

Gurgle

A goldfish entranced
By the gurgling waterfall coming down
Gently it flows
The goldfish situated
Above the splashing water
Enjoys the abode
Greenery enhances the relaxation
Goldfish swimming gracefully
Enthralled in their surroundings
Tropic flowers decorate one vicinity
Desert cactus of all sorts there
Bringing a splash of color
A different assortment of vines cling all over
Steps take us around the greenery
Goldfish swimming freely
In the center of this
Enjoying their domain
Visualizing how contented they exist
