

Go

Janis Joplin's song "Me and Bobby McGee"

Is playing in the background

A certain mood overtakes me in this atmosphere

Thoughts start immersing within me

To go out and accomplish your goals

Achieve what you are looking for

Don't procrastinate

And don't let the time slip away

Make it happen!

Though you have to go the extra mile

And it sure ain't easy

This restaurant is standing in a new locality

It was moved from its original destination

It was almost an impossible task

But I can sit here at this hour

With my cheesy potatoe skins and coffee

Still enjoying the same place

Renata Dawidowicz
