actions as are consistent with that purpose. This power and authority is to be liberally construed in favor of authorizing actions by the Institute.

Section 9.2 Membership. Every Owner shall be a Member of the Institute. Membership shall be appurtenant to and may not be separated from title to any Lot. Persons who are not Owners may apply for membership into the Institute by sending such application to the Institute Board or by following any guidelines for membership as may be promulgated by the Institute Board.

Section 9.3 Formation and Operation. The Institute Articles and Institute Bylaws, which create the Institute as a non-profit corporation and provide certain procedures for its corporate organization, are attached to the Master Declaration. The Institute and the Institute Board shall operate pursuant to ARTICLE 10 of the Master Declaration.

ARTICLE 10 FISCAL AFFAIRS

To fulfill its obligation to maintain the Commons and perform such other services as provided by the Residential Association, the Residential Association Board is responsible for the fiscal management of its Association as governed by ARTICLE 11 of the Master Declaration.

ARTICLE 11 COVENANTS FOR ASSESSMENTS

The cost of fulfilling the Association's financial obligations is funded by means of Assessments. To assure the Association of a reliable source of funds and to protect those Members who contribute their equitable share, Assessments are mandatory and are secured both by a lien on the Lot and the Member's personal obligation. The Residential Association shall assess its Assessments pursuant to ARTICLE 12 of the Master Declaration.

ARTICLE 12 INSURANCE

Insurance is essential to protect the interests of the various Owners and to assure that funds will be available for rebuilding after a casualty. The Residential Association Board shall obtain insurance pursuant to the terms of ARTICLE 13 of the Master Declaration.

ARTICLE 13 AMENDMENT AND TERMINATION

Amendment and termination of this Declaration is governed by ARTICLE 14 of the Master Declaration.

ARTICLE 14 GENERAL PROVISIONS

Section 14.1 Sales Offices. Notwithstanding any language in this Declaration to the contrary, as long as Declarant or any nominee of Declarant owns any immovable property in Rouzan, Declarant or its nominees shall have the right and privilege to maintain general and sales offices in and about Rouzan, including model homes and offices, and to have their employees present on the premises to show property within Rouzan, use the Commons and, without limitation, to do any and all other things necessary or appropriate by them to sell or lease Lots, homes, office space or other property, all without charge or contribution to the Associations except that Declarant will owe Assessments just as any other Owner; provided, however, that such activities shall be carried on in such a manner as will not unreasonably interfere with enjoyment of the Lot(s).

Section 14.2 Interpretation. The provisions of this Declaration shall be liberally construed to effectuate their purpose of creating a uniform and consistent plan for the development and operation of Rouzan as a TND. The italicized portions at the beginning of an Article are intended to state the purposes for the provisions that follow and may be used as an aid to interpretation. However, if the italicized portion conflicts with the operative provision, the operative provision shall govern. The captions of the various articles and provisions in this Declaration are for convenience only and in no way define, limit, or describe the scope of this Declaration, or the intent of any provision hereof. All references to particular Sections or Articles shall, except as otherwise expressly stated, be deemed to be references to those particular Sections or Articles of this Declaration.

Section 14.3 Mandatory Dispute Resolution Procedures and Rules.

a. **Application.** The following Dispute Resolution Procedure (“**Dispute Resolution Procedure**”) shall apply to and be mandatory for any and all claims or disputes that deal solely with the applicability and enforceability of this Declaration as a whole, and, (a) do not involve a party’s application for immediate injunctive or similar relief; or (b) in the case of an Owner, do not involve a situation that constitutes an immediate, material threat to its relationship with any Mortgagee (each a “**Claim**”).

b. **Notice.** Any Party (“**Claimant**”) having a Claim against or dispute with any other party(ies) (whether one or more, “**Respondent**”) shall provide notice to each Respondent in writing, stating plainly and concisely:

(1) the nature of the Claim, including the Persons involved and Respondent’s role in the Claim;

(2) the legal basis of the Claim (i.e., the specific authority out of which the Claim arises);

(3) Claimant’s proposed remedy (in the case of a refusal to provide consent, the City/Parish shall provide what change should be made to achieve consent); and

(4) that Claimant will meet with Respondent to discuss in good faith ways to resolve the Claim.

c. **Negotiation.** The parties shall make every reasonable effort to meet “in person” and confer for the purpose of resolving the Claim by good faith negotiation for a period of not less than fifteen (15) Days.

d. **Termination of Negotiations.** If the parties do not resolve the Claim through negotiation (“**Termination of Negotiations**”), the Claimant shall have sixty (60) Days following the Termination of Negotiation to submit the Claim to a facilitated minitrial in accordance with Subsection (e) below or the Claim shall be deemed abandoned, and the Respondent shall be released and discharged from any and all liability to Claimant arising out of such Claim; provided, nothing herein shall release or discharge the Respondent from any liability to Persons not a party to the foregoing proceedings.

e. **Facilitated Minitrial.**

(1) After the Termination of Negotiations, Claimant may elect to require the parties to participate in a facilitated minitrial with notice to the other party.

(2) A minitrial shall be presented before a neutral facilitator and one representative of each party. At least three (3) Days before the minitrial, each side will prepare and distribute to the representatives and the facilitator a written summary of its position, which may not exceed ten (10) double-spaced pages. At the minitrial, each side will have not more than three (3) hours to make an oral presentation, and thereafter the representatives will attempt in good faith and with the aid of the facilitator to resolve the dispute. Efforts to reach a

settlement will continue until at least fifteen (15) Days have passed since the minitrial and one party provides notice of its desire to proceed to non-binding arbitration under Subsection (f) below.

(3) The minitrial will be conducted according to the AAA Mini-Trial Procedures then in effect. The parties will attempt to agree on a mutually accepted facilitator. If the parties cannot agree within ten (10) Days of the request to conduct a minitrial, the AAA will be asked to select the facilitator. The parties will equally share any fees charged by the facilitator or AAA.

f. **Arbitration.** After the conclusion of the facilitated minitrial, either party may elect to require the parties to participate in nonbinding arbitration in accordance with the rules and procedures of the American Arbitration Association (“AAA”) rules for non-binding arbitration. Except for issues related to force majeure, unless the parties agree in writing to be bound by the arbitrator’s decision (“Award”) prior to the commencement of arbitration proceedings under the foregoing paragraph, any party shall be free to reject the Award and sue in court of competent jurisdiction or initiate proceedings before any appropriate administrative tribunal.

g. **Allocation of Costs of Resolving Claims Prior to Litigation.** Each party shall bear all of its own costs incurred prior to and during the proceedings described above, including the fees of its attorney or other representative. Each party shall share equally all charges rendered by the facilitator or arbitrator.

Section 14.4 No Waiver. The waiver by any party of a breach of any provision of this Declaration, the Master Declaration, the Commercial Declaration, the Guiding Principles, the Landscape Regulations or the Rules and Regulations, shall not operate or be construed as a waiver of any subsequent breach of that provision by any party. Failure to enforce any provision of this Declaration, the Master Declaration, the Commercial Declaration, the Guiding Principles or the Rules and Regulations, shall not be deemed a waiver of the right to do so at any time thereafter and shall not operate or be construed as a waiver of the right to enforce such provision at a later date, even if under identical circumstances and even if involving the same parties.

Section 14.5 Notices. Any notice required to be sent to the Owner shall be deemed to have been properly sent when mailed, postage prepaid, or hand delivered to the Lot and, if different, to the last known address of the Person who appears as Owner of the Lot as that address is stated on the records of the Association at the time of the mailing. The date of mailing shall be deemed the date of giving of notice, except that the date of actual receipt shall be the date of the giving of any notice of change of address.

Section 14.6 Rights of Mortgagees.

a. **Special Rights of First Mortgagees.** Any Mortgagee owning a First Mortgage encumbering any Lot, upon filing a written request therefor with the applicable Association, shall be entitled to: (a) written notice from the Association of any default by the mortgagor or Owner of such Lot in the performance of such mortgagor’s or Owner’s obligations under this Declaration, any Supplemental Declaration, the Association Articles, Association Bylaws or the

Rules and Regulations, which default is not cured within sixty (60) Days after the Association learns of such default; (b) examine the books and records of the Association during normal business hours, including the right to examine current copies of this Declaration, any Supplemental Declaration, the Master Declaration, the Commercial Declaration, the Association Articles, Association Bylaws or the Rules and Regulations, and the books, records and financial statements of the Association; (c) receive a copy of the financial statements within ninety (90) Days following the end of any fiscal year of the Association; (d) receive written notice of abandonment or termination of the Association or of any plan of abandonment or termination contemplated under this Declaration, any Supplemental Declaration, the Association Articles or the Association Bylaws; (e) receive thirty (30) Days' written notice prior to the effective date of termination of any agreement for professional management of the Association or the Commons following a decision of the Association to assume self-management of the Commons; (f) written notice of any lapse, cancellation or material modification of any insurance policy or fidelity bond maintained by the Association; (g) written notice of any proposed action which would require the consent of Mortgagees; and (h) immediate written notice as soon as the Association receives notice or otherwise learns of any damage to the Commons or such Lot if the cost of reconstruction exceeds Ten Thousand Dollars (\$10,000) and as soon as the Association receives notice or otherwise learns of any condemnation or eminent domain proceedings or other proposed acquisition with respect to any portion of the Commons or such Lot. The number of Mortgagees who have filed such written request may be certified by the secretary of the Association by written instrument and such certification shall be conclusively presumed to be correct.

b. **Priority of First Mortgage Over Assessments.** Each Mortgagee who obtains title to the Lot encumbered by a First Mortgage, pursuant to the remedies provided in such First Mortgage, by judicial foreclosure or by deed or assignment in lieu of foreclosure, shall take title to such Lot free and clear of all claims for unpaid Assessments or charges against such Lot which accrued prior to the time such Mortgagee acquires title to such Lot, other than allocation of any deficiency prorated among all Members of the Association.

Section 14.7 Gender and Number. The use of the masculine gender in this Declaration shall be deemed to include the feminine, or neuter, and the singular shall include the plural, wherever the context so requires.

Section 14.8 Law to Govern. This Declaration shall be construed in accordance with the laws of the State of Louisiana.

Section 14.9 Validity. If any one or more of the provisions (or any part thereof) of this Declaration, the Master Declaration, the Commercial Declaration, the Guiding Principles or of the Rules and Regulations, shall be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions (or any part thereof) shall not in any way be affected or impaired thereby and the balance of this Declaration, the Master Declaration, the Commercial Declaration, the Guiding Principles and the said Rules and Regulations shall remain in full force and effect. If any provision, or subpart of a provision, of this Declaration is for any reason and at any time determined to be invalid, illegal or unenforceable (a) it is expressly stated that such determination shall be applicable only to the parties involved in the arbitration or court proceeding in which such determination has been

rendered, and then only to the particular facts and circumstances presented to the arbitrator(s) or court; (b) where a provision is determined to be invalid, illegal or unenforceable because it is determined to be excessively broad, the court or arbitrator(s) making that determination are requested and authorized, where reasonably possible, to reform the subject provision by declaring it limited and reduced to make it compatible with applicable law; and (c) the court or arbitrator(s) making that determination are requested and authorized, where reasonably possible, to declare that provision or subpart reformed so as to eliminate only the portion of same which is determined to be invalid, illegal or otherwise unenforceable, so that the balance of said provision is allowed to remain in full force and effect.

Section 14.10 Owner's Acceptance. By accepting title to any of the Lots or other property included now, or in the future, within Rouzan, each Owner agrees that he accepts title to said Lot or other property subject to the terms, provisions and acknowledges of: (a) this Declaration, (b) the Master Declaration, (c) the Guiding Principles, (d) any Rules and Regulations that may be subsequently adopted, from time to time, by the Associations or the Association Boards, and all modifications thereto, and (e) any future amendments to this Declaration, the Master Declaration, the Commercial Declaration, and/or the Guiding Principles adopted pursuant to the terms and provisions of this Declaration.

ARTICLE 15 INTERVENTION

Section 15.1 Engquist-Rouzan Commercial Development, LLC. Now to these presents comes Intervenor, herein represented by its undersigned representative, who after being sworn, declared that Intervenor is the owner of the Intervenor's Tracts and by its intervention in this Declaration, does hereby impose upon the Intervenor's Tracts the servitudes, building restrictions, restrictive covenants, and charges imposed by the Declarant upon Declarant's Property, and the owner or owners, from time to time, of the Intervenor's Tracts shall be Residential Owners and entitled to the rights and obligations of Residential Lot Owners as set forth in this Declaration. The servitudes, building restrictions, restrictive covenants, and charges herein imposed on the Intervenor's Tracts shall be covenants running with the land and shall apply against and affect all the property defined herein as Rouzan to the same extent as if Declarant was the owner of the Intervenor's Tracts and such tracts were included in Declarant's Property under this Declaration. Likewise, the provisions of this Declaration regarding governance of Rouzan shall apply to the Intervenor's Tracts as Residential Lots and to ownership of the Intervenor's Tracts as Residential Owners, subject to all the rights and privileges herein granted and to all the obligations, and restrictions herein imposed.

**ARTICLES OF AMENDMENT AND RESTATEMENT OF
THE ARTICLES OF INCORPORATION OF
ROUZAN HOMEOWNERS ASSOCIATION, INC.
(formerly Rouzan Neighborhood Association, Inc.)**

Rouzan Homeowners Association, Inc. (formerly Rouzan Neighborhood Association, Inc.), a Louisiana corporation (the "Corporation"), acting through the undersigned Declarant (as successor to the Founder), hereby certifies that:

FIRST: The restatement set forth in the SIXTH paragraph below (the "Amended and Restated Articles of Incorporation") accurately copies the articles and all amendments thereto in effect at the date of the restatement without substantive change except as made by the new amendments contained in the restatement, which amendments change the articles to read as set forth in the SIXTH paragraph below.

SECOND: Each of the amendments has been effected in conformity with law.

THIRD: The Corporation was formed pursuant to its Articles of Incorporation duly executed and acknowledged on December 29, 2011 ("Original Articles"), and are hereby restated on August 23, 2019.

FOURTH: The Original Articles provide that the Founder may amend the Articles of Incorporation without approval of the membership during the period when the Founder may appoint Class B Directors. Since the period when the Founder may appoint Class B Directors is ongoing, the Founder is amending the Original Articles without a vote of the membership. None of the amendments adversely affect the rights of any class or series of member in compliance with La. R.S. 12:237(C).

FIFTH: These Articles of Amendment and Restatement of Articles of Incorporation have been executed, acknowledged, and filed in the manner provided for articles of amendment in La. R.S. 12:238 and articles of restatement as provided for restated articles in La. R.S. 12:241 and shall be effective when filed with the Secretary of State as of the date and, if endorsed hereon, the hour of filing with him.

SIXTH: The Amended and Restated Articles of Incorporation read in their entirety as follows:

**AMENDED AND RESTATED
ARTICLES OF INCORPORATION**

OF
ROUZAN HOMEOWNERS ASSOCIATION, INC.
(formerly Rouzan Neighborhood Association, Inc.)

BE IT KNOWN, that on this 22nd day of August, 2019, before the undersigned Notary Public, personally came and appeared CHARLES A. LANDRY, a resident of lawful age of East Baton Rouge Parish, Louisiana, who declared before me, in the presence of the undersigned competent witnesses, that, availing itself of the laws of the State of Louisiana relating to non-profit corporations (La. R.S. 12:201 *et seq.*) (the "Act") does hereby amend and restate the Articles of Incorporation of Rouzan Homeowners Association, Inc..

ARTICLE I
NAME

The name of the corporation shall be Rouzan Homeowners Association, Inc.

ARTICLE II
DEFINITIONS

As used in these Articles of Incorporation, hereinafter referred to as the "Articles", unless the context requires otherwise, the following capitalized terms shall have the following meanings:

- A. "Association" means the non-profit corporation created by these Articles.
- B. "Declaration" means that instrument entitled "*Second Amended and Restated Residential Declaration of Covenants, Conditions, Restrictions and Servitudes for Rouzan*", executed in conformity with the provisions of applicable law to be recorded in the Office of the Clerk and Recorder of Conveyances of East Baton Rouge Parish, Louisiana. These Articles are attached as **Exhibit B** to the Declaration.
- C. "Declarant" means Engquist-Rouzan Residential Development, LLC., a Louisiana limited liability company, and its successors and assigns; provided, however, that no such assignment shall make any assignee the "Declarant" for purposes hereof unless such assignment is an assignment of all of Declarant's rights hereunder and is exclusive, and the assignee assumes all of the obligations of Declarant under the Declaration from and after the date of the assignment.
- D. "Member" means an Owner who, by virtue of these Articles and his status as Owner, is a member of the Association.
- E. "Owner" means the owner(s) of record title to a Residential Lot or unit designated for residential use in a Mixed Use Unit, as defined in the Declaration.

F. **"Property"** means the immovable property described or designated as Commons in the Declaration, and the buildings and other improvements now or hereafter constructed thereon all of which are subject to the terms and provisions of the Declaration, and all rights, ways, appurtenances, servitudes and other rights attaching or pertaining thereto.

G. **"Rouzan"** means the traditional neighborhood development established by the Declaration (defined herein).

All other words or phrases used herein shall have the meanings given to them in the Declaration. As used herein, reference to the masculine gender shall include the feminine gender, and reference to the singular shall include the plural, and vice versa, unless the context clearly requires otherwise.

ARTICLE III PURPOSE

The Association is organized pursuant to the Act, for the purpose of operating and managing the Property for the use and benefit of the Owners. The Association is organized as a non-profit corporation and shall make no distribution of income to its members, directors or officers.

ARTICLE IV DURATION

The Association shall enjoy perpetual existence unless and until the Declaration is terminated in accordance therewith.

ARTICLE V POWERS

The powers of the Association shall include the following:

A. To operate and manage the Property that is designated as Commons in the Declaration for the use and benefit of the Owners.

B. To carry out all the powers and duties vested in it pursuant to the Declaration affecting the Property.

C. To exercise and enjoy all of the powers, rights and privileges granted to or conferred upon non-profit corporations by the Act.

D. To exercise and enjoy all of the powers and duties reasonable and necessary to operate the Property as set forth in the Declaration, as it may be amended from time to time, including but not limited to the following:

1. To adopt and amend bylaws and rules and regulations;

2. To adopt and amend budgets for revenues, expenditures and reserves and make and collect assessments as provided in the Declaration, including for Assessments from Owners;

3. To hire and terminate managing agents and other employees, agents and independent contractors;

4. To institute, defend or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more Owners on matters affecting the Property;

5. To make contracts and incur liabilities;

6. To regulate the use, maintenance, repair, replacement and modification of Commons;

7. To cause additional Improvements to be made as a part of the Commons;

8. To acquire, hold, encumber and convey in its own name any right, title or interest to real or personal property;

9. To grant servitudes, leases, licenses, and concessions through or over the Commons;

10. To impose and receive any payments, fees or charges for the use, rental or operation of the Commons;

11. To impose charges for late payment of Assessments and, after notice and an opportunity to be heard, to levy reasonable fines for violations of the Declaration, Bylaws, and Rules and Regulations and, when the violation is a failure to pay for services, to interrupt those services until the violation has ceased;

12. To impose reasonable charges for the preparation and recordation of amendments to the Declaration, certificates of resale or statements of unpaid Assessments;

13. To provide for the indemnification of its officers and executive board and maintain Directors' and officers' liability insurance;

14. To enter into management agreements for the operation and administration of Rouzan, and to manage the Property;

15. To exercise all other powers that may be exercised in this state by legal entities of the same type as the Association; and

16. To exercise any other powers necessary and proper for the governance and operation of the Association.

The powers of the Association shall be subject to and shall be exercised in accordance with the provisions of the Declaration and the Bylaws.

ARTICLE VI MEMBERSHIP

The qualification of Members, manner of admission, and voting rights shall be as follows:

- A. The Association is organized on a non-stock basis.
- B. Class A Members shall consist exclusively of all Owners of Residential Lots and units in Rouzan, and no other person or other entity shall be entitled to Class A membership.
- C. The Class B Member shall consist exclusively of the Declarant, and no other person or other entity shall be entitled to Class B membership.
- D. After the Declaration has been recorded, a change in membership of the Association shall be established by recording in the Conveyance Records of the Clerk and Recorder of East Baton Rouge Parish, Louisiana, a sale or other instrument establishing record title to a Lot and the delivery to the Association of a certified copy of such instrument. The Owner designated by such instrument shall thereby become a Member and the membership of the prior Owner shall thereby be terminated.
- E. The interest of any Member in the Association and the shares of a Member in the funds and assets of the Association and membership voting rights cannot be assigned, alienated, sold, transferred, mortgaged, pledged, pawned, hypothecated, encumbered or conveyed in any manner except as an appurtenance to his Lot or unit.
- F. The voting rights of the Members shall be determined in accordance with the provisions of the Declaration and the Bylaws.

ARTICLE VII ASSOCIATION BOARD

The affairs of the Association shall be governed by an Association Board, whose number, qualification, powers, duties and term of office shall be set forth in the Bylaws. All of the powers and duties of the Association existing under the Act, the Declaration, the Articles and the Bylaws shall be exercised exclusively by the Association Board.

The names and addresses of the initial members of the Association Board, who shall hold office until their successors are elected and qualified in accordance with the provisions of the Bylaws, or until removed, are as follows:

Name:

Address:

Charles Landry	100 North Street, Suite 800, Baton Rouge, LA 70802
John Engquist	402 N. 4 th Street, Baton Rouge, LA 70802
Glen R. Jarrell	402 N. 4 th Street, Baton Rouge, LA 70802

ARTICLE VIII OFFICERS

The officers of the Association shall be selected by the Association Board in the manner provided for in the Bylaws. The officers shall consist of a President, Secretary and Treasurer and any other officer that the Association Board may deem necessary. The powers, duties and term of office of the Officers shall be set forth in the Bylaws.

The names and addresses of the initial officers, who shall hold office until their successors are selected in accordance with the provisions of the Bylaws, or until removed, are as follows:

<u>Name:</u>	<u>Title:</u>
Charles Landry	President
John Engquist	Vice President
Glen R. Jarrell	Secretary/Treasurer

ARTICLE IX INCORPORATOR

The name and address of the incorporator of the Association is: Charles A. Landry, 100 North Street, Suite 800, Baton Rouge, Louisiana 70802.

ARTICLE X REGISTERED OFFICE AND AGENT

The registered office of the Association shall be located at 100 North Street, Suite 800, Baton Rouge, Louisiana 70802. The registered agent upon whom service of process may be affected for the Association shall be Charles A. Landry. The registered agent's address is 100 North Street, Suite 800, Baton Rouge, Louisiana 70802. The registered agent's acknowledgement and acceptance of such designation is attached hereto.

ARTICLE XI BYLAWS

The Association shall be governed by the Bylaws. The Bylaws shall be adopted by the initial Association Board. The amendment, alteration or rescission of the Bylaws shall be by vote of not less than seventy-five percent (75%) of the Association Board subject to the approval of Owners representing not less than seventy-five percent (75%) of the total number of Residential Lots and residential units in Rouzan.

ARTICLE XII AMENDMENT TO ARTICLES OF INCORPORATION

A. The Articles may be amended by the vote of Owners representing not less than seventy-five (75%) of the total number of Residential Lots and units in Rouzan present at the annual meeting or at any special meeting called for that purpose; provided, however, that no amendment shall take effect unless approved by a majority of the members of the Association Board. Notice of the subject matter on any proposed amendment shall be included in the notice of any meeting at which a proposed amendment will be considered.

B. No amendment to the Articles which in any way changes or modifies the voting rights of any Members, or which in any way modifies the percentage of the assessment to be levied against any Member for the operation and maintenance of the Property may be made without the written approval of one hundred percent (100%) of the Members.

C. No amendment to the Articles shall be effective until it has been recorded with the Secretary of State of the State of Louisiana and a certified copy in the Conveyance Records of the Office of the Clerk and Recorder of East Baton Rouge Parish, Louisiana.

D. Notwithstanding the foregoing provisions of this ARTICLE XII, Declarant shall have the right to amend the Articles without the vote of the Owners during the Class B Control Period.

ARTICLE XIII ASSESSMENTS AND FUNDS

A. All Assessments paid by the Owners for the maintenance and operation of the Property shall be utilized by the Association to pay for the costs of maintaining and operating the Property. The Association shall have no interest in any funds received by it through Assessments from the Owners except to the extent necessary to carry out the powers vested in it for the benefit of the Owners and the Property.

B. The Association shall make no distribution of income to its Members, directors, or officers, and shall be conducted as a non-profit corporation.

C. Any funds held by the Association from its receipts, over and above the budgeted expenses shall be held for the use and benefit of the Members in proportion to the percentage of

their obligation to pay Assessments, and may be handled or distributed as the Association Board in its sole discretion determines.

D. Upon termination of the Declaration and dissolution or final liquidation of this Association, any distribution to the Members, in accordance with the provisions of this Article and the Declaration, shall not constitute or be deemed to be a dividend or distribution of income.

ARTICLE XIV INDEMNIFICATION

Every Director and every officer of the Association shall be indemnified by the Association against all expenses and liabilities, including attorneys' fees, reasonably incurred or imposed upon him in connection with any proceeding to which he may be a party, or in which he may become involved by reason of his being or having been a Director or officer of the Association, or any settlement thereof, whether or not he is a Director or officer at the time such expense is incurred, except in such cases wherein the Director or officer is adjudged guilty of willful misconduct or misconduct in the performance of his duties to the Association; provided that in the event of a settlement, the indemnification herein shall apply only when the Association Board approves such settlement and reimbursement as being in the best interests of the Association. This right of indemnification shall be in addition to and not exclusive of any and all other rights to which such director or officer may be entitled.

[remainder of page intentionally left blank]

IN WITNESS WHEREOF, the undersigned Declarant has executed these Articles of Amendment and Restatement in the presence of the undersigned witnesses on August 1st, 2019 at Baton Rouge, Louisiana.

EXHIBIT C

INITIAL FORM OF BYLAWS OF RESIDENTIAL ASSOCIATION

BYLAWS OF RESIDENTIAL ASSOCIATION
AMENDED AND RESTATED BYLAWS
OF
ROUZAN HOMEOWNERS ASSOCIATION, INC.
(formerly Rouzan Neighborhood Association, Inc.)

These are the Amended and Restated Bylaws of Rouzan Homeowners Association, Inc. (formerly Rouzan Neighborhood Association, Inc.), adopted and ratified by the Declarant pursuant to Section 8.5 of the Bylaws of Rouzan Neighborhood Association Inc., dated this 28th day of August, 2019. Capitalized terms used herein without definition shall have the meanings specified for such terms in the Residential Declaration of Covenants, Conditions, Restrictions and Servitudes for Rouzan (“**Declaration**”)

ARTICLE I
GENERAL

Section 1. Applicability. These Bylaws provide for the governance of that certain A Master Planned Community known as “**Rouzan**” located in the City of Baton Rouge, Parish of East Baton Rouge, Louisiana, pursuant to the requirements of the Louisiana Non-Profit Corporation Law. The Property is described in the Master Declaration, the Residential Declaration and Exhibits attached thereto, which Declarations and Exhibits have been or will be recorded in the Conveyance Records of East Baton Rouge Parish, Louisiana. These Bylaws shall apply only to those Owners of Residential Lots in Rouzan.

Section 2. Compliance. Every Owner of a Residential Lot in Rouzan and all those subject to the Residential Restrictions contained in ARTICLE 6 of the Residential Declaration shall comply with these Bylaws.

Section 3. Office. The office of the Association and the Association Board shall be located at Rouzan or at such other place as may be designated from time to time by the Association Board.

ARTICLE II
OWNERS ASSOCIATION

Section 1. Composition.

(a) There shall be two (2) types of membership in the Association: Class A membership and Class B membership. The Class A membership shall consist of all of the Owners of Residential Lots and those Owners of Residential units located in a Mixed Use Lot., acting as a group in accordance with the Act pursuant to the Declaration and these Bylaws. The Class B membership shall consist of the Declarant, as defined in the Residential Declaration,

until termination of the Class B Control Period, as set forth in the Residential Declaration. After termination of the Class B Control Period, the Association shall consist only of Class A Members.

(b) For all purposes, the Association shall act merely as an agent for the Owners as a group. The Association shall have the responsibility of administering Rouzan, establishing the means and methods of collecting Assessments and charges, arranging for the management of Rouzan and performing all other acts that may be required or permitted to be performed by the Association by the Declaration and applicable law. Except as to those matters which applicable law specifically requires to be performed by the vote of the Association, the foregoing responsibilities shall be performed by the Association Board as more particularly set forth in Article III of these Bylaws.

Section 2. Annual Meetings. The annual meeting of the Association shall be held each year on or before March 1 of each year. At such annual meeting, the Association Board shall be elected by ballot of the Members in accordance with the requirements of Sections 3 and 4 of Article III of these Bylaws. So long as Declarant shall be a Class B Member of the Association, Declarant shall be entitled to designate the Directors. Declarant shall select the members of the initial Association Board as listed in the Articles of Incorporation.

Section 3. Place of Meetings. Meetings of the Association shall be held at the principal office of the Association or at such other suitable place convenient to the Members as may be designated by the Association Board.

Section 4. Special Meetings.

(a) The President shall call a special meeting of the Association if so directed by resolution of the Association Board or upon a petition signed and presented to the Secretary by Owners of not less than fifty percent (50%) of total number of Residential Lots and units in Rouzan. The notice of any special meeting shall state the time, place, and purpose thereof. No business shall be transacted at a special meeting except as stated in the notice.

(b) Pursuant to the terms of the Declaration, upon termination of the Class B Control Period, a special meeting of the Association shall be held at which all of the Directors designated by Declarant shall resign, and the Owners, including Declarant if Declarant owns one or more Residential Lots, shall thereupon elect successor Directors.

Section 5. Notice of Meetings. The Secretary shall mail to each Owner a notice of each annual and special meeting of the Owners at least ten (10) days but not more than sixty (60) days prior to the date fixed for the meeting. Such notice of the annual meeting shall state the time and place of the meeting and shall also state the purpose of the meeting if a specified action is to be taken at the meeting. In the case of a special meeting, such notice shall state the purpose of the meeting. Notice shall have been deemed to have been given upon personal delivery, receipt by Owner of electronic mail with read receipt requested or if the notice is mailed, when such notice is placed in the United States mail, postage prepaid and addressed to an Owner at his or her last known address on record with the Association.

Section 6. Quorum and Adjournment of Meetings. Except as otherwise provided in these Bylaws, the presence in person or by proxy of the Owners holding over forty percent (40%) of the total number of the Residential Lots and units shall constitute a quorum at any meeting of the Association.

If at any meeting of the Association a quorum is not present, or the withdrawal of enough Members leaves less than a quorum present at a meeting already called to order, Owners may continue to transact business, or a majority of the total number of Owners of Residential Lots or units present at such meeting in person or by proxy may adjourn the meeting to a time and place they determine all in accordance with the provisions of La. R.S.12:231 of the Louisiana Nonprofit Corporation Law. Notice of such second meeting shall be attempted pursuant to Section 5 of this Article.

Section 7. Order of Business. The order of business at all meetings of the Association shall be as follows:

- (a) Roll call.
- (b) Proof of notice of meeting.
- (c) Reading of minutes of preceding meeting.
- (d) Reports of officers.
- (e) Report of Association Board.
- (f) Reports of committees.
- (g) Election or appointment of inspectors of election (when so required).
- (h) Old business.
- (i) New business.

Section 8. Title to Lots and Residential Parcels. Title to a Residential Lot may be taken in the name of one or more Persons, in any manner permitted by law. The Association may acquire, hold and transfer full legal title to one or more Residential Lots in Rouzan in its own name, but only if the unanimous consent of the Association Members is obtained.

Section 9. Voting. During the Class B Control Period, Declarant, as the sole Class B Member, shall have the sole voting rights in the Association. After the termination of the Class B Control Period, voting at all meetings of the Association shall be exercised by the Class A Members, unless otherwise set forth in the Declaration. Each Owner shall be entitled to one (1) vote for each Residential Lot owned, or such other allotment of votes as set forth by the Residential Association. Where the ownership of a Lot or unit is in more than one Person, the Person who shall be entitled to cast the vote of such Lot or unit shall be the Person named in a certificate executed by all of the owners of such Lot or unit and filed with the Secretary or, in the absence of such named Person from the meeting, the Person who shall be entitled to cast the vote

of such Lot or unit shall be the Person owning such Lot or unit who is present. If more than one Person owning such Lot or unit is present then such vote shall be cast only in accordance with their unanimous agreement. Such certificate shall be valid until revoked by a subsequent certificate similarly executed. Wherever the approval or disapproval of an Owner is required by applicable law, the Declaration or these Bylaws, such approval or disapproval shall be made only by the Person who would be entitled to cast the vote of such Lot or unit at any meeting of the Association.

Except where a greater number is required by applicable law, the Declaration or these Bylaws, the Owners of more than fifty percent (50%) of the total number of votes entitled to be cast voting in person or by proxy at a duly convened meeting at which a quorum is present are required to adopt decisions at any meeting of the Association. Any specified percentage of the Owners means the Owners owning such percentage interests in the aggregate.

After the termination of the Class B Control Period, if Declarant owns or holds title to one or more Lots or units, Declarant shall have the right at any meeting of the Association to cast the votes of such Lot or unit, or Lots or units. No Owner may vote at any meeting of the Association or be elected to or serve on the Association Board if the Association has perfected a lien and privilege against his Residential Lot as a result of the Owner's failure to pay any Assessment, and the amount necessary to release such lien and privilege has not been paid at the time of such meeting or election.

Section 10. Amendment of Bylaws. During the Class B Control Period these Bylaws may be amended in the sole discretion of the Declarant. After the Class B Control Period, these Bylaws may be amended, altered or rescinded only by the vote of not less than seventy-five percent (75%) of the Directors, subject to the approval of the Owners representing not less than seventy-five (75%) percent of the total number of votes entitled to be cast for Residential Lots and units in Rouzan.

Section 11. Proxies. A vote may be cast in person or by proxy. Such proxy may be granted by any Owner in favor of only another Owner, a mortgagee or Declarant. Proxies shall be duly executed in writing, shall be valid only for the particular meeting designated therein and must be filed with the Secretary before the appointed time of the meeting. Such proxy shall be deemed revoked only upon actual receipt by the person presiding over the meeting of notice of revocation from the Owner owning such Residential Lot. Except with respect to proxies in favor of a mortgagee, no proxy shall in any event be valid for a period in excess of one hundred eighty (180) days after the execution thereof.

Section 12. Conduct of Meetings. The President shall preside over all meetings of the Association and the Secretary shall keep the minutes of the meeting and record in a minute book all resolutions adopted at the meeting as well as a record of all transactions occurring during the meeting. The President may appoint a person to serve as a parliamentarian at any meeting of the Association. All votes shall be tallied by persons appointed by the President or other officer presiding over the meeting.

ARTICLE III ASSOCIATION BOARD

Section 1. Number and Qualification. The affairs of the Association shall be governed by an Association Board. Until termination of the Class B Control Period, and thereafter until their successors shall have been elected by the Owners, the Association Board shall consist of such persons as may be designated by Declarant.

The Association Board shall be composed of three (3) persons, all of whom shall be Owners or spouses of Owners, mortgagees (or designees of mortgagees) or designees of Declarant. The three (3) person Board shall consist of Owners elected from the Residential Lots or units.

The Owners shall enjoy the benefits of cumulative voting in the election of Board members, meaning each Lot Owner shall be entitled to cast three (3) votes per seat being filled.

Section 2. Powers and Duties. The Association Board shall have all of the powers and duties necessary for the administration of the affairs of the Association and may do all such acts and things as are not required to be exercised and done by the Association or Owners by applicable law, the Declaration or these Bylaws. The Association Board shall have the power from time to time to adopt any Rules and Regulations deemed necessary for the benefit and enjoyment of Rouzan; provided, however, that such Rules and Regulations shall not be in conflict with applicable law, the Declaration or these Bylaws. In addition to the duties imposed by applicable law, the Articles of Incorporation, the Declaration, and these Bylaws or by any resolution of the Association that may hereafter be adopted, the Association Board shall on behalf of the Association:

(a) prepare an annual budget in which there shall be established the Assessments.

(b) make Assessments to defray the costs and expenses of the Association, establish the means and methods of collecting such Assessments from the Owners and establish the period of the installment payment of the General Assessment. Unless otherwise determined by the Association Board, the annual Assessment shall be payable in equal monthly installments, each such installment to be due and payable in advance on the first day of each month.

(c) provide for the operation, care, upkeep and maintenance of the Commons and services thereof.

(d) designate, hire and dismiss the personnel necessary for the maintenance, operation, repair and replacement of the Commons and provide services for Rouzan and, where appropriate, provide for the compensation of such personnel and for the purchase of equipment, supplies and material to be used by such personnel in the performance of their duties, which supplies and equipment shall be deemed part of Rouzan.

(e) collect the Assessments, deposit the proceeds thereof in bank depositories designated by the Association Board and use the proceeds to carry out the administration of Rouzan.

- (f) make and amend the Rules and Regulations.
- (g) open bank accounts on behalf of the Association and designate the signatories thereon.
- (h) make, or contract for the making of, repairs, additions and improvements to or alterations of Rouzan, and repairs to and restoration of Rouzan, in accordance with these Bylaws, after damage or destruction by fire or other casualty, or as a result of condemnation or eminent domain proceedings.
- (i) enforce by legal means the provisions of the Declarations, these Bylaws and the Rules and Regulations and act on behalf of the Owners with respect to all matters arising out of any eminent domain proceeding.
- (j) obtain and carry insurance against casualties and liabilities, as necessary, pay the premiums therefor and adjust and settle any claims thereunder.
- (k) pay the cost of all authorized services rendered to the Association and not charged to Owners or otherwise provided for in these Bylaws.
- (l) keep books with detailed accounts in chronological order of the receipts and expenditures affecting the Association and the administration of the Association specifying the expenses of maintenance and repair of the Commons and any other expenses incurred. Such books and vouchers accrediting the entries thereupon shall be available for examination by the Owners, their duly authorized agents or attorneys, during general business hours on business days at the times and in the manner set and announced by the Association Board for the general knowledge of the Owners. All books and records shall be kept in accordance with good and accepted accounting practices. Upon the request of the Association, the books and records may be audited by an independent accountant retained by the Association Board who shall not be an occupant of Rouzan or an Owner. The cost of such audit shall be included in the General Assessment.
- (m) notify a Mortgagee of any default hereunder by the Owner of the Residential Lot subject to such Mortgage, in the event such default continues for a period exceeding thirty (30) days.
- (n) borrow money on behalf of the Association when required in connection with the operation, care, upkeep and maintenance of the Commons, provided, however, that the consent of Owners representing at least seventy-five percent (75%) of the total number of Lots and units in Rouzan, obtained at a meeting duly called and held for such purpose in accordance with the provisions of these Bylaws, shall be required to borrow any sum in excess of Twenty-Five Thousand Dollars (\$25,000.00).
- (o) acquire, hold and dispose of Lots and Commons and mortgage the same if such expenditures and hypothecations are included in the budget adopted by the Association and the purchase is approved by all of the Owners.

(p) do such other things and acts not inconsistent with applicable law, Declaration or these Bylaws which the Association Board may be authorized to do by a resolution of the Association.

Section 3. Election and Term of Office.

(a) The term of the initial Directors appointed by Declarant shall be three (3) years. At the special meeting referred to in Article II, Section 4(b) above, the Owners shall elect the Association Board, and their terms of office shall be as follows: the term of office of three (3) of the Directors shall be fixed at three (3) years, the term of office of three (3) of the members of the Board of the Directors shall be fixed at two (2) years, and the term of office of one (1) of the Directors shall be fixed at one (1) year. At the expiration of the initial term of office of each member of the initial Association Board selected at that special meeting, a successor shall be elected to serve for a term of three (3) years. The Directors shall hold office until their respective successors shall have been elected by the Association except in the case of earlier removal or resignation.

(b) Persons qualified to serve as Directors may be nominated for election only as follows:

(1) Any Owner may submit to the Secretary at least thirty (30) days before the meeting at which the election is to be held a nominating petition signed by an Owner and a statement that the person nominated is willing to serve on the Association Board. The Secretary shall mail or hand-deliver the submitted items to every Owner along with the notice of such meeting; or

(2) Nominations may be submitted from the floor at the meeting at which the election is held for each vacancy on the Association Board for which no more than one person has been nominated by petition.

Section 4. Removal or Resignation of Directors. Except with respect to Directors designated by Declarant, at any regular or special meeting duly called, any one or more of the Directors may be removed with or without cause by a majority vote of the Owners and a successor may then and there be elected to fill the vacancy thus created. Any Director whose removal has been proposed by the Owners shall be given at least seven (7) days' notice of the time, place and purpose of the meeting and shall be given an opportunity to be heard at the meeting at which his removal is to be considered. A Director may resign at any time. A Director shall be deemed to have resigned upon disposition of his Lot.

Section 5. Vacancies. Vacancies in the Association Board caused by any reason other than the removal of a Director by a vote of the Owners shall be filled by a vote of a majority of the remaining Directors at a special meeting of the Association Board called for such purpose promptly after the occurrence of any such vacancy, even though the Directors present at such meeting may constitute less than a quorum. Each person so elected shall be a Director for the remainder of the term of the member being replaced and until a successor shall be elected at the next annual meeting of the Association. Notwithstanding anything to the contrary in this

Section or in the preceding Section 4, during the Class B Control Period, Declarant shall designate the successor to any resigned or removed Director previously designated by Declarant.

Section 6. Organization Meeting. The first meeting of the Association Board following the annual meeting of the Association shall be held within thirty (30) days thereafter at such time and place as shall be fixed by the Association at the meeting at which such Association Board shall have been elected, and no notice shall be necessary to the newly elected Directors in order to constitute such meeting, providing a majority of the Association Board are present at such first meeting.

Section 7. Regular Meetings. Regular meetings of the Association Board may be held at such time and place as is determined from time to time by a majority of the Association Board, but such meetings shall be held at least once every four (4) months during each fiscal year. Notice of regular meetings of the Association Board shall be given to each Director, by mail, at least three (3) business days prior to the date of such meeting.

Section 8. Special Meetings. Special meetings of the Association Board may be called by the President on three (3) business days' notice to each Director, given by mail, which notice shall state the time, place and purpose of the meeting. Special meetings of the Association Board shall be called by the President or Secretary in like manner and on like notice on the written request of at least three (3) Directors.

Section 9. Waiver of Notice. Any Director may at any time, in writing, waive notice of any meeting of the Association Board, and such waiver shall be deemed equivalent to such notice having validly been given. Attendance by a Director at any meeting of the Association Board shall constitute a waiver of notice by him of the time, place and purpose of such meeting. If all Directors are present at any meeting of the Association Board, no notice shall be required and any business may be transacted at such meeting.

Section 10. Quorum of Association Board. At all meetings of the Association Board a majority of the Directors shall constitute a quorum for the transaction of business, and the votes of a majority of the Directors present at a meeting at which a quorum is present shall constitute the decision of the Association Board. If at any meeting of the Association Board there shall be less than a quorum present, a majority of those present may adjourn the meeting.

Section 11. Conduct of Meetings. The President shall preside over all meetings of the Association Board and the Secretary shall keep a minute book of the Association Board recording therein all resolutions adopted by the Association Board and a record of all transactions and proceedings occurring at such meetings.

Section 12. Action Without Meeting. Any action by the Association Board required or permitted to be taken at any meeting may be taken without a meeting if all of the Directors shall individually or collectively consent in writing to such action. Any such written consent shall be filed with the minutes of the proceedings of the Association Board.

Section 13. Compensation. No Director shall receive any compensation from the Association for acting in such capacity.

Section 14. Fidelity Bonds. The Association Board shall obtain and maintain adequate fidelity bonds in an amount not less than 125% of the total annual Assessments for the year (in such form and in such greater amounts as may be required by the mortgagees) to protect against dishonest acts on the part of the officers, Directors, and employees of the Association who handle or are responsible for Rouzan funds. The premiums on such bonds shall be paid as part of the General Assessment. Such fidelity bonds shall: (i) name the Association as an obligee; (ii) contain waivers of any defense based upon the exclusion of persons who serve without compensation from any definition of "employee" or similar expression; and (iii) provide that such bonds may not be cancelled or substantially modified (including cancellation for non-payment of premium) without at least thirty (30) days prior written notice to the mortgagees.

Section 15. No Liability of the Association Board, Officers, Owners, Association.

(a) The officers and Directors shall not be liable to the Association for any mistake of judgment, negligence or otherwise, except for their own individual willful misconduct or bad faith. The Association shall indemnify and hold harmless each of the officers and Directors from and against all contractual liability to others arising out of contracts made by the officers or the Association Board on behalf of the Association unless any such contract shall have been made in bad faith or contrary to the provisions of applicable law, the Declaration or these Bylaws, except to the extent such liability is covered by Directors and officers liability insurance. Officers and Directors shall have no personal liability with respect to any contract made by them on behalf of the Association. Every agreement made by the officers, the Association Board or a manager on behalf of the Association shall, if obtainable, provide that the officers, Directors or the manager, as the case may be, are acting only as agents of the Association and shall have no personal liability thereunder (except as Owners). No Owner, as a Member of the Association, shall be personally liable for any obligation of the Association.

(b) The Association shall not be liable for any failure of water supply or other services to be obtained by the Association or paid for as part of the General Assessment, or for injury or damage to person or property caused by the elements or by any Owner or any other person or resulting from electricity, water, snow or ice which may leak or flow from any portion of the Commons or from any pipe, drain, conduit, appliance or equipment. The Association shall not be liable to any Owner for loss or damage, by theft or otherwise, of articles which may be stored upon any of the Commons. No diminution or abatement of any Assessments, as herein elsewhere provided, shall be claimed or allowed for inconvenience or discomfort, arising from the making of repairs or improvements to the Commons or from any action taken by the Association to comply with any law, ordinance or with the order or directive of any municipal or other governmental authority.

Section 16. Common or Interested Directors. Each Director shall exercise his powers and duties in good faith and with a view to the best interests of Rouzan. No contract or other transaction between the Association and any of its Directors, or between the Association and any corporation, firm or association (including Declarant) in which any of the Directors are directors or officers or are pecuniarily or otherwise interested, is either void or voidable because any such Director is present at the meeting of the Association Board or any committee thereof which authorizes or approves the contract or transaction, or because his vote is counted for such purpose, if any of the conditions specified in any of the following subparagraphs exist:

(a) The fact of the common directorate or interest is disclosed or known to the Association Board or the committee, and the Association Board or committee authorizes, approve or ratifies such contract or transaction in good faith by a vote sufficient for the purpose without counting the vote of the interested Director or Directors; or

(b) The fact of the common directorate or interest is disclosed or known to the Owners, and the Owners approve or ratify the contract or transaction in good faith by a vote of the Owners sufficient for the purpose; or

(c) The contract or transaction is fair to the Association at the time it is authorized, ratified, approved or executed.

Any common or interested Directors may be counted in determining the presence of a quorum of any meeting of the Association Board or committee thereof, which authorizes approves or ratifies any contract or transaction.

Section 17. Committees. The Association Board may establish committees as it determines are necessary in their sole discretion to assist with the duties and responsibilities of the Board in maintaining and governing the Association.

ARTICLE IV OFFICERS

Section 1. Designation. The principal officers of the Association shall be the President, the Secretary and the Treasurer, all of whom shall be elected by the Association Board. The Association Board may appoint a Vice President, an assistant treasurer, an assistant secretary and such other officers as in its judgment may be necessary. The President shall be a Director.

Section 2. Election of Officers. The officers of the Association shall be elected annually by the Association Board at the organization meeting of each new Association Board and shall hold office at the pleasure of the Association Board.

Section 3. Removal of Officers. Upon the affirmative vote of a majority of all Directors, any officer may be removed, either with or without cause, and a successor may be elected at any regular meeting of the Association Board or at any special meeting of the Association Board called for such purpose.

Section 4. President. The President shall be the chief executive officer of the Association, preside at all meetings of the Association and of the Association Board, and have all of the general powers and duties which are incident to the office of president of a non-profit corporation organized under the Louisiana Nonprofit Corporation Law including without limitation the power to appoint committees from among the Owners from time to time as the President may in his discretion decide is appropriate to assist in the conduct of the affairs of the Association.

Section 5. Secretary. Except as provided in Section 7 of this Article relating to the appointment of a Vice President, the Secretary shall take the place of the President and perform the duties of the President whenever the President shall be absent or unable to act. If neither the President nor the Secretary is able to act, the Association Board shall appoint some other Director to act in the place of the President, on an interim basis.

The Secretary shall keep the minutes of all meetings of the Association and of the Association Board, have charge of such books and records as the Association Board may direct, maintain a register setting forth the place to which all notices to Owners and mortgagees hereunder shall be delivered, and in general perform all the duties incident to the office of secretary of a non-profit corporation organized under the Louisiana Nonprofit Corporation Law.

Section 6. Treasurer. The Treasurer shall have the responsibility for Association funds and shall be responsible for keeping full and accurate financial records and books showing all receipts and disbursements, and for the preparation of all required financial data, and be responsible for the deposit of all monies and other valuable effects in the name of the Association Board, the Association or the manager, in such depositories as may from time to time be designated by the Association Board, and in general perform all the duties incident to the office of treasurer of a non-profit corporation organized under the Louisiana Nonprofit Corporation Law.

Section 7. Vice President and Other Officers. In the event the Association Board appoints a Vice President, the Vice President shall take the place of the President and perform the President's duties whenever the President shall be absent or unable to act. The Vice President shall also perform such other duties as shall from time to time be imposed upon him by the Association Board or by the President.

In the event the Association Board appoints such other officers as it deems necessary, such officers shall perform such duties as shall from time to time be imposed upon them by the Association Board or by the President.

Section 8. Execution of Documents. All agreements, contracts, deeds, leases, checks and other instruments of the Association for expenditures or obligations in excess of Five Thousand Dollars (\$5,000.00) shall be executed by any two (2) officers designated by the Association Board. All such instruments for expenditures or obligations of Five Thousand Dollars (\$5,000.00) or less may be executed by any one (1) officer designated by the Association Board.

Section 9. Compensation of Officers. No officer who is also a Director shall receive any compensation from the Association for acting as such officer. All other permitted compensation for officers shall be determined by the Association Board.

ARTICLE V OPERATION OF THE PROPERTY

Section 1. Determination of Common Expenses and Common Assessments Against Owners.

(a) Fiscal Year. The fiscal year of the Association shall be the calendar year unless otherwise determined by the Association Board.

(b) Preparation and Approval of Budget.

(1) At least forty-five (45) days before the beginning of the fiscal year, the Association Board shall adopt a budget for the Association containing an estimate of the total amount considered necessary to pay the cost of maintenance, management, operation, repair and replacement of the Commons, and the cost of wages, materials, insurance premiums, services, supplies and other expenses that may be declared to be payable by General Assessment by the Declaration, these Bylaws or a resolution of the Association and which will be required during the ensuing fiscal year for the administration, operation, maintenance and repair of Rouzan and the rendering to the Owners of all related services.

(2) Such budget shall also include such reasonable amounts as the Association Board considers necessary to provide working capital, a general operating reserve and reserves for contingencies and replacements. At least thirty (30) days before the beginning of each fiscal year, the Association Board shall send to each Owner a copy of the budget in a reasonably itemized form which sets forth the estimated amount of the General Assessment and any Special Assessment payable by each Owner. Such budget shall constitute the basis for determining each Owner's Assessment.

(c) Assessment and Payment of Common Expenses. Subject to the provisions of Article 10 of the Declaration, the total amount of the estimated funds required for the operation of Rouzan set forth in the budget adopted by the Association Board shall be a lien against each Owner's Lot as provided in ARTICLE 12 of the Master Declaration. On or before the first day of each fiscal year, and the first day of each of the succeeding eleven months in such fiscal year, each Owner shall be obligated to pay to the Association Board or the manager (as determined by the Association Board) one-twelfth (1/12) of such Assessment. Within ninety (90) days after the end of each fiscal year, the Association Board shall supply to all Owners an itemized accounting of the Assessments for such fiscal year actually incurred and paid, together with a tabulation of the amounts collected pursuant to the budget adopted by the Association Board for such fiscal year, and showing the net amount over or short of the actual expenditures plus reserves. Any amount accumulated in excess of the amount required for actual expenses and reserves shall, if the Association Board deems it advisable, be credited according to each Owner's Assessments to the next monthly installments due from Owners under the current fiscal year's budget, until exhausted. Any net shortage shall be assessed promptly against the Owners in accordance with their Assessments and shall be payable either (1) in full with payment of the next monthly Assessment due, or (2) in not more than six (6) equal monthly installments, as the Association Board may determine.

(d) Reserves. The Association Board shall build up and maintain reasonable reserves for working capital, operations, contingencies and replacements. Extraordinary expenditures not originally included in the annual budget which may become necessary during the year shall be charged first against such reserves. If the reserves are inadequate for any reason,

including non-payment of any Owner's Assessment, the Association Board may at any time levy a further Assessment, which shall be assessed against the Owners according to their Assessments, and which may be payable in a lump sum or in installments as the Association Board may determine. The Association Board shall serve notice of any such further Assessment on all Owners by a statement in writing giving the amount and reasons therefor, and such further assessment shall, unless otherwise specified in the notice, become effective with the next monthly payment which is due more than ten (10) days after the delivery of such notice of further Assessment. All Owners shall be obligated to pay the adjusted monthly amount or, if such further Assessment is not payable in installments, the amount of such Assessment. Such Assessment shall be a lien as of the effective date as set forth in the preceding paragraph (c).

(e) Initial Capital Payment.

(1) Upon taking office, the first Association Board elected or designated pursuant to these Bylaws shall determine the budget, as defined in this Section, for the period commencing thirty (30) days after such election and ending on the last day of the fiscal year in which such election occurs. Assessments shall be levied and become a lien against the Owners during such period as provided in paragraph (c) of this Section.

(2) Declarant, as the agent of the Association Board, shall collect from each initial purchaser of a Lot at the time of closing an "initial capital payment" equivalent to three times the estimated monthly Assessment for such Lot. Declarant shall deliver the funds so collected to the Association Board to provide the necessary working capital for the Association.

(f) Effect of Failure to Prepare or Adopt Budget. The failure or delay of the Association Board to prepare or adopt a budget for any fiscal year shall not constitute a waiver or release in any manner of an Owner's obligation to pay his Assessments as herein provided whenever the same shall be determined and, in the absence of any annual budget or adjusted budget, each Owner shall continue to pay each monthly installment at the monthly rate established for the previous fiscal year until notice of the monthly payment which is due more than ten (10) days after such new annual or adjusted budget shall have been delivered.

Section 2. Collection of Assessments. The Association Board, or the manager at the request of the Association Board, shall take prompt action to collect any Assessments due from any Owner which remains unpaid for more than thirty (30) days from the due date for payment thereof.

Section 3. Statement of Common Expenses. The Association Board shall promptly provide any Owner, contract purchaser or mortgagee so requesting the same in writing with a written statement of all unpaid Assessments due from such Owner. The Association Board may impose a reasonable charge for the preparation of such statement to cover the cost of preparation.

ARTICLE VI MISCELLANEOUS

Section 1. Notices. All notices, demands, bills, statements or other communications under these Bylaws shall be in writing and shall be deemed to have been duly given if delivered personally, sent by electronic mail with read receipt requested or if sent by United States mail (or otherwise as the Association Board may determine), (i) if to an Owner, at the address which the Owner shall designate in writing and file with the Secretary or, if no such address is designated, at the address of the Lot of such Owner, or (ii) if to the Association, the Association Board or the manager, at the principal office of the manager or at such other address as shall be designated by notice in writing to the Owners pursuant to this Section. If a Lot is owned by more than one Person, each such Person who so designates an address in writing to the Secretary shall be entitled to receive all notices hereunder.

Section 2. Captions. The captions herein are inserted only as a matter of convenience and for reference only, and in no way define, limit or describe the scope of these Bylaws or the intent of any provision thereof.

Section 3. Gender. The use of the masculine gender in these Bylaws shall be deemed to include the feminine and neuter genders, and the use of the singular shall be deemed to include the plural, and vice versa, whenever the context so requires.

Section 4. Construction. These Bylaws are intended to comply with all applicable provisions of law and shall be so interpreted and applied.

Section 5. Severability. The invalidity in whole or in part of any article, section, subsection, sentence, clause, phrase or word or other provision of these Bylaws shall not affect the validity of the remaining portions thereof.

URBAN REGULATION INSTRUCTIONS FROM THE GUIDING PRINCIPLES

ROUZAN

Zone

Dist

Building Types

(From Z/A market study dated 2012)

Land Classifications

The purpose of the Planned Unit Development is to encourage flexibility, innovation and variety in the development of land in order to promote its most appropriate use; to improve the design, character and quality of development; to facilitate the adequate and economic provision of streets, utilities and services; to achieve beneficial land use relationships with the surrounding area; to preserve the unique natural and scenic features of the landscape; and to preserve open space as development occurs.

The Guiding Principles for Rouzan is developed around The Transect, a system of land classifications described in EBR UOC and The Lexicon of the New Urbanism, which incorporates a fine-grained network of lot distinctions. These characteristics follow the natural internal structure of an authentic neighborhood and serve to create the structure of Rouzan. This structure is expressed as three Village Context Subdistricts: Neighborhood Center (NC), Mixed Residential (MS) and Neighborhood Edge (NE).

A "Neighborhood Center Area" (NC) shall serve as the focal point of a TND, containing retail, commercial, civic, and/or public services to meet the daily needs of community residents. A "Neighborhood Center" shall be designed to encourage pedestrian movement. A square may be located in a Neighborhood Center Area. Retail and commercial uses should generally be located adjacent to a square. The Neighborhood Center Uses include retail shops, grocery stores, restaurants, offices, banks, hotels, a post office, governmental offices, churches, community centers, and attached residential dwellings.

A "Mixed Residential Area" (MR) may include a variety of residential land uses, including detached single-family, duplex, townhome, and multi-family. Civic uses and neighborhood-scale commercial and office uses may be permitted within a Mixed Residential Area with strict architectural and land use controls to ensure that they blend into the residential character of the neighborhood. A Mixed Residential Area shall include open spaces such as small squares, pocket parks, community parks, and/or greenbelts. A Mixed Residential Area shall promote pedestrian activity through well-designed and varied streetscapes that also provide for the safe and efficient movement of both pedestrian and vehicular traffic. A Mixed Residential Area may utilize alleys, either public or private. Varying lot sizes are encouraged within the Mixed Residential Area.

A "Neighborhood Edge Area" (NE) shall represent the least dense portion of a TND, with larger lots and greater setbacks than the rest of the neighborhood. Direct vehicular access to streets shall be permitted. Only single-family residential dwellings shall be permitted. A Neighborhood Edge Area is appropriate along the perimeter of the neighborhood. A portion of a TND that abuts existing or planned conventional low density housing shall be designated as a Neighborhood Edge Area.

The Guiding Principles creates an additional type of refined division within each of the individual described subdistricts. For example, in the Mixed Residential is the Mixed Residential I (MR-I), Mixed Residential II (MR-II) and Mixed Residential III (MR-III). These further serve to support an additional device, which further alters the placement of buildings on a lot, producing varying planning textures and urban behavior. Reference is made to the Urban Regulation Instructions in the guiding principles for further clarification.

EXHIBIT E
LANDSCAPE REGULATIONS

EXHIBIT E

ROUZAN LANDSCAPE STANDARDS

COTTAGE

Front Yard and Side Street Setbacks: Turf grass shall be limited to a 40% maximum. A minimum of one canopy tree or one ornamental or under-storey trees shall be planted in the Front Setback.

Private Zone: Existing vegetation shall be preserved if possible.

Rear and Side Yard Setbacks: Shrubs and beds should be considered in this zone.

HOUSE

Front Yard and Side Street Setbacks: Turf grass shall be limited to a 40% maximum. A minimum of one canopy tree or two ornamental or under-storey trees shall be planted in the Front Setback.

Front and Side Facade Zones: Turf grass shall be limited to a 40% maximum.

Private Zone: Existing vegetation shall be preserved if possible.

Rear and Side Yard Setbacks: Shrubs and beds should be considered in this zone.

MANOR

Front Yard and Side Street Setbacks: Turf grass shall be limited to a 40% maximum. A minimum of two canopy trees or two ornamental or under-storey trees shall be planted in the Front and Side Street Setbacks, unless existing.

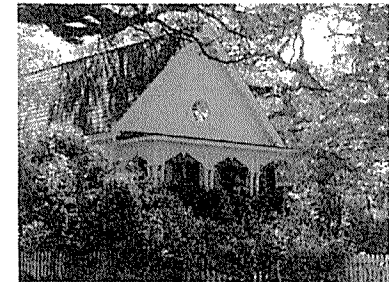

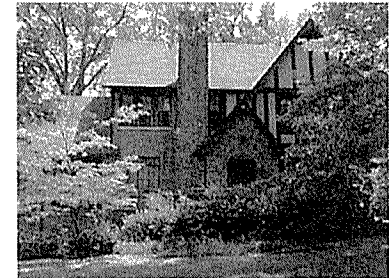

Front and Side Facade Zones: Turf grass shall be limited to a 40% maximum.

Private Zone: Existing vegetation shall be preserved if possible.

Rear and Side Yard Setbacks: Shrubs and beds should be considered in this zone.

NEIGHBORHOOD EDGE

Groundcovers and beds shall compose a minimum of 40% of the lot area, and turf grasses shall be limited to 60% or less. Turf grass is best utilized in the private yard for the benefit of children and pets. Habitat for the native bird population should be protected. Evergreen groundcover or shrubbery shall be planted in the 3' zone adjacent to the sidewalk. Street trees are planted every 30', alternating sides of the sidewalk, unless a canopy tree exists in the vicinity. Paving shall be a minimum of 60% non-mortared and a maximum of 40% poured concrete or grouted pavers.

VILLAGE COTTAGE

Front Yard and Side Street Setbacks: Turf grass shall be limited to a 30% maximum. A minimum of one canopy tree or two ornamental or under-storey trees shall be planted if none exist.

Private Zone: Existing vegetation shall be preserved if possible.

Rear and Side Yard Setbacks: Ground cover should be used rather than turf grass. Shrubs and beds should be considered in this zone.

NEIGHBORHOOD COTTAGE

Front Yard and Side Street Setbacks: Turf grass shall be limited to a 30% maximum. A minimum of one canopy tree or two ornamental or under-storey trees shall be planted if none exist.

Private Zone: Existing vegetation shall be preserved if possible.

Rear Yard Setback: Ground cover should be used rather than turf grass. Shrubs and beds should be considered in this zone.

HOUSE

Front Yard and Side Street Setbacks: Turf grass shall be limited to a 30% maximum. A minimum of two canopy trees or two ornamental or under-storey trees shall be planted in the Front Setback.

Private Zone: Existing vegetation shall be preserved if possible.

Rear and Side Yard Setbacks: Groundcover should be used rather than turf grass. Shrubs and beds should be considered in this zone.

MANOR

Front Yard and Side Street Setbacks: Turf grass shall be limited to a 30% maximum. A minimum of two canopy trees or two ornamental or under-storey trees shall be planted in the Front and Side Street Setbacks.

Private Zone: Existing vegetation shall be preserved if possible.

Rear and Side Yard Setbacks: Groundcover should be used rather than turf grass. Shrubs and beds should be considered in this zone.

TOWNHOUSE

Front and Side Facade Zones: Turf grass shall be limited to a 30% maximum. There are no tree requirements. Groundcovers and planting beds are encouraged. Rear Yard Setback: Ground cover should be used rather than turf grass. Shrubs are encouraged.

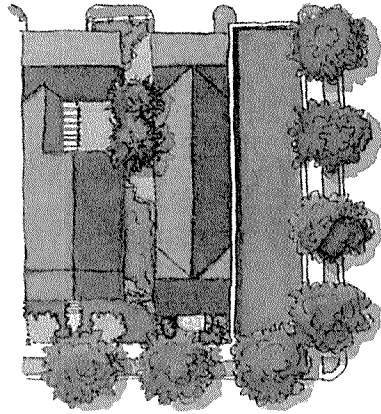

LIVE/WORK

Landscaping with this building type is limited to the planting strip and street trees. The owner is not responsible for the landscaping.

MIXED RESIDENTIAL

Groundcovers and beds shall compose a minimum of 60% of the lot, and turf grasses should be limited to 40% or less. Paving shall be a minimum of 60% non-mortared and a maximum of 40% poured concrete or grouted pavers. Evergreen groundcover or shrubbery shall be planted in the 3' zone adjacent to the sidewalk. Street trees are planted every 30', and occur between the sidewalk and curb. If there is an existing canopy tree within 10', it shall meet the requirement for a street tree.

COMMERCIAL [Provide Text]

Front and Side Facade Zones: Turf grass shall be limited to a 30% **maximum**. There are no tree requirements. Groundcovers and planting beds are encouraged.

Private Zone: Trees are encouraged but not required.

Rear Yard Setback: Ground cover should be used rather than turf grass.

MANSION CONDO

Front and Side Facade Zones: Turf grass shall be limited to a 30% **maximum**. There are no tree requirements. Groundcovers and planting beds are encouraged. Rear Yard Setback: Ground cover should be used rather than turf grass. Shrubs are encouraged.

LIVE/WORK

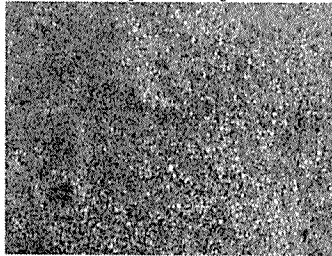

Landscaping with this building type is limited to the planting strip and street trees. The owner is not responsible for the landscaping.

NEIGHBORHOOD CENTER

Groundcovers and beds shall compose a minimum of 70% of the green space, and turf grasses should be limited to 30% or less. Paving may be entirely grouted or poured, although loose set pavers are encouraged in private yards. Evergreen groundcover or shrubbery shall be planted in the 30' zone adjacent to the sidewalk. Street trees are planted every 30', and occur between the sidewalk and curb. All street trees shall be of the same species and cultivar.

Brick Pavers

Neighborhood Center

Poured Concrete

Grouted Brick

Stamped Concrete

SURFACES

Paved areas should be kept to an absolute minimum in T3, limited in T4, and abundant in T5. As the sector of the Transect becomes more urban, the paved surfaces increase. In T3 and T4 the use of tire strip drives and shared drives are encouraged to minimize paving. Private drives and parking pads may be poured concrete, brick or gravel, with appropriate borders. Private walkways may be concrete, brick, stone, gravel or pine straw, but must be appropriately bordered. Where paved areas are adjacent to the public right-of-way, choice of color shall be determined by what is compatible with the public area. With the exception of poured surfaces, all paving should be dry-set.

Pine Straw and Pine Bark encouraged for use not only as mulch, but also as general ground cover. They may be used for paths in Private Yards.

PLANT PALETTE

The following is a list of plant materials, which are suggested for their compatibility in the overall character and theme and will perform well in this climate. This list is to be used as a reference and other plant materials

ROUZAN LANDSCAPE STANDARDS

ROUZAN offers a unique opportunity for the homeowner to live in a unique traditional neighborhood development. All aspects of this development, including the landscape, are encouraged to enhance the human-scale factor and seek to create an atmosphere that feeds the soul.

To ensure that the aesthetic harmony, natural tranquility and overall property will be enhanced and preserved, a Rouzan Design Review Board (DRB) will review and approve all architectural and landscape designs and plans before implementation.

The DRB will consist of at least one professional degreed and licensed Landscape Architect to review the plans and make appropriate comments and recommendations.

It is not the intent of these guidelines to create a development where all homes look alike. It is the opinion of the DRB that design variety and diversity of design can be obtained within these guidelines. For this reason, the DRB will review all designs, plans and construction for:

- 1) Primary site design issues.
- 2) Sensitivity to landscaping and surroundings.
- 3) Excellence in architectural and landscape design.
- 4) Minimal landscape requirements are used or exceeded.

- 1) **PRELIMINARY PLAN SUBMITTAL** - The Rouzan Design Review Board (DRB) highly recommends the property owner submit preliminary landscape/hardscape drawings for review. A preliminary design review does not constitute final approval on any aspect of the design. After approval of the preliminary drawings the owner may proceed and submit final drawings when they are ready.
 - a) The preliminary plan shall be of sufficient detail to show the overall landscape design intent for the property. The plan shall include plant material placement and proposed walks, courtyards, pools, decking, driveways, fences, and drainage swales and/or subsurface drainage and related elements.
 - b) Landscape/Hardscape plans should be submitted and reviewed along with the final architectural plan review in order to avoid any unnecessary delay and expense.
- 2) **FINAL LANDSCAPE PLAN SUBMITTAL**
 - a) The landscape plans should be submitted with the Final Plan Submittal. If the owner requests to have them submitted at a later date, notice should be given at the time architectural construction drawings are submitted. Landscape plans may be submitted at a later date provided they are approved prior to driveway construction. If Landscape plans are submitted at a later date, the subsequent review will be subject to an additional Design Review Fee.
 - b) Two sets of landscape/hardscape plans shall be submitted.
 - c) Drawings shall be at a minimum scale 1" = 20'.
 - d) Show footprint of house.
 - e) Show all existing trees on site.
 - f) 0 North arrow and lot/filing number.
 - g) The landscape plans shall show the proper name, size, spacing, location and quantity of all plant materials, as well as an accurate plant list.
 - h) A complete set of planting specifications for bed preparation, sodding and installation shall also be included.
 - i) Show final placement of all landscape elements such as driveway, mailbox, walks, patios, walls, fountains, pool, fencing, decks, etc. with appropriate spot elevations, and wall and fencing heights.
 - j) The landscape plan shall also show the final grading and drainage for the lot. This should be achieved by showing contour lines and/or adequate spot elevations for both surface and subsurface drainage.
 - k) Provide screening details and construction details for all appropriate items.
- 3) **PLANTING REQUIREMENTS** - The DRB will work with the Owner and may alter requirements depending on the materials selected in relationship to the overall appearance. Landscaping of the individual homes in Rouzan should reflect and enhance the original character of the neighborhood.

Landscaping and the building of driveways or fencing within utility servitudes is permissible, but it is the responsibility of the owner if in the future there is a need to remove same for access to such utilities.

Existing trees are very important to the visual character and quality of life in Rouzan. While it is inevitable that some trees will be removed to accommodate houses and site development, that removal shall be done by approved professionals after written approval for the specific tree to be removed.

General Requirements for Homeowner:

- a) One (1) 4" caliper tree per 3,000 square feet of lot area. All numbers shall be rounded up to the next whole number.
- b) A minimum of 50% of all planting requirements shall be installed in front yard. Corner lots are considered to have two front yards, therefore 1/3 of the requirements goes in each area.
- c) All non planted or paved areas shall be sodded in the front and side yards.
- d) All a/c compressors, utility boxes, gas meters and pool equipment must be visually screened from the street and public viewing. Details shall be submitted with the landscaping plan for approval.
- e) All planting to be used as screening must be evergreen planting.
- f) For those lots backing on existing neighborhood developments (i.e. Sweetbriar), the rear yard area shall have at least two (2) three inch caliper evergreen tree per fifty (50) linear feet and all planted within the landscape buffer along the back fence (as required in the TND).
- g) All lots up to a width of sixty (60) feet are required to have forty (40) three (3)-gallon shrubs to be planted in the front yard area.
- h) All lots over a width of sixty (60) feet are required to have a minimum of sixty (60) three (3)-gallon shrubs with in the front yard area.
- i) All gazebos, pigeoniers, arbors, or architectural landscape features shall relate to the design of the home in both form and material. Details and locations must be submitted for approval by the DRB prior to construction.
- j) Any landscape features such as fountains which will be visible by the public shall be reviewed and approved by the DRB.
- k) The front yard shall be adequately landscaped in the initial installation as approved by the DRB.
- l) All planned future enhancement and phasing must be approved by the DRB prior to installation.
- m) Installation of planting work shall be performed by a single firm specializing in landscape and planting work. Contractor shall be licensed by the National Association of Nurserymen, shall possess an agricultural certificate, shall be a licensed pest applicator, and shall have not less than 5 years of experience in this type of work.
- n) Any lots thirty-five (35) feet wide or larger shall have one (1) 4" caliper tree planted in rear yard adjacent.
- o) Any lots less than thirty-five (35) feet wide are required to have shrubs in rear yard.

The requirements may be altered by the DRB depending on size of material and overall appearance.

4) **LANDSCAPE INSTALLATION AND COMPLETION**

- a) All landscape areas must be completed prior to occupancy by the homeowner.
- b) If the owner moves in or occupies the home prior to the completion of the front landscaping, a fine of \$100/ day will be assessed.
- c) In addition, landscape deposit check shall be provided by owner to the homeowners association. If work is not completed within 30 days of occupancy, the association will use the deposit check to complete minimal landscape. If work is complete on time, the deposit check will be returned to the owner.
- d) Complete sodding of all front yard areas contiguous to streets is required. Corner lots are considered to have two front yards along the streets and must be sodded. All lake lot rear yards shall also be sodded to control runoff and to maintain the overall aesthetics of the lake. Certified centipede, Zoysia, or St. Augustine sod is recommended. With the exception of corner lots and lots contiguous to the lake, side and rear yards may be sprigged, plugged, sodded or seeded as indicated on the landscape plans.
- e) All landscape architects and contractors shall follow Louisiana Nursery Specifications and Standards.

5) **FINAL REVIEW** - After landscape/hardscape installation and construction are complete, a final review of the project must be obtained from the DRB. Final review approval must be obtained prior to release of any deposit(s) and owner move in.6) **CONSTRUCTION RESTRICTIONS** - All grading shall be subject to the jurisdiction of the DRB and considered individually for each home site. Recommendations or demands will be based upon individual site location, terrain, soil conditions, vegetation, drainage, proposed cuts and fills and any other conditions the DRB determines will impact the site grading.

Absolutely no grading whatsoever shall be permitted without first obtaining written authorization from the DRB.

7) **DRAINAGE** - Water runoff for each individual building site must be handled by adequately sloping all areas so that no surface drainage shall be allowed to drain to any adjacent properties. Water runoff and control is the responsibility of each lot owner.

- 8) **POOLS, THERAPY POOLS AND SPAS** - Pool and equipment enclosures must architecturally relate to the residence and other structures in their placement, mass and detail. They also should be screened or treated so as not to distract adjoining property owners because of noise or view. Pools must be completely enclosed by security fencing and gates meeting the safety requirements of East Baton Rouge Parish codes/ordinances and these guidelines. All pools and/or spas design must be submitted to the DRB for review and approval prior to installation and/or construction.
- 9) **EROSION CONTROL** - It will be the responsibility of the homeowner to properly install and maintain around the entire lot appropriate silt and sedimentation control measures prior to construction. The sediment and erosion control fencing shall remain until existing vegetation erosion has stabilized the soil to prevent erosion and silt from leaving the site.
- 10) **ACCESSORY BUILDINGS** - Cabanas, pergolas, pigeoniers and other utility buildings shall conform to all building setback lines and restrictions. The location and orientation of these structures shall be considered by the DRB as they relate to the views of surrounding houses. All accessory buildings must be submitted to the DRB for review and approval prior to installation and/or construction.
- 11) **UTILITY AREAS** - Appropriate fencing, screening or landscaping must visually screen utility yards, garbage areas, air conditioning units, utility boxes, gas/electrical meters, pool equipment and other unsightly elements. Details shall be submitted for approval with the landscape plans. The appropriate material must be as high as the objects to be screened. If plant materials are used, they must be evergreen and have the variety and spacing to achieve a solid screening effect.
- 12) **LANDSCAPE MAINTENANCE**
- a) Commercial chemical fertilizers, pesticides or herbicides are prohibited Residential type fertilizers approved by the DRB will be allowed.
 - b) Each homeowner is responsible to keep the property reasonably maintained, including the residence, driveway, garage and alley areas. It shall be in a clean and orderly manner at all times, and the owner is responsible for the costs associated with said maintenance and any repairs necessary.
 - c) The homesites shall be mowed at all times and free from trash, debris, and weeds. If weeds or grass grow in excess of 6" or trash is allowed to collect on the lot that is considered unsightly; the homeowners association shall notify the lot owner of the condition. They lot owner shall resolve the issue immediately. After two weeks if the homeowner does not comply, the association will have the work performed and require reimbursement of such costs, as well as, reasonable attorney fees incurred, if necessary.
 - d) Dead, diseased, or damaged trees on any lot which may create a hazard to any person or property shall be promptly addressed and removed if needed. If this is required to be done by the homeowners association due to inaction on the home or lot owner, a bill will be submitted along with any cost of collection to the owner for immediate payment.
 - e) Lot owners shall keep lots mowed and maintained at all times. If the lot becomes unsightly, the homeowners association will have the work done by a professional company and a bill will be submitted along with any cost of collection to the owner for immediate payment.
- 13) **FENCES OR WALLS** - Fences or walls along property lines that are in view of the public shall be metal, wood or masonry to match the architecture and finishes of the house. Fences along the rear of property may be wood. Plans and details for the proposed fence or wall shall be submitted to the DRB for review and approval prior to installation and/or construction. Visual examples of proposed styles and materials are required.
- 14) **FRONT WALKS**
- a) Front walks shall be a minimum of 48" wide.
 - b) Layout to be approved by DRB prior to installation.
 - c) Visual examples of proposed design and materials are required.
- 15) **LANDSCAPE MATERIALS**
- a) Topsoil: provide new topsoil for fine grading and all planting beds which is fertile, natural sandy loam, free of subsoil, clay, lumps, weeds, and other litter. It shall be free of roots, stumps, stones, or concrete pieces larger than two (2) inches in any dimensions.
 - b) All structural soils, toxic, and contaminated soils that would be considered harmful to plant growth shall be removed.
 - c) Planting soil mixes shall be appropriate for the specific species to be installed.
 - d) Planting palettes are provided; however, alternative plant materials may be submitted on the landscape plans for approval by the DRB prior to installation.
 - e) All planting and materials shall conform with ANSI Z60.1, "Standard for Nursery Stock".
- 16) **LANDSCAPE LIGHTING** - Exterior lighting is permitted and must be approved by the DRB prior to installations

EXHIBIT F
RESIDENTIAL DESIGN REVIEW PROCEDURE

EXHIBIT “F”

RESIDENTIAL DESIGN REVIEW PROCEDURE

Section 1. Design Review Procedure.

Each design for the construction of any Major Improvement on a Residential Lot in Rouzan (“**Design**”) will be subject to the approval of the Design Review Board (“**DRB**”) in accordance with the following Design Review Procedure (“**Procedure**”). All references to Improvements contained herein shall be Major Improvements.

Section 2. Definitions.

Unless otherwise defined herein, all capitalized terms used in this Procedure have the meaning ascribed to them in Appendix A of the Residential Declaration. Defined terms will be given their common and ordinary meanings when they appear uncapitalized in the text. Undefined terms will be given their common and ordinary meanings pursuant to custom and industry parlance.

Section 3. Approved Architect or Design Professional.

Owners shall retain the services of a qualified architect or design professional that is approved by the DRB pursuant to Section 5.4b of the Residential Declaration for Design preparation. The DRB reserves the right to deny approval of any architect or design professional in its sole discretion. The list of approved architects and other design professionals shall be maintained by the Residential Association in the registered office of the Residential Association and those lists shall be available for review by Owners during regular business hours of the Residential Association. The approval process for architects or design professionals that are not currently approved by the DRB is contained in Section 5.4d of the Residential Declaration.

Section 4. Design Review Fees.

A nonrefundable review fee (“**Review Fee**”), made payable to the Residential Association, is required for the following:

- a) Design Review: for the construction of an Improvement on a Lot, due upon submission of Schematic Design Phase submittal to the DRB.
- b) Pool Plan Review: for the construction of a pool, however there shall be no additional Review Fee if a pool plan is submitted with a Design for the construction of a Dwelling on a Lot.
- c) Landscape Review: for the review of all submitted plans for the landscape plan of an Improvement, due upon submission of Schematic Design Phase submittal to DRB.
- d) Revisions: for each review of a revised Design required by the DRB, due upon submission of the revised Design to the DRB.

e) Abbreviated Design Review, for each Abbreviated Design Review pursuant to Exhibit G of the Residential Declaration, due at submittal to the DRB.

The Review Fee Schedule (“**Fee Schedule**”) is attached as Appendix A. Fees are subject to change at the sole discretion of the DRB. If the DRB requires corrections or changes to Designs and the Designs must be re-submitted, there is an additional Review Fee for each re-submittal. Should Designs repeatedly (more than once) require correction, re-submittal, and review, the DRB may impose additional Review Fees at its discretion. Continual and excessive consultation may result in an additional Review Fee or new application.

Section 5. Review of Designs by DRB.

The DRB shall conduct Design reviews during its regular meetings or at such other times as it deems appropriate. Provided that submittal materials are complete, the DRB will respond within 30 days of the submittal. If a response is not issued within that period, the submittal shall be deemed **denied**.

Results of reviews will not be discussed over the telephone by members or representatives of the DRB with Owners, architects, designers or Contractors. Any response an Owner wishes to make in reference to the DRB’s review notice must be addressed to the DRB in writing. It is the intent of the DRB to enforce all provisions of the Guiding Principles; however the following will be of particular concern:

- a) Lot usage and Setbacks;
- b) Preservation of natural landscape;
- c) Building heights, massing and roof design;
- d) Exterior use of materials;
- e) Exterior colors compatible with the natural environment;
- f) Site development, grading and drainage;
- g) Encroachment or development within the water and drainage ways;
- h) Landscape plan and exterior lighting;
- i) Design integrity and visual strength; and
- j) Improvements on adjacent Lots, particularly adjacent views into private courtyards and coordination of vehicle access conflicts.

Section 6. Orientation Meeting.

a) Purpose. Before preparing Schematic Designs for any project, it is mandatory that the Owner and architect or designer meet a DRB representative at the Lot to identify the

Setbacks and discuss the proposed Design and building requirements in Rouzan (“**Orientation Meeting**”). An appointment for an Orientation Meeting shall be made in advance. First-time Contractors in Rouzan are required to attend the Orientation Meeting. Contractors that have previously built in Rouzan are not required, but are encouraged, to attend. The purpose of the Orientation Meeting is to offer guidance prior to initiation of the Schematic Design Phase and to establish any Lot restrictions. To prepare for this meeting, see the Orientation Meeting Agenda in Appendix B.

b) Additional Restrictions. The DRB may identify certain trees, terrain and view corridors on certain Lots, and other features that must be protected or retained. The DRB representative will cooperate with the Owner or Owner’s representative to determine what additional restrictions, if any, are required to properly develop the Lot while protecting natural features. Final Lot restrictions are not established until this meeting has taken place, and the DRB has notified the Owner, in writing, of any additional restrictions or conditions.

c) Pre-approved Design. If an Owner is using a Pre-approved Design (as defined below) an Orientation Meeting is encouraged but not required.

Section 7. Phase I - Conceptual Design Meeting.

It is recommended that Owner(s) meet with the DRB to discuss the conceptual Design of the Improvement in order to avoid unnecessary costs and delays and to ensure that Owners are planning and designing their Improvements consistent with the requirements of the Declarations and the Guiding Principles (“**Conceptual Design Meeting**”). The DRB will meet with the Owner prior to the Schematic Design Phase described in Section 8 below to assess the Schematic Design of the Improvement. The Conceptual Design Meeting is optional and shall be at the Owner’s discretion. There shall be no fee for a Conceptual Design Meeting; however an Owner is limited to one Conceptual Design Meeting per Improvement constructed on a Lot.

If an Owner chooses to participate in the Conceptual Design Meeting, two copies of the following materials shall be provided to the DRB on a 24” x 36” plan roll (if applicable):

- 1) Completed Design Review Application attached hereto as Appendix C.
- 2) Site plan.
- 3) Building elevations: 4 sides preferred; 2 sides minimum (front and courtyard elevations) (1/8” or 1/4” scale).
- 4) Floor plan (1/8” or 1/4” scale).
- 5) Auxiliary elements/key Design features (i.e., water features, Garden Walls, Fences, etc.).
- 6) Any other items agreed upon during the Orientation Meeting.

Any materials required by this Procedure shall be submitted to:

Rouzan Design Review Board
c/o DRB Coordinator
402 N Fourth St.
Baton Rouge, LA 70802

Section 8. Phase II - Schematic Design Phase.

When the schematic design of the Improvement (“**Schematic Design**”) is complete, Schematic Designs shall be submitted to the DRB (“**Schematic Design Phase**”). No review will commence until all the following materials and any supplemental materials and information have been submitted:

- a) Completed Design Review Application
- b) Design Review Fee (See Section 4, Appendix A)
- c) Two (2) hard copy sets of Schematic Designs or a digital format Schematic Designs. Schematic Designs must include:

- 1) Vicinity Map including Lot number.
- 2) Site plan (1/8” scale min.), showing the entire Lot, location of the proposed Setbacks, Dwelling, landscape zones and all other improvements, driveways, parking area, utility line extensions, existing and proposed topography, proposed finished floor elevations, all trees of 6-inch caliper or greater, special terrain features to be preserved and trees (6-inch caliper or greater) to be removed.

The site plan must include the following area calculations: total livable area, total non-livable interior area (garages, storage, etc.), total outdoor porch/patio/deck area, total area of driveways and paving, and total area under roof. The site plan must include a separate calculation showing the total disturbed area in square feet and as a percentage of the gross lot area.

- 3) Floor and roof plans (scale 1/4” = 1’ min) showing proposed finished floor elevation.
- 4) All exterior elevations (front elevation 1/4” scale, rear and sides 1/8” scale) showing both existing and proposed grade lines, diminished grade-to-ridge heights and roof pitch.
- 5) Material outlines describing all exterior materials and colors for all exterior elevations.
- 6) Landscape plan, including plant bedding surround materials/details (1/8” min., however same scale shall be used as on the site plan).
- 7) Prospective renderings, (if available).

- 8) All red-lined plans from the Conceptual Design Meeting Phase (if applicable) and revisions showing annotated alterations.
- 9) Zoning variance documentation (if applicable).
- 10) Common elements / key features; waterfalls, Garden Walls, Fences, entries, etc.
- 11) All other items agreed upon in the Conceptual Design Meeting Phase (if applicable).

Section 9. Schematic Submittal Review by DRB.

After receipt of a complete package of the documents referenced in Section 8 above, the Schematic Design submittal of the Owner will be deemed complete. The DRB will then review the Schematic Design and respond in writing within 30 days of submittal. If the DRB does not respond to the Owner within the time period, then the application shall be deemed **denied**. The DRB may extend the review period at its sole discretion.

Section 10. Schematic Submittal Response.

The DRB will approve the Schematic Design submittal with or without conditions and corrections (“**Schematic Design Approval**”) or will disapprove the Schematic Design submittal and provide an explanation. Any response an Owner may wish to make regarding the results of the Schematic Design review must be addressed to the DRB in writing. Approval of a Schematic Design submittal will be considered valid for one (1) year from the date of approval. The submittal to the DRB will be considered abandoned if a Final Design is not submitted in that period, and the Owner will be required to restart the Procedure at the Schematic Design Phase if the Design becomes active again, subject to new application fees.

The DRB, in its sole discretion, may determine that the Schematic Design submittal is adequate to meet the criteria required for a Final Design submittal and may issue Final Design Approval for the Owner’s submittal of the Design to East Baton Rouge Parish for a building permit.

If a Schematic Design submittal is disapproved by the DRB, the Owner may change or correct the materials and re-submit subject to a new Review Fee.

Section 11. Phase III – Final Design Phase.

After Schematic Design Approval, and when a Final Design of the Improvement is complete (“**Final Design**”), the following documents are to be submitted for final review (“**Final Design Phase**”). DRB review will not begin until the submittal is complete. The following items must be submitted:

- a) An updated Design Review Application, if requested.

b) Two (2) hard copy sets of the Final Design or a digital format Final Design. The Final Design must include:

- 1) Map including Lot number.
- 2) Detailed site plan (1/8" scale min.), showing the entire Lot, location of the Improvement, Setbacks, all other improvements, driveway including contours or topographical indications, parking areas, existing and proposed topography, finished floor elevations, all special terrain features to be preserved, trees to be removed, all utility sources, trenches and connections, site walls, etc.

Site plan must include: finished contour lines, general drainage patterns, and foundation and roof drainage piping (unless these are shown elsewhere in plans). Site plan must include the following area calculations: total livable area, total non-livable interior area (garages, storage, etc.), total outdoor porch/patio/deck area, total area under roof, and a combined total showing the area of all Improvements.

- 3) Complete working drawings, suitable for building permit (1/4" = 1' min) or as required by East Baton Rouge Parish including: floor plans, foundation plans, floor framing, roof plans, window sections (including details for head, jamb and sill), porch sections (including specifics for post and beam detailing), details, etc.

- 4) All exterior elevations (front elevation 1/4" scale, rear and sides 1/8" scale) showing both existing and proposed grade lines, dimensioned grade-to-ridge heights, roof type and pitch.

- 5) Common elements / key features; waterfalls, Garden Walls, Fences, entries, etc.

- 6) All other items agreed upon by the Owner and the DRB in the Schematic Design Phase

- 7) Materials Binder, (8.5" x 11" binder with samples of finish materials)

- 8) Landscaping plan (1/8" min., however same scale shall be used as on the detailed site plan.) including the types, sizes and locations of all existing and new plant material, decorative surfacing or groundcover, ornamental objects, and changes to topography. Plan must note how plant materials will be irrigated. An inventory of new plant materials by type and size, summarizing total numbers of each type and size, should be included in the plan.

- 9) Exterior rendering(s) of all sides of the Improvement, if applicable. Renderings must reflect the character, architectural detailing, building presentation and colors of the Improvement.

- 10) Drainage design for culverts, headwall, bridges or other drainage structures including colors and building materials.

The DRB may also require other supplemental information or materials as may be deemed necessary by the DRB. If any supplemental information or materials are required by the DRB, they must be submitted or completed for the Final Design submittal to be considered complete.

Section 12. Final Design Review by DRB.

Only after receipt of a complete package of final documents (and any supplemental materials required by the DRB) is the Final Design submission complete. The DRB will review the Final Design and respond in writing within 30 days after a complete submittal. If the DRB does not respond within the time period, then the application shall be deemed **denied**. The DRB, at its sole discretion, may extend the review period.

Section 13. Final Design Approval Meeting.

The DRB will approve the Final Design submittal with or without conditions and corrections (“**Final Design Approval**”) or will disapprove the Final Design submittal and provide an explanation. Any response an Owner may wish to make regarding the results of the Final Design review must be addressed to the DRB in writing.

Approval of a Final Design submittal will be considered valid for one (1) year from the date of approval.

The submittal will be considered abandoned if construction is not commenced in that period. The Owner will be required to restart the Procedure at the Schematic Design Phase and the DRB shall require a Review Fee for resubmittal. For the purposes of this clause, the project will be considered commenced when excavation of the Lot begins.

If a Final Design submittal is disapproved by the DRB, the Owner may change or correct the materials and resubmit after payment of an additional Review Fee.

Section 14. Pre-Approved Design.

a) After Final Design Approval such Design shall be deemed a “**Pre-Approved Design**”. Subsequent use of a Pre-Approved Design is subject to an Abbreviated Review Process. After a Pre-Approved Design has received DRB approval to proceed with construction pursuant to this Section 14, construction of said Pre-Approved Design shall be subject to the construction requirements of Sections 16 through 21 contained herein.

b) Abbreviated Design Review Submittal Requirements.

- 1) A map with Lot number.
- 2) A completed Application for Abbreviated Design Review attached hereto as Appendix C.

3) A Review Fee in the amount noted in the Fee Schedule, payable to the Residential Association.

4) Two (2) copies of the following:

A. A site plan showing entire Lot, including boundaries, Setbacks, vegetation impacted by the proposed Improvement, and the proposed Improvement itself.

B. Copies of the Pre-Approved Design with references to other Lots where the Pre-Approved Design has been previously constructed and a schedule of any proposed changes to the exterior façade or landscaping plan for the Improvement.

C. Materials Binder.

D. Exterior rendering(s) of all sides of the Improvement (if, applicable). Renderings must reflect the character, architectural detailing, building presentation and colors of the Improvement.

c) Review by DRB. The DRB will review the Pre-approved Design submittal and respond in writing within 10 days after a submittal is complete. If the DRB does not respond within the time period, then the application shall be deemed **denied**. The DRB may extend the review period in its sole discretion.

Section 15. Owner May Submit for Building Permit.

After Final Design Approval or approval of a subsequent use of a Pre-approved Design by the DRB, the Owner may submit for building permit from East Baton Rouge Parish. Securing a building permit is the responsibility of the Owner and/or the Contractor. Construction documents submitted to East Baton Rouge Parish (working drawings and specifications) are to be consistent with the DRB-approved Final Design or Pre-Approved Design, as applicable. Construction shall not commence until all of the above requirements are satisfied and written approval is obtained from the DRB.

Section 16. Pre-Construction Conference.

Before construction begins, it is mandatory that the Owner, Owner's representative, or Contractor meet with the representative of the DRB to discuss the Guiding Principles, Construction Site Rules and Regulations and site conditions. At this conference the Owner, the Owner's representative or Contractor must submit:

a) The Construction Compliance Deposit; and

b) A written construction schedule, showing the breakdown and duration of the construction period.

Section 17. Construction Compliance Deposit.

Prior to commencing any construction activity on a Lot, a Construction Compliance Deposit in the amount of five thousand dollars (\$5000) must be submitted to the DRB as security for the project's full and faithful performance in accordance with its DRB-approved Final Design and all applicable laws, rules, regulations and other requirements of any applicable Governmental Authority, as well as the Construction Site Rules and Regulations. The Construction Compliance Deposit shall be placed in an escrow account for the benefit of the Residential Association. Upon completion of construction, the Construction Compliance Deposit will be returned to the Contractor less (i) applicable inspection fees as set forth in Appendix A, and (ii) any fees and fines levied due to Construction Site Infractions. It is recommended that the Owner and the Contractor share the burden of the Construction Compliance Deposit to ensure both parties are accountable.

Section 18. During Construction.

a) Commencement of Construction. The Owner shall satisfy these conditions and begin the construction of any Improvement pursuant to the DRB-approved Final Design within one (1) year from the date of such approval. If the Owner fails to begin construction within this time period, any approval given shall be deemed revoked unless the time for such commencement is extended in writing by the DRB.

b) Construction Phase. Construction will be deemed to have commenced when excavation of the Lot begins ("**Construction Phase**"). Construction must proceed in a continuous manner through the completion of the Improvement. If construction ceases for a period greater than 45 days, the DRB may require that either construction immediately resume or that the Lot be returned to its natural condition. The Construction Compliance Deposit may be forfeited if either alternative is not achieved within 45 days of written notice to the Owner by the DRB, unless completion is delayed due to causes beyond the reasonable control of the Owner, such as an event of force majeure, hurricane, act of God, fire, explosion, extraordinary flood or similar occurrence (but not including reasonably foreseeable weather conditions), upon the approval of the DRB.

c) Owner's Responsibilities. The Owner, the Owner's representative or Contractor must:

1) Stop work and notify the DRB of any exterior changes to the Design and/or materials. All modifications to the Design shall require review and approval by the DRB prior to re-commencement of construction;

2) Request inspections from East Baton Rouge Parish and from the DRB when ready; and

3) Complete construction of any Improvement according to the submitted construction schedule, or in any event within eighteen (18) months after commencing construction (subject to an extension of up to six (6) additional months if approved of in advance by the DRB), unless completion is delayed due to causes beyond the reasonable control of the

Owner, such as an event of force majeure, hurricane, act of God, fire, explosion, extraordinary flood or similar occurrence (but not including reasonably foreseeable weather conditions).

d) Failure to Complete Construction. If the Owner fails to complete construction within eighteen (18) months and fails to obtain an extension from the DRB, the DRB shall have the right (but not the obligation) to either have the exterior of the Improvement completed in accordance with the DRB-approved Final Design (subject to the provisions of subsection (e) below) or have the Improvements removed, with all DRB expenses incurred to be reimbursed to the DRB by the Owner. The DRB may also impose a fine of \$200 per day upon the Owner until the Improvements are completed or removed. In addition to any other remedy available to the DRB, the Owner shall forfeit the balance of the Construction Compliance Deposit.

e) Residential Association's Rights. In the event the Owner fails or refuses to complete the Improvements, the DRB may enter and complete the construction and the cost thereof shall become an Individual Lot Assessment against the Owner's Lot. The Individual Lot Assessment may be converted into a lien against the property and may be foreclosed upon as provided by law.

Section 19. Inspections.

The DRB requires multiple inspections during the Construction Phase. Some inspections will be required to be performed by a licensed surveyor, at the Owner's sole expense. The purpose of these periodic inspections is to verify the project remains consistent with the DRB-approved Final Design. Conformance with the DRB-approved Final Design will be the responsibility of the Owner and their representatives and consultants, including but not limited to, architects, engineers, project managers, Contractors and job superintendents. Any and all elements of the Final Design which the Owner desires to change during construction require submittal for review by the DRB. At a minimum the following five (5) inspections shall occur during the Construction Phase:

a) Inspection No. 1 - Improvement Location and Setback Inspection (Licensed Louisiana State Surveyor required). When the slab formwork is in place, but before the slab is poured, the Owner or their representative will hire a certified Louisiana state surveyor to verify the forms are in the exact location, both vertically and horizontally, as indicated on the DRB-approved Final Design. Only plans bearing the DRB stamp are DRB-approved and shall be the only Designs to be referenced throughout the Construction Phase. Once the formwork location is verified, the surveyor will draft a letter stating that the forms are in the correct location per the DRB-approved Final Design. The letter will be typed on the surveyor's company letterhead and will be signed and stamped with his or her seal. The Owner or their representative will provide all of the certifications to the DRB for review and approval.

b) Inspection No. 2 - Framing and Building Height Verification. This inspection verifies compliance with the DRB-Approved Final Design regarding the framing of the overall Improvement to include any and all accessory structures. This inspection will occur prior to the application of windows or finish materials, including but not limited to, paint, stucco, brick, hardy plank, etc. This inspection will verify the correct number and size of window and door

openings, accurate form of the overall structure, accurate size of the structure and correct measurements of wall length and heights as indicated on the DRB-approved Final Design.

c) Inspection No. 3 - Roof, Exterior Finishes/Trim and Paint Patch Inspections.

1) Roof. Roof shape, pitch and roofing materials shall be inspected in the field in order to verify approved form, color and material. Owners must call the DRB for an inspection before “stacking” roof materials.

2) Exterior Finishes/Trim. Exterior finishes shall be inspected and verified against the Materials Binder submitted during the Final Design Phase. If changes are made or materials substituted from the DRB-approved Materials Binder, Owner must submit said changes to the DRB for approval prior to application. Failure to do so may result in removal of the material if it is not in compliance with the DRB-approved Final Design, Material Binder and/or the Guiding Principles.

3) Paint Patch. 20’x20’ foot paint patches are to be applied in order to view all of the exterior colors in natural light. All trim colors are to be applied as close to the paint patch as possible in order to see how they blend with both the environment and the main body color of the Improvement. Owners must call the DRB when the paint patch and trim colors have been applied. Final approval of the paint palette is determined by a field review conducted by the coordinator of the DRB (“**DRB Coordinator**”). Full structure painting prior to DRB review and approval of the paint palette is done at Owner’s sole risk and Owner may be responsible for the cost of all necessary corrective action.

d) Inspection No. 4 – Landscape Inspections. Three (3) landscape inspections will be made with the landscape contractor and the landscape architect, or representative, on the Lot site.

1) Rough grading and drainage system inspection.

2) Plant material and placement, (confirmation of plant species, quantity, size and placement will be made before planting). Location and arrangement of headboards and special amenities will be inspected at this time.

3) Final landscape inspection, irrigation system and coverage, grass sod and seeding, ground cover and flower detailing, vine training, landscape lighting, etc. will be examined at this time. It will be the Contractor’s responsibility to call for these inspections at the proper time and coordinate with the DRB Coordinator.

e) Inspection No. 5 – Final Inspection, Design Conformance. After completion of the landscape inspections, DRB inspections will be made to determine if the Improvement has been built according to the DRB-approved Final Design and/or any DRB-approved revisions. If construction is found to be in compliance, a notice to that effect will be issued to the Owner. This inspection will be made in order to close out the project with the DRB and will be conducted in conjunction with the official handover to the Residential Association or appropriate subdivision

association. This notice will not be provided until any/all outstanding Review Fees have been paid and/or until all compliance deposits have been reconciled.

f) Periodic Field Inspections. Throughout the entirety of the project the DRB retains the right to periodically review site conditions for cleanliness and conformance to the DRB-approved Final Design as well as conformance to the Rouzan Construction Standards and Code of Conduct. This includes but is not limited to; building locations, architectural elevations, building materials, finishes, landscaping, appropriate site cleanliness and staff compliance to the site standards as well as all other items previously-approved during the Procedure and Construction Phase.

Section 20. Subsequent Changes.

Changes during construction to a DRB-approved Design shall be promptly submitted to the DRB for approval. The DRB may require removal or reconstruction of unapproved changes. Significant additions to an approved project require DRB approval through the usual Procedure. The Abbreviated Design Review Procedure in Exhibit G to the Residential Declaration may be utilized for changes of a more limited nature.

Section 21. Final Inspection by East Baton Rouge Parish.

The Owner, the Owner's representative, or Contractor shall make all arrangements for final inspections by East Baton Rouge Parish, and receive a Certificate of Occupancy. Owner shall not occupy any Improvement prior to receipt of the Certificate of Occupancy from East Baton Rouge Parish and written DRB final inspection. If an Owner occupies an Improvement on a Lot prior to receipt of the Certificate of Occupancy from East Baton Rouge Parish and written DRB final inspection, the DRB may fine the Owner after providing the Owner notice and an opportunity to be heard. Violations of this section are subject to the imposition of a \$200 per day fine.

APPENDIX B

ORIENTATION MEETING AGENDA

On-site attendance required by the Owner, Owner's architect or designer and DRB representative. First-time Contractors in Rouzan are required to attend. Contractors who have previously built in Rouzan are not required, but are encouraged, to attend.

1. Owner's objectives
2. Design Review Procedures
 - a. Schematic Design
 - b. Landscape Design
 - c. Design Review Procedure
3. Standard lot restrictions
4. Lot usage and Setbacks
5. Building orientation
 - a. Garage, garage doors
 - b. Parking
6. Design integrity and visual strength of project – exterior appearance
 - a. Building heights
 - b. Use of natural materials
 - c. Colors compatible with the natural environment
 - d. Exterior lighting
 - e. Patios, decks, porches, walls and fences
7. Preservation of natural growth
 - a. Identify natural features to be protected or retained
 - b. Fire wise and landscaping considerations
8. Site development, grading, drainage and/or waterways
9. Driveway, culvert, headwalls, and address sign
10. Utility and services lines, meters
11. On-site systems.
12. Establish final Lot specific restrictions

EXHIBIT G

ABBREVIATED DESIGN REVIEW PROCEDURE

EXHIBIT G

ABBREVIATED DESIGN REVIEW PROCEDURE

Section 1. Abbreviated Design Review for Small Projects.

The Declaration requires all visible exterior Improvements be approved by the Design Review Board (“**DRB**”), regardless of scale. The DRB has adopted an Abbreviated Review Process (“**Process**”) to assist Owners to make Minor Improvements. The DRB may empower an architectural representative or another representative of the DRB to issue approvals under this Section. All references to the term “Improvement” herein shall refer to Minor Improvements.

Materials required by these Procedures shall be submitted to:

Rouzan Design Review Board
c/o Design Committee Coordinator
402 N Fourth St.
Baton Rouge, LA 70802

Section 2. Scale of Project.

At the sole discretion of the DRB, the Process may be used for Improvements that meet all the following criteria:

- a) The proposed Improvement is completely in compliance with this Procedure,
- b) The proposed Improvement will have minimal impact on adjacent Lots,
- c) The proposed Improvement does not require a building permit, and
- d) The total cost of the proposed Improvement is less than \$15,000.

Cumulative small projects will be denied and the Owner will be directed to the formal Design Review Procedure for Major Improvements.

Section 3. Abbreviated Design Review Pre-Design Discussion.

To obtain approval for a proposed Improvement, Owners or their representatives or Contractor must call or write the DRB representative to describe the Improvement and determine if the Improvement may be suitable for the Process.

Section 4. Abbreviated Design Review Submittal Requirements.

Having determined that the project meets the criteria for the Process, the Owners or their representatives or Contractor must then submit:

- a) A completed Application for the Process, attached hereto as Appendix A.

- b) Review Fee in the amount noted in the Fee Schedule, payable to the Association, attached hereto as Appendix B.
- c) Two (2) copies or an electronic version of the following:
 - (i) A site plan showing entire Lot, including boundaries, Setbacks, all existing Buildings and Major or Minor Improvements, vegetation impacted by the proposed Improvement, and the proposed Improvement itself.
 - (ii) Details of the proposed Improvement as common sense would dictate: written descriptions, floor plans, working drawings, sketches, diagrams, cut-sheets, etc.

At the DRB's sole discretion an engineering certification may be required demonstrating that the proposed Improvement does not impact established grading and drainage patterns for Rouzan.

Section 5. Review by DRB Representative.

The DRB (or a duly appointed representative of the DRB) will review the submittal and respond in writing within fifteen (15) days after a submittal is complete. If the DRB representative does not respond within the time period then the application shall be deemed approved, however, the DRB, in its sole discretion, may extend the review period.

The DRB representative may:

- a) Issue an approval;
- b) Request more information, and respond within fifteen (15) days of receiving that information;
- c) Require that the Improvement(s) be re-submitted through the usual Design Review Procedure for Major Improvements; or
- d) Disapprove the proposed Improvement(s), in which case the Owner shall still have the right to re-submit through the standard Design Review Procedure for Major Improvements.

EXHIBIT H

CONSTRUCTION STANDARDS AND CODE OF CONDUCT

EXHIBIT "H"

CONSTRUCTION STANDARDS AND CODE OF CONDUCT

Section 1. General. The following Construction Standards & Code of Conduct ("**Construction Standards**") have been formulated for both the safety of all personnel associated with the Work as well as to maintain a clean and professional environment in which to construct the highest quality development possible. Capitalized terms used herein but not defined shall have the meaning set forth in **Appendix A** of the Residential Declaration.

Section 2. General Code Of Conduct

1) Adherence to all of the following Construction Standards and Conduct Codes is mandatory while on the site of the Work ("**Work Site**").

2) All Contractors, sub-contractors, vendors and visitors to the Work Site shall conduct themselves in a professional and courteous manner at all times.

3) Offensive and/or vulgar language is prohibited. Violations for continued offenses may result in the individual or individuals being escorted off of the Work Site and the involved parties may be banned from working on the Work Site permanently.

4) Mutual respect and common courtesy is to be given to all personnel on the Work Site at all times.

5) When approaching the Work Site in a vehicle, the radio must be at a reasonable level as to comply with all municipal noise abatement policies and codes.

6) While on the Work Site, music must be kept at a reasonable level as to comply with all municipal noise abatement policies and code. Music or programming that uses offensive and/or vulgar language is prohibited.

7) Alcohol and illegal drugs are prohibited on site. Intoxicated persons or persons who appear to be under the influence of drugs or alcohol will be escorted off site and may be banned from working on the site permanently.

8) All contractors, sub-contractors, vendors and trades must adhere to all OSHA regulations regarding "**PPE**" (personal protective equipment) as well as any safety requirements particular to the trade/activity being performed by a that particular individual or trade.

Section 3. Dress Requirements

The following dress requirements ("**Dress Requirements**") pertain to all Contractors, sub-contractors and vendors while on the Work Site. Personnel are required to maintain a professional appearance and demeanor at all times while on the Work Site.

1) Shirts must be worn at all times. Shirts or other types of clothing with language or images that can be considered profane, vulgar or offensive are not permitted on the Work Site. Long sleeve and short sleeve shirts are permitted.

2) Long pants are preferred, however shorts are acceptable provided they are no shorter than mid-thigh and they provide the minimum protection factor for the specific task you are performing.

3) Torn or ragged clothing will not be allowed.

4) Sandals, thongs or any open-toed shoes are not permitted.

5) Any employee of trade vendors working on or visiting any Work Site will be required to wear an Occupational Safety and Health Administration ("OSHA") approved hard hat or OSHA approved task specific PPE at all times while on site during all phases of construction from foundation through the completion of the Work.

Failure to comply with the Dress Requirements listed above could result in being removed from the Work Site immediately. Continued failure to comply with the above stated Dress Requirements could result in permanent removal from the Work Site.

Section 4. Construction Approval(s)

Prior to the commencement of any Work, the Owner and Contractor must have in their possession a signed copy of DRB-approved Final Design and written notice to proceed. It is the responsibility of the Owner and Contractor to verify and to build to the DRB-approved Final Design. Any and all recommended plan changes or modifications must be approved by the DRB prior to implementation.

Prior to construction, the Owner and Contractor must read this document in its entirety and provide a copy to all of their sub-contractors and vendors in order for everyone associated with the Work to understand the rules and regulations of the Work Site. The DRB will require that the Owner and Contractor provide a signed copy of the Construction Standards stating their understanding of all obligations set forth for the Owner, Contractor and their sub-contractors.

Section 5. Signage

No signage, balloons, billboards or advertising of any kind is authorized on the Work Site unless approved by the DRB. The DRB has approved signage for installation on Lots that are under construction within Rouzan. The sign may be placed on the Lot no sooner than the date of DRB-approved Final Design, but no later commencement of construction activity. No other signage will be allowed on the lot or within Rouzan, without prior approval by the DRB. All sub-contractors signs required by East Baton Rouge Parish will be posted on the back of the approved construction sign. The name of the authorized vendor of the approved sign can be obtained from the DRB upon request.

Section 6. Construction Hours Of Operation

Spring/Summer Hours: March - November

Staging of equipment & personnel on the Work Site will begin no earlier than 6:30 a.m., Monday – Friday / 7:30 a.m., Saturday.

Start of construction activity will commence no earlier than 7 a.m., Monday – Friday / 8 a.m., on Saturday.

Stop construction activity no later than 6 p.m., Monday – Friday / 5:30 p.m. Saturday.

Work Site cleanup will consist of one (1) hour from the time construction activity stops.

Off Site: All construction personnel are to be off of the Work Site no later than 7 p.m., Monday – Friday / 6:30 p.m., Saturday.

Fall/Winter Hours: December – April

Staging of equipment & personnel – Same as Spring/Summer Hours.

Start of construction activity – Same as Spring/Summer Hours.

Stop construction activity no later than 5 p.m., Monday – Saturday.

Work Site cleanup will consist of one (1) hour from the time construction activity stops.

Off Site: All construction personnel are to be off of the Work Site no later than 6 p.m., Monday – Saturday.

Any local ordinance(s) limiting the above stated work hours shall take precedence over the requirements listed above.

Section 7. Condition of Work Site / Trash

1) Trash – Each individual working or conducting business on the Work Site is responsible for picking up and discarding his or her personal and work related trash so as to leave the work area, Building, Lot and Work Site completely free of such debris. Contractors and vendors shall pick up, discard and at all times keep the work place free of all personal and work related trash generated by its employees, vendors and/or suppliers. Such trash shall be placed in appropriate covered receptacles / dumpster provided by Owner / Contractor. No trash dumpsters or receptacles shall be stored on the Streets of Rouzan without the permission of the Association, in its sole discretion. Personal trash is considered to be such items as discarded cans, bottles, containers, food wrappers, paper plates/cups, cigarette butts, unconsumed food or food scraps, or any other trash of a “personal” nature.

2) General Work Site Cleanliness – Contractor shall leave the Work Site broom clean and straightened after each day’s work.

Section 8. Parking

Parking areas for Contractor, subcontractors, consultants and all general construction personnel and vendors will be determined prior to any Work beginning on the Work Site and shall be approved by the DRB. All vehicular traffic and parking will be done so in conformance with the Louisiana Vehicle code.

No parking of any vehicles is allowed on finished drives or sidewalks. Parking may be assessed and re-assessed throughout the entirety of the project at the discretion of the DRB. Parking arrangements will be based on safety, impact to the project, Work Site and impact to the surrounding area.

Section 9. Street Traffic

All Contractors, sub-contractors and vendors shall abide by the posted speed limits in Rouzan. Failure to abide by the posted speed limits could result in being removed from the Work Site immediately. Continued failure to comply with the posted speed limits could result in permanent removal from the Work Site.

Section 10. Volume Control / Noise Abatement

All Contractors, sub-contractors and vendors will keep the volume down on any radios or other musical devices to a level that will not interfere with normal conversation nor be heard from beyond the property line of the Work Site. All pertinent local and Parish ordinances apply.

Section 11. Damages

The Owner is responsible for any damages caused on the Work Site and as such will be billed for any necessary repairs if the Owner does not rectify the issue in a timely fashion. Written notice will be provided to alert the Owner of the infraction and the Owner will be provided the appropriate time to rectify the issue prior to the use of any Construction Compliance Deposits.

Section 12. Visitor Policy

Visitors to the site will be discouraged due to safety considerations. Contractor will maintain a visitor register, and visitors will be required to sign the register. Contractor will ensure that visitors wear appropriate safety equipment. Visitors or inquiries from the press or news broadcasters will be referred to the DRB. Unattended minors are not permitted on the Work Site at any time.

Section 13. General Communication

All communication between all personnel, regardless of trade or position, will be done so in a professional, businesslike manner. Communication regarding any Design, construction or conduct related issue throughout the life of the project will be between the DRB and the Owner and their designated representatives, as applicable. The Owner may designate a representative who the DRB can communicate with at the Owner's written request. However the DRB or its representatives reserve the right to communicate directly with the Contractor and their trades during the Construction Period in order to relay any safety, conduct or construction concerns.

When possible the DRB or its representatives will make every attempt to only speak to sub-contractors and vendors in the presence of the Contractor.

Section 14. Hazardous Communication

Contractors, subcontractors and vendors must remain aware of any potential hazards affecting them while on the Work Site regardless of who is responsible for controlling the hazards. Any and all potential and perceived hazards to personnel, the public, equipment and the Work Site itself must be communicated immediately to a supervisor or manager. Examples of hazards include, but are not limited to; spills, trip hazards, improperly used or stored equipment and materials, electrically charged equipment or materials, injuries, potentially dangerous animals, such as bees, snakes, alligators etc. It is the responsibility of the person who initially identifies the hazard to communicate it to his supervisor, manager, the DRB or a DRB representative. Failure to do so may potentially cause further harm. Once the hazard is properly communicated to a supervisor or manager, corrective action is to be taken immediately in order to maintain the safety of all persons in the area.

Section 15. Smoking

No smoking will be allowed in any Building, under construction or otherwise, at any time. Smoking is to take place in designated areas or outside of the Building structure envelope. Persons smoking should be aware of their safety and the safety of others, including the surroundings and potential hazards when smoking, such as flammable liquids and materials, equipment and vegetation. All cigarette butts should be discarded in the proper receptacles, free of combustible materials.

Section 16. Quality Assurance

The Owner and Contractor have the ultimate responsibility for the quality of the Work and ensuring that all Work meets all Design and specification requirements.

Section 17. Heat Stroke.

1) Heat Exhaustion/Heat Stroke. Heat exhaustion and heat stroke can cause serious injury or even death. Workers should err on the side of caution at all times. Between the months of May and September, the temperature can reach above 100 degrees Fahrenheit. It is important that all personnel on the Work Site stay well hydrated at all times. It is recommended that you drink approx. 16 ounces of water before beginning work and up to 1 to 2 cups every 20 minutes, for a total of 1 to 2 gallons per day in strenuous conditions. It is also recommended employees decrease intake of coffee and caffeinated soft drinks during working hours.

2) Symptoms of Heat Exhaustion and Heat Stress.

- a. Sluggishness or fainting while standing erect or immobile in heat.
- b. Profuse tiny raised red blister-like vesicles on affected areas, along with prickling sensations during heat exposure.

c. Painful spasms in muscles used during work (arms, legs, or abdomen); onset during or after work hours.

d. Fatigue, nausea, headache, giddiness; skin clammy and moist; complexion pale, muddy, or flushed; may faint on standing; rapid pulse and low blood pressure; oral temperature normal or low. Red, hot, dry skin; dizziness; confusion; rapid breathing and pulse; high oral temperature.

3) Field Treatment. If you feel any of the Symptoms of Heat Exhaustion or Heat Stress STOP working immediately and tell someone.

a. Move to cooler area. Rest lying down.

b. Cool rapidly by soaking in cool– but not cold water.

c. Increase fluid intake.

d. Administer fluids by mouth. Seek medical attention.

e. If the individual's condition does not improve quickly call for medical attention IMMEDIATELY.

Section 18. Personal Security And Crime Prevention

While on the Work Site if you are a witness or the victim of a crime, an accident or suspicious or threatening circumstances, report it to the General Contractor, manager or supervisor as soon as possible.

If you feel immediate danger or life threatening circumstances, call the Police immediately.

Keep your wallet/purse, laptop, and other valuables out of sight and in a safe location.

Always let a project member know where you are and inform a manager or supervisor of your destination if you must travel alone.

Always lock your car, even for a short absence.

While conducting your work, stay alert, become familiar with your surroundings and report any activity or circumstances that you feel are unusual and always stay in frequent contact with other project personnel.

Section 19. Incident Reporting

Upon any project incident (fire, spill, injury, near miss, death, etc.), employees shall immediately notify a supervisor, manager, Contractor or DRB Representative.

An incident report regarding the specifics of the situation will be required from the Contractor and will contain all of the pertinent information regarding the situation, to include but

not limited to; statements from persons involved, person reporting the incident, any injuries incurred, description of the incident / situation and any and all mitigating action taken.

Section 20. Staging

The staging of construction equipment onsite at Rouzan is permitted under the following stipulations:

1. Staging of any and all equipment, materials, fixtures, any and all building materials, tools, etc. is done so at the sole risk of the Owner and / or Owner of the items being staged. Rouzan, the Association, the DRB or any employee, representative or member of any organization or company associated with the Declarant cannot be held responsible for the loss, theft or damage of any and all items staged at the site.

2. All staging equipment must be entirely fenced in using six (6) feet high chain link fencing with tan wind screening material to obstruct views of equipment. The use of the windscreen material is to help hide equipment from view as well as create a clean, uniform appearance throughout Rouzan.

3. Staging of materials on any Lot other than the Lot owned by the constructing Owner will not be allowed, unless the Owner of the other property has granted permission in writing. The DRB must be notified in writing if the Owner / Contractor will be using a Lot other than their own to stage materials on (“**Staging Lot**”). The DRB will require a signed copy of the agreement between the Owner and the Owner of the Staging Lot. The Staging Lot must be put back exactly as it existed prior to Work beginning. The use of the constructing Owner’s Construction Compliance Deposit may be used to return a Staging Lot to its original condition if the constructing Owner does not reconstruct or rehabilitate the Staging Lot once construction is completed.

APPENDIX “A”

DEFINITIONS

The following definitions apply wherever the capitalized terms appear in this Declaration.

(a) **Additional Definitions.** Additional definitions for some terms used in the Master Declaration or the Guiding Principles are included therein as part thereof. In addition, unless the context otherwise requires or specifies, the words and phrases defined in this Declaration, when used in the Master Declaration and/or the Guiding Principles, shall have the meanings specified for those words and phrases, whether or not such words or phrases are capitalized when used in the Master Declaration and/or Guiding Principles.

(b) **General.** All terms used in this Declaration, the Master Declaration and/or in the Guiding Principles, to the extent not defined in this Declaration, shall, if those are terms used in the architectural profession and/or the construction industry, have those meanings generally described to those terms within the architectural profession and/or construction industry as applicable. The fact that a word or phrase is defined in this Declaration does not mean that such word or phrase has been used, or was intended to be used, in this Declaration or in the Guiding Principles; definitions may have been included in anticipation of the future use of such words or phrases in amendments to this Declaration, the Guiding Principles, the Landscape Regulations, and/or the use of such words or phrases in Supplemental Declarations. Any definition in this Appendix A shall also be deemed to include the possessive forms of said definition.

(c) **Abbreviated Review Process.** “*Abbreviated Review Process*” shall have the meaning set forth in Section 5.2.

(d) **Additional Annexable Property.** “*Additional Annexable Property*” shall mean any immovable property: (a) contiguous with the Declarant’s Property (including without limitation any property separated from the Declarant’s Property by a public Street or body of water), or (b) any portion of which is within a one-half (1/2) mile radius of any portion of the Declarant’s Property (including without limitation thereto any property separated from the Declarant’s Property by a public Street, body of water or other property).

(e) **Alley.** “*Alley*” shall mean a traditional access needs at the rear of Residential Lots. Alleys are Common Roads. Other functions shall include trash removal and utility service.

(f) **Alley-Loaded Lot.** “*Alley-Loaded Lot*” shall mean a Lot which is bordered on its rear Lot line (which is opposite a boundary of the Lot facing a Street) by an Alley.

(g) **Allowed Architectural Styles.** “*Allowed Architectural Styles*” has the meaning set forth in Section 6.5a.

(h) **Allowed Architectural Typology.** “*Allowed Architectural Typology*” shall mean the approved architectural typology to be used in connection with the design and construction of a Building.

(i) **Application.** “*Application*” shall mean an application submitted to the Design Review Board for design approval by the Design Review Board of a Major Improvement.

(j) **Assessment.** “*Assessment*” shall have the meaning set forth in the Master Declaration.

(k) **Association.** “*Association*” shall mean either the Residential Association or the Commercial Association, as the context requires. “Associations” shall mean, collectively, the Residential Association and the Commercial Association.

(l) **Association Articles.** “*Association Articles*” shall mean the Articles of Incorporation of an Association (Residential Association and Commercial Association), together with all amendments and modifications to same, adopted in accordance with the laws of Louisiana, copies of which are attached to the Residential or Commercial Declaration, as applicable.

(m) **Association Board.** “*Association Board*” shall mean the Board of Directors of an Association.

(n) **Association Bylaws.** “*Association Bylaws*” shall mean the Bylaws of an Association, together with all amendments and modifications to same adopted hereafter in accordance with the laws of Louisiana, the form of the initial Bylaws, as proposed, are attached to the Residential or Commercial Declaration, as applicable.

(o) **Association Members.** “*Association Members*” shall mean, as of the time of any determination, the members of an Association.

(p) **Builder’s Sign.** “*Builder’s Sign*” shall have the meaning set forth in Section 6.6ff(2).

(q) **Building.** “*Building*” shall mean any building constructed on any Lot. If permitted by the Guiding Principles and approved by the Design Review Board, a Building may be attached to another Building and share party walls.

(r) **Carport.** “*Carport*” shall mean an open-air structure with a weatherproof roof to shelter an automobile(s) no more than one story in height.

(s) **City/Parish.** “*City/Parish*” shall mean the government of the City of Baton Rouge and East Baton Rouge Parish.

(t) **Class B Control Period.** “*Class B Control Period*” shall mean that period of time during which only the Class B Member shall have voting rights in the Associations and the Institute and have such other rights as may be set forth herein, including the

right to amend this Declaration. The Class B Control Period shall commence as of the Effective Date, and shall terminate the first to occur of (1) ten (10) years after the date on which the last Lot in Rouzan that is owned by Declarant or any of its affiliates is sold to a third party purchaser; or (2) the date as of which the Class B Member elects in writing to become a Class A Member. Throughout the Class B Control Period, the Class B Member may elect to relinquish or delegate one or more of its rights hereunder without such election affecting any other rights until the termination of the Class B Control Period.

(u) **Clerk of Court.** “*Clerk of Court*” shall mean and refer to the Clerk of Court and ex-officio recorder of mortgages and registrar of conveyances for the Parish of East Baton Rouge, Louisiana.
