

# For The... GOVERNMENT STEM STAKEHOLDERS

Science, Technology, Engineering, Art, and Mathematics (STEAM)

## Why It Matters...

### Nationwide Multi-Agency Collaborations

Enable STEAM providers to seamlessly connect and share the nation's network of multi-agency funded STEAM programs' successful outcomes.

### Gain STEM Workforce Development Insights

Understand how agency initiatives affect STEAM education and workforce pathways, ensuring programs meet national needs.

### Comprehensive Impact Measurement

Allows stakeholders to efficiently report federal STEAM data for agency cross-sectional funding and KPIs against national deficits and initiatives.

### Strategic Funding Allocation

Opportunities to increase support to successful programs, cut support for failures, and fill in gaps in the STEM career journey

## A STEM/STEAM MATURITY MODEL

ENBALED BY STEAM ACCELERATOR

## Platform Features

- ✓ **Match Seekers and Givers**  
Easily connect with individuals and organizations seeking or offering resources and expertise.
- ✓ **Find Collaboration Partners**  
Discover like-minded collaborators to drive impactful STEM/STEAM projects

- ✓ **Scale Ecosystems**  
Expand your network and build a thriving STEM/STEAM ecosystem with our scalable tools.
- ✓ **Inform Your Constituents**  
Share news, updates, and opportunities to keep your community informed and engaged.

## About Us

501(c)(3) nonprofit driving collective impact to increase transparency and cohesiveness in the national STEM/STEAM education to workforce pipeline

## Vision

Drive collective impact and increase inclusivity in the national STEM/STEAM workforce pipeline that meets future needs.

## Mission

Meet the future workforce needs by connecting and accelerating STEM/STEAM stakeholder outcomes and including the participation of underrepresented communities.
