

Another Cloud
Another time
Another cloud
Searching the time element
Reaching for horizons
Unattainable stars
Where is there a beginning?
How does it end?
Reflecting on direction
Do we have one?
Do we learn one?
Passing different directions
The wind shifting along
The leaves scatter and fall
Before we know it
Our time is up
The distance between the desire
You want it
I caught your reflection
That made a difference
In my life forever
