To Allyson

Flickering light enclosed in a lantern  
Also yellow beams cozily bring a light  
From a fluttering candle  
Hanging plants stretching wildly in each vicinity  
Glass enclosed fireplace situated in the center  
Carved wooden ducks on the window sill  
Nautical scenery surrounds us  
As a ship decoration stands out against it's  
Own form in a mirror  
Rooms partitioned off with solid wood  
Tables and walls enchantingly decorated  
A charming evening for us
