Thank you for your business.

How to Measure

Taking accurate measurements will ensure a comfortable fit. For best results, dress in close-fitting clothing that follows the natural contour of the body. Use a cloth measuring tape and enlist assistance. Hold the measuring tape close to the body without pulling it taut.

Women's Measurements

Bust	Measure just under the arms, completely around the back and across the broadest part of the chest area.
Waist	Measure around smallest part of natural waist.
Hips	Stand with heels together and measure around the fullest part of hips.
Inseam	Standing barefoot, measure from the crotch seam to the floor.
Outseam	Standing barefoot, measure from the waistband to the floor.
Sleeve	Bend elbow. Measure from center of the back, across the shoulder and around the point of bended elbow to the wrist.

Men's Measurements

Chest	Measure just under the arms, completely around the back and across the broadest part of the chest area.
Waist	Measure around smallest part of natural waist.
Seat	Measure around fullest part of seat.
Inseam	Standing barefoot, measure from the crotch seam to the floor.

Gloves

Measure the hand at the fullest part below the fingers, excluding the thumb. Number of inches is the glove size.

Hats

Measure completely around the head, starting approximately 1" above eyebrows in front and going around to the back of the head.

Special order sizes: If you require a size we do not carry, we may be able to special order it. Special size orders require an additional delivery and oversize charge.
