

How I Upped My Kid's Productivity by 412%* with Airtable

Martin Haynes

Apr 2 · 4 min read

The screenshot shows an Airtable interface for a 'Lockdown Schedule'. The top navigation bar is purple and contains the title 'Lockdown Schedule', a 'HELP' link, a notification bell, a user profile icon, a 'List' view selector, a 'SHARE' button, and a 'BLOCKS' icon. Below the navigation bar is a toolbar with options for 'Gallery 2', 'Customize cards', 'Filter', 'Sort', 'Color', and a search icon. The main content area displays a grid of eight activity cards, each with a representative image, a title, and a time slot. The cards are: 'Wake up' (08:15 - 08:45) with an alarm clock image; 'Breakfast' (08:45 - 09:30) with a stack of pancakes; 'TV/Screentime' (09:30 - 10:00) with a TV on a stand; 'Get dressed, brush teeth & hair' (10:00 - 10:30) with a toothbrush; 'Play outside' (10:30 - 11:30) with a child playing in a park; 'Drawing/Painting/Playing Indoors' (11:30 - 12:30) with a jar of markers; 'TV/PS4' (12:30 - 13:00) with a child watching TV; and 'Lunch' (13:00 - 14:00) with a bowl of pasta. An orange plus sign icon is visible in the bottom right corner of the grid.

Activity	Time Slot
Wake up	08:15 - 08:45
Breakfast	08:45 - 09:30
TV/Screentime	09:30 - 10:00
Get dressed, brush teeth & hair	10:00 - 10:30
Play outside	10:30 - 11:30
Drawing/Painting/Playing Indoors	11:30 - 12:30
TV/PS4	12:30 - 13:00
Lunch	13:00 - 14:00
