Digital Lectures and Digital Learning Objects

Turn-Key Consulting for Agriculture Online Learning

Licensing and Customized Pricing Available

Skills To Feed the World™

Digital Lectures

- 3-hours content
- Earn completion badges
- Pre- and Post-assessment
- Accelerating online course development
- Curated Content
- Student-focused
- Licensing for ease of use
- 500+ lectures with more added weekly
- Innovation in online learning

On-site and Online

- Create hybrid classes
- Documents student achievement
- Accelerate at Your Pace
- Show Competency
- Technology Agnostic (Android or iOS)

Digital Lectures

- ♦ 1-4 hours of lectures/learning materials and assessment
- ♦ Electronic tracking with certificate of completion to submit to professor
- ♦ It gives university administrators the ability to offer their faculty support without taking anything away
- Faculty retain the control of their courses by assigning only the lectures they feel are relevant to their course and the learning outcomes of their course.
- Lectures can be assigned as needed as the students move toward the completion of the semester.
- Courses are delivered through a stand-alone LMS. Students have their own login that we provide and support.

Build with Confidence

Let AgTechEXTENSION transition your current online course to a digital enabled learning experience for your students

Ensure Completion

Assessment driven that the students cannot complete the material until awarded their badge of completion.

Design for Success

Gain confidence in building courses that students find:

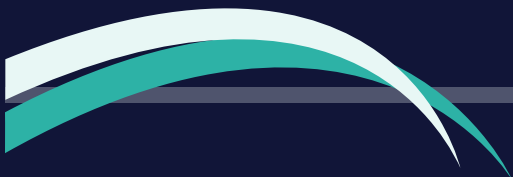

- Challenging
- Consistent
- Convenient

Pricing

Offered as a subscription for 3-months, one license per student for all the students in your department, division, college or university.

To help universities take advantage of this opportunity, we are offering the initial subscription at half price (\$100/student) to accommodate those students who are in the middle of their academic term.

TURN-KEY

Ready when you are

EASE OF INTEGRATION

AgTechEXTENSION will support your efforts and provide academic support if you want additional assistance to design your online class

TECHNICAL SUPPORT

Exception “up time” with rapid technical support to keep things running smoothly,
