

### Cascading

Cascading steps hanging over with vines  
Stretching beyond the outskirts of the balcony  
Romantic evening as the sun sets outside  
Darkness penetrates already  
A candle-lit dinner in a very secluded corner  
Entranced by a glass of red wine  
Sitting cozily melting with excitement for you  
I have found warmth in your eyes  
As they look into mine  
Into Neverland  
We are past oblivion  
Only penetrating in your charms  
No one else exists at this moment
