ABOUT THE CHAPTER

The Virginia Chapter of the American College of Radiology (VCACR) is a statewide professional organization dedicated to improving the health of patients and society by making imaging safe, effective and accessible to those who need it. Our members are composed of diagnostic radiologists, interventional radiologists, radiation oncologists, medical physicists and nuclear medicine physicians practicing in the state of Virginia. The Chapter strives to improve radiological service to patients and the medical community, positively influence the socio-economics of the practice of radiology, and maintain high medical and ethical standards in the practice of radiology.
