"They exceeded all of our expectations and we highly recommend them!"

"Katie & Logan are awesome! Prior to the wedding, they were extremely responsive, caring, helpful and insightful. At the wedding, they simply blew us and our guests away! They provided music for the ceremony and the reception. They were extremely organized in keeping our timeline running smoothly. Their personalities were infectious – everyone adored them! Their sound was perfect together."

"Katie and Logan deserve 100 stars!"

"They are awesome! They are also incredibly nice and easy to work with. Their music was wonderful—they played during our ceremony, cocktail hour and dinner. Guests were up dancing on the dance floor during dinner hour. Our guests were raving about them all night and we are still hearing about how good they are! I overheard people were asking if they had CDs :). We had an outdoor wedding on a day with record rainfall. Katie and Logan were soaking wet and SMILING while they set up their instruments! They were so amazing, and I hope I have to have music at another event soon so we can have them back and listen to their wonderful music. We also had 2 songs not on their playlist, and they learned them and played them! They were perfect! THANK YOU KATIE AND LOGAN!! My only regret is I was away during the cocktail hour and didn't get to hear ALL of their songs."

"Excellent, excellent, excellent!!!"

"There are no words to describe Katie and Logan. They are just so talented, kind, punctual, and easy to work with! They really made our wedding a success. Our guests continue to talk about how great the music was and how they enjoyed themselves. Their repertoire is extensive and varied so everyone has a song to relate and dance to. They also offered to learn 2 songs for us which they did in no time! What great musicians they are!!! I would definitely recommend with no reservations!"
