MENU OF TRAININGS

- 1** Basic De-escalation using CLARA method:
We will be giving a basic overview of the CLARA method and how to apply each aspect in the context of de-escalation.
- 2** Bystander intervention:
This training discusses bystander theory - how it impacts us as individuals, and our communities. It teaches how to safely and efficiently intervene with cultural sensitivity.
- 3** Peace keeper team training:
This training covers how we operate as a team when out on the field. We will give strategies and team building exercises to create and foster your own successful non-violent intervention team.
- 4** Advanced De-escalation scenario training
This is an in-person only advanced training. We will use scenarios to give practice using CLARA method in the moment. We will meet with an organizer ahead of time to determine specific relevant scenarios that will benefit your team.
- 5** Handling Agent Provocateurs
Agent provocateurs are those who incite a person or group to break the law so they can be convicted or diminish their cause. We will provide trainings and resources to better understand how they operate and how to handle them in a nonviolent manner.
