## FREQUENTLY ASKED QUESTIONS (FAQs)

Welcome to the GAURGAURGAURCRACKAMITE® Revolution!

GAURGAURGAURCRACKAMITE®, Non-Explosive Expansive Silent Cracking / Demolition Agent, is a highly expansive powder composition and is the most effective solution for Rock Breaking, Stone Quarrying, Granite and Marble Quarrying, Mining, Concrete Demolition, Excavations, etc.

GAURGAURGAURCRACKAMITE® is safe, environment friendly, and a good and viable alternative to explosives and other traditional methods of quarrying and demolition. GAURGAURGAURCRACKAMITE® is mixed with clean water and poured into pre-drilled holes on rock and concrete.

The diluted GAURGAURGAURCRACKAMITE® swells and exerts a significant expansive thrust on the hole-wall, fracturing the wall and splitting the rock across the line of the drilled holes.

*Kindly visit our website [www.gaurcrackamite.in](http://www.gaurcrackamite.in) for all technical details on general Demolition and other applications of GAURGAURGAURCRACKAMITE®*

Here are some frequently asked questions and answers for the same:

<b>Q.1.</b>	What is the Price for GAURGAURGAURCRACKAMITE®?
<b>A.1.</b>	Rs. 50 per Kg + 3% Packing & Forwarding + GST @18% + Freight To Pay
<b>Q.2.</b>	How does GAURGAURGAURCRACKAMITE® work?
<b>A.2.</b>	The diluted GAURGAURGAURCRACKAMITE® swells and exerts a significant expansive thrust on the hole-wall, fracturing the wall and splitting the rock across the line of the drilled holes.
<b>Q.3.</b>	How can we calculate the quantity required for GAURGAURGAURCRACKAMITE®?
<b>A.3.</b>	The thumb rule is: 15 kgs of GAURGAURGAURCRACKAMITE® is required in one cubic meter. However, this may vary as per specific conditions.
<b>Q.4.</b>	How to use GAURGAURGAURCRACKAMITE®?
<b>A.4.</b>	Drill holes using standard 32 mm rockdrill available in the market, as per hole design given on the website <a href="http://www.gaurGAURCRACKAMITE.in">www.gaurGAURCRACKAMITE.in</a> for various applications. Once the holes are done, MIX IT, FILL IT CRACK IT! Mix the GAURGAURGAURCRACKAMITE® powder with normal tap water in the ratio of 2:3 (Pour 1.5 liters of water in a bucket, then take 5 kgs packet of GAURGAURGAURCRACKAMITE® and slowly empty the packet into the bucket while continuously mixing the powder with water so that no lumps are made. Now GAURGAURGAURCRACKAMITE® is ready to use) and fill the slurry into the drilled holes. Wait for 6-8 hours and the concrete / rock / stone will crack. Now you can remove the debris using a JCB.
<b>Q.5.</b>	What should be the distance between two holes while using GAURGAURGAURCRACKAMITE®?
<b>A.5.</b>	The best performance of GAURGAURGAURCRACKAMITE® will be delivered when you keep the center-to-center distance between the two holes to be one foot (300 mm)

## FREQUENTLY ASKED QUESTIONS (FAQs)

Welcome to the GAURGAURCRACKAMITE® Revolution!

<b>Q.6.</b>	What is the size of the hole to be drilled while using GAURGAURCRACKAMITE®?
<b>A.6.</b>	The best performance of GAURGAURCRACKAMITE® will be delivered when the drill size is between 32 mm to 34 mm.
<b>Q.7.</b>	What is the preparation needed before using GAURGAURCRACKAMITE®?
<b>A.7.</b>	Safety First! We recommend that before you use GAURGAURCRACKAMITE®, you should arrange for a plastic bucket, a mug (500 ml), a shovel, a pickaxe and a pair of gloves and eye goggles.
<b>Q.8.</b>	How to calculate the quantity of GAURGAURCRACKAMITE® required?
<b>A.8.</b>	For calculating the quantity of GAURGAURCRACKAMITE® required, you need to calculate the total volume of the holes with the formula $V=\pi r^2 h$ , where V is the volume, r is the radius of the hole, h is the height of the hole. Multiply this with the number of holes and you will get the total volume. The volume of slurry made by using a 5 kg bag of GAURGAURCRACKAMITE® is approximately 7 liters. As a thumb rule, 15 kgs of GAURGAURCRACKAMITE® is needed to break one cubic meter of rock.
<b>Q.9.</b>	Will GAURGAURCRACKAMITE® work, if the stone is underground?
<b>A.9.</b>	GAURGAURCRACKAMITE® need at least 3 open surfaces to be able to work as it works as an expansive agent and there should be space available for the stone to expand. If the stone is below the ground level, then you have to make space on three sides for allowing expansion to take place.
<b>Q.10.</b>	In how many hours will the stone break using GAURGAURCRACKAMITE®?
<b>A.10.</b>	Normally GAURGAURCRACKAMITE® works between 6-8 hours, however the exact time will depend on the type of rock / concrete and the ambient temperature.
<b>Q.11.</b>	Will GAURGAURCRACKAMITE® work, under water?
<b>A.11.</b>	Yes, however for underwater applications GAURGAURCRACKAMITE® slurry needs to be filled in rubber balloons and inserted into the hole to prevent dilution of the slurry with water.
<b>Q.12.</b>	Will GAURGAURCRACKAMITE® work for demolition of concrete bridge, with 12 mm to 20 mm bars inside?
<b>A.12.</b>	Yes, GAURGAURCRACKAMITE® will easily crack and loosen the concrete with 2mm to 20 mm bars inside.
<b>Q.13.</b>	What are the Transportation methods for GAURGAURCRACKAMITE®?
<b>A.13.</b>	There are various modes available for transportation: By Road (Courier or Cargo Transport) / By Air / By Train / By Sea (container loads) / By Hand
<b>Q.14.</b>	Do you need any certificate / declaration for transportation of GAURGAURCRACKAMITE®?
<b>A.14.</b>	No, you don't require any certificate for transit. GAURGAURCRACKAMITE® is Non-Hazardous.
<b>Q.15.</b>	Are you Manufacturer or Trader for GAURGAURCRACKAMITE®?
<b>A.15.</b>	We are manufacturer and GAURGAURCRACKAMITE® is our Registered Trade Mark.
<b>Q.16.</b>	Do you take contracts for demolition work using GAURGAURCRACKAMITE®?
<b>A.16.</b>	We have many contractors empaneled with us and we can refer those who have been working at projects successfully using GAURGAURCRACKAMITE®. We provide demonstration and training on site on chargeable basis.
<b>Q.17.</b>	Do you provide Demonstration for GAURGAURCRACKAMITE®?
<b>A.17.</b>	Yes, we provide demonstration and training on site on chargeable basis.

## FREQUENTLY ASKED QUESTIONS (FAQs)

Welcome to the GAURGAURCRACKAMITE® Revolution!

<b>Q.18.</b>	What if GAURGAURCRACKAMITE® does not work?
<b>A.18.</b>	We have been supplying GAURGAURCRACKAMITE® for over 20 years now to hundreds of projects around the world and it has never failed if the instructions are followed. If you still have doubts you can either call us for a paid demonstration or call for a free sample of 20 kgs. The sample will be free however you need to pay for the taxes, handling, freight charges or any other ancillary costs.
<b>Q.19.</b>	What is the Shelf Life for GAURGAURCRACKAMITE®?
<b>A.19.</b>	Shelf life of GAURGAURCRACKAMITE® is 12 Months from the date of manufacture
<b>Q.20.</b>	Can we get a sample for trial for GAURGAURCRACKAMITE®?
<b>A.20.</b>	Yes, we can offer you a free sample of GAURGAURCRACKAMITE® 20 kgs box, once in a lifetime. The sample will be free however you need to pay for the taxes, handling, freight charges or any other ancillary costs.
<b>Q.21.</b>	Do you have any videos about GAURGAURCRACKAMITE®?
<b>A.21.</b>	Please use the following videos for better understanding about GAURGAURCRACKAMITE® <ul style="list-style-type: none"><li><input type="checkbox"/> G-A-U-R-C-R-A-C-K-AM-I-T-E is a Non-Explosive Silent Cracking/Demolition Agent: <a href="https://youtu.be/AMiUCb6DiGs?si=fwwQQ_PNLmWg35Tb">https://youtu.be/AMiUCb6DiGs?si=fwwQQ_PNLmWg35Tb</a></li><li><input type="checkbox"/> GAURCRACKAMITE, Non-Explosive Demolition Agent / Silent Explosive by Ahuja Group: Usage Instructions: <a href="https://youtu.be/AMiUCb6DiGs?si=fwwQQ_PNLmWg35Tb">https://youtu.be/AMiUCb6DiGs?si=fwwQQ_PNLmWg35Tb</a></li><li><input type="checkbox"/> GAURCRACKAMITE, Non-Explosive Demolition Agent / Silent Explosive by Ahuja Group: Live Demonstration: <a href="https://youtu.be/AMiUCb6DiGs?si=fwwQQ_PNLmWg35Tb">https://youtu.be/AMiUCb6DiGs?si=fwwQQ_PNLmWg35Tb</a></li><li><input type="checkbox"/> GAURCRACKAMITE, Non-Explosive Demolition Agent / Silent Explosive by Ahuja Group: <a href="https://youtu.be/AMiUCb6DiGs?si=fwwQQ_PNLmWg35Tb">https://youtu.be/AMiUCb6DiGs?si=fwwQQ_PNLmWg35Tb</a></li></ul>
<b>Q.22.</b>	What are approximate transportation charges for GAURGAURCRACKAMITE®?
<b>A.22.</b>	Transportation charges / freight will depend on the quantity, mode of transport and destination. Please share the quantity of GAURGAURCRACKAMITE® you need and the destination and we can update you with the possible options available. Alternatively, you can assign your courier / freight carrier to pick up GAURGAURCRACKAMITE® from our factory.
<b>Q.23.</b>	Where are you located?
<b>A.23.</b>	We are located at Ranchi, Jharkhand, INDIA.
<b>Q.24.</b>	What are payment terms for GAURGAURCRACKAMITE®?
<b>A.24.</b>	All payments are to be paid in advance before dispatch of GAURGAURCRACKAMITE®.
<b>Q.25.</b>	What are your bank details for buying GAURGAURCRACKAMITE®?
<b>A.25.</b>	A pdf for the bank details is available in the downloads section.
<b>Q.26.</b>	What are the payment methods for buying GAURGAURCRACKAMITE®?
<b>A.26.</b>	You can pay by NEFT, RTGS, Cheque, Demand Draft, Bank Transfer, TT, or cash as per the rules applicable.
<b>Q.27.</b>	What if, our billing and shipping address are different?
<b>A.27.</b>	No problem. We can mention the same in the invoice as needed. Please share the details.
<b>Q.28.</b>	What is delivery time for GAURGAURCRACKAMITE®?
<b>A.28.</b>	We have a huge production facility and are able to keep up with the demand. In most cases we can ship immediately on receipt
<b>Q.29.</b>	What are the Packing options for GAURGAURCRACKAMITE®?
<b>A.29.</b>	GAURGAURCRACKAMITE® is packed in 5 kg moisture free bags. Four bags are packed in a carton box (20 kgs). The minimum order quantity is 20 kgs (one carton box). We can offer Pallet packing of 50 boxes (1000 kgs) each as optional.
<b>Q.30.</b>	What is Minimum Order Quantity (MOQ) for GAURGAURCRACKAMITE®?
<b>A.30.</b>	GAURGAURCRACKAMITE® is packed in 5 kg moisture free bags. Four bags are packed in a carton box (20 kgs). The minimum order quantity is 20 kgs (one carton box).
<b>Q.31.</b>	Do you mention expiry date on the GAURGAURCRACKAMITE® box?
<b>A.31.</b>	Yes
<b>Q.32.</b>	What is the transit time for GAURGAURCRACKAMITE®?
<b>A.32.</b>	The transit time for GAURGAURCRACKAMITE® will depend on the mode of transport and the destination. We can share the details at the time of ordering.

## FREQUENTLY ASKED QUESTIONS (FAQs)

Welcome to the GAURGAURGAURCRACKAMITE® Revolution!

- Q.33.** What is the bulk order discount for GAURGAURCRACKAMITE®?
- A.33.** GAURGAURCRACKAMITE® is used in bulk quantities only at various project sites. However, if the order is above 20 tons in a single order, we can offer you special prices. Please connect with us for the same.
- Q.34.** Can we get technical support for using GAURGAURGAURCRACKAMITE®?
- A.34.** Yes, we provide free online technical support over calls / video calls. Please email us at gaurGAURCRACKAMITE@gmail.com or call us at +91 8084906163
- Q.35.** Can we visit your factory and take hand delivery of GAURGAURGAURCRACKAMITE®?
- A.35.** Yes, sure!
- Q.36.** How can we get a formal quotation for GAURGAURGAURCRACKAMITE®?
- A.36.** Please share your inquiry along with the following information at GAURGAURCRACKAMITE@GMAIL.COM :  
Contact Person with designation: Company name and address: Mobile Number:  
E-mail ID:  
Billing & Shipping details: Quantity Needed:  
GST / Tax information:
- Q.37.** How many grades do you have of GAURGAURGAURCRACKAMITE®?
- A.37.** We have several grades available for specific requirements of GAURGAURGAURCRACKAMITE®, however in most cases the Universal Grade is good. In case you have any specific requirement other than what is shown on the website, please feel free to connect with us.
- Q.38.** Can we order GAURGAURGAURCRACKAMITE® online?
- A.38.** Yes, please order online at [www.gaurcrackamite.in](http://www.gaurcrackamite.in)  
Looking forward to a mutually beneficial business relationship.  
We are looking for dealers in unrepresented territories.
