A Sincerest Thank You

From the Director-

After a year full of ups, downs, openings, closures, masks, zoom classes, and the heartbreak of no 2020 recital, we are thrilled to be performing on a professional stage again! DTA is back, and we are stronger than ever!

On behalf of the amazing DTA staff, I'd like to sincerely thank all of the incredible dancers, parents, and families for your hard work and continued support that has made getting these shows to the stage possible. As a dance family, we've learned a whole new definition to the word "flexibility" as we navigated the ever-changing mandates, and we've come out on the other side so much stronger. Despite the challenges of the past year, I am deeply proud of the dedication our staff to ensuring that every dancer be able to learn, grow, and thrive.

I'd like to give a shout out to our wonderful competition team. Even with the always changing rules and schedules, they were ready, willing, and able to make a successful competition season happen...and they shined like stars. They'll be closing out their season at Spotlight Nationals in Las Vegas in July.

At Dancers Turnout Academy, our goal is to provide a wide variety of dance genres in a structured environment, focusing on quality instruction by trained, educated, and accomplished instructors. As a staff, we strive to educate and enrich your children in the art of the expressive movements of dance, as well as the physical, emotional, and social benefits that are gained from dance education. We always aim to keep the atmosphere fun, motivating, and positive, and love the lifelong friendships that develop among the dancers.

As a staff, we are grateful. Grateful for the students, grateful for the families, and grateful for this opportunity to take the stage once again.

Thanks again, and please enjoy the show.
