# Holiday Remembrance Program

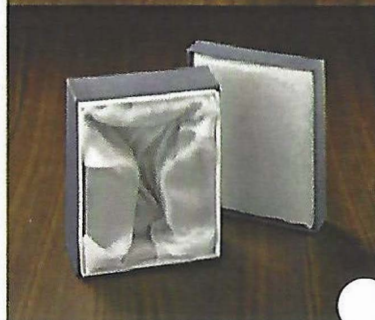

GUARDIAN  
ANGEL  
ORNAMENT

Our ornaments can serve as a simple token of appreciation for choosing your funeral home, be given in connection with pre-planning or aftercare services, or presented during a holiday remembrance program.

The ornaments are hand-blown and tipped with 22k gold. Each ornament is easily

and quickly personalized in-house with the name and dates of the deceased or any other text you wish to include using our software template and adhesive decals.

The software template, labels, decals and unlimited technical support are provided free of charge with every ornament order. In addition, each ornament comes in an individual gift box for presentation to the family and safe keeping.
