- Call recording available
- Access user portal and settings

YOUR SINGLE SOURCE FOR TECHNOLOGY - SERVICES - DEPLOYMENT - SUPPORT

SOFT RECEPTION CONSOLE

The **Elara** Voice Operator Panel is perfect for large organizations that wish to omit the clutter of reception phones with multiple expansion modules.

The VOP provides full extension status monitoring (ringing, busy, available) with calls details and call interception. This advanced software switchboard and attendant console is fully translated in English, French, Spanish, German, Italian, Dutch, Danish, Turkish, Russian and has all the drag and drop features required to operate an effective receptionist environment.

VIRTUAL OFFICE

The **Elara** Virtual Office portal is an essential tool for businesses with multiple entities within a single location. Phone numbers (DID's) are listed and tagged within the interface to pop a custom screen display when the number is called. The screen displays the appropriate messaging for the receptionist to greet the caller.

CRM | SALESFORCE

Elara Salesforce integration is a hosted CRM application integration that manages key communication directly within Salesforce Enterprise. This unique app automatically logs all incoming and outgoing call data into Salesforce.com while providing incoming and outgoing call popups and note taking that syncs with Salesforce basic functions.

MS OUTLOOK

Elara offers an integrated click to call functionality directly within MS Outlook using SIP TAPI from Source Forge. Businesses can now click and dial contacts within Outlook to instantly place the IP phone on hook and dial the desired phone number. Increase productivity and automate processes within your business.
