

Dear [Leader's Name],

I stand with the Beaumont Woman's Club, in urging your support for establishing a much-needed animal shelter in the San Gorgonio Pass area. Our rapidly growing communities deserve a local facility that can provide timely, humane care for lost, abandoned, and surrendered animals.

Currently, a handful of volunteers, Animals of the Pass, a couple of animal control officers are carrying this burden alone, using their own time, homes, and resources. This situation is overwhelming and unsustainable. Our region needs a permanent, professionally supported solution.

A local shelter would:

- Improve public safety
- Reduce strain on law enforcement
- Increase return-to-owner rates
- Support responsible pet ownership
- Provide humane care close to home

Please help make an animal shelter a priority for the Pass. How can we help?

Sincerely,

[Your Name]
