

Lightning

Thunder, thunder all around
Lightning strikes at once
The world has a turn again
To enjoy the dashing rain
Thunder, thunder all around
Lightning strikes at once
Clashing at my windows
Dancing to the ground
Thunder, thunder all around
Lightning strikes at once
Waking us all up again
Wetness of the ground
Thunder, thunder all around
Lightning strikes at once
Darkness all around
Visits us in the dark
Thunder, thunder all around
Lightning strikes at once
