Here are your directions to the start of the Scenic Valley Tour from Lincoln Square in downtown Gettysburg (See Downtown Map) :

Make a right turn onto Route 30 West for three blocks to the intersection of Buford Avenue (Route 30 West) and Springs Avenue.

The tour begins at Meade School, which will be on your right.

**START:** Scenic Valley Tour Sign #1 - (0.0 miles) Meade School.

The tour begins at Meade School on Springs Avenue and continues west along Springs Avenue for 4 blocks, climbing the gentle slope of Seminary Ridge. As you reach the top of the ridge, at the intersection of Springs Avenue and W. Confederate Avenue, notice to your Right the buildings of the GETTYSBURG LUTHERAN THEOLOGICAL SEMINARY.

Founded in 1826, it is one of the oldest Lutheran seminaries in the country.

## **Scenic Valley Tour Sign #2 - (0.4 miles) Springs Avenue**

The tour sign here will mark the LEFT turn onto Seminary Ridge. You will continue South on Seminary Ridge, crossing Route 116/W. Middle Street, at the traffic light. After crossing Route 116, the road name changes to W. Confederate Avenue.

## **Scenic Valley Tour Sign #3 - (0.5 miles) W. Confederate Avenue & W. Middle Street .**

Confederate Avenue there are many cannons and monuments with paved areas for stopping along the road. The entrance to the National Park Amphitheater is on the right side.

**Scenic Valley Tour Sign #4 - (2.6 miles) W. Confederate Avenue and Millerstown Road.**

The tour sign marks the right turn here onto Millerstown Road. Continue west for approximately 1/4 mile along this road and on your left, you will see the entrance to the EISENHOWER NATIONAL HISTORIC SITE, the farm home of President Dwight D. and Mamie Eisenhower - 34th US President. It was the only home that the Eisenhowers owned. Admission is by shuttle bus only from the National Park Visitor Center, 1195 Baltimore Pike. Note: along this stretch of road, Millerstown Road becomes Pumping Station Road. Continue for 1 mile to the bridge spanning Marsh Creek. As you cross the bridge, slow down and look to your left. Some 200 yards down - stream is Sach's Bridge. This covered bridge is over 150 years old and is unusual because of the latticework construction. At the intersection of Pumping Station and Scott Roads you may take a left to explore the covered bridge. Scenic Valley Tour Sign #5 - (3.9 miles) Pumping Station and Scott Roads After enjoying the covered bridge, continue straight on Pumping Station Road for about 1-1/2 miles to Tour

Scenic Valley Tour Sign #11 - (9.8 miles) Knoxlyn-Orrtanna and Knox Roads The road curves to the right. Continue on the Knoxlyn-Orrtanna Road until the intersection with Orrtanna Road. As you enter the orchard

country, the route unfolds view after view of great beauty. Ahead, you will get closer glimpses of the SOUTH MOUNTAINS, through which General Lee came to Gettysburg. As you approach the next Tour Sign at the intersection, the large building ahead is the KNOUSE FOODS COOPERATIVE - Orrtanna Plant, which processes fruit grown in the area. Adams County is the leading fruit producing and processing country in Pennsylvania

PLEASE BE CAREFUL! Scenic Valley Tour Sign #13 - (12.4 miles) Scott School and Bingaman Roads Follow Bingaman Road through the peach and apple orchards for about 2 miles. Bingaman Road ends at a stop sign and forms a T-intersection with old Route 30. Turn left at this intersection. Scenic Valley Tour Sign #14 - (15.6 miles) Bingaman Road

and Old Route 30 You are now in the CASHTOWN PASS, through which General Lee's troops marched on their way to Gettysburg. Back through this same pass came the tragic wagon train of Confederate wounded.

Continue westward on Old Route 30 for about 2 miles. At the stop sign you will cross Chambersburg Road (US Route 30). USE CAUTION AS YOU CROSS US ROUTE 30. THIS IS THE BUSIEST INTERSECTION ON THE TOUR. Scenic Valley Tour Sign #15 - (17.8 miles)

Chambersburg Street (US Rt 30) and Buchanan Valley Roads As soon as you are across US Route 30, you will be on Buchanan Valley Road (Rt 234). Within 100 yards of the US Rt 30 intersection, take the first right off of Buchanan Valley Road and follow up the hill.

Scenic Valley Tour Sign #16 - (17.9 miles) Buchanan Valley and Church Roads Continue on Church Road. The road leads sharply upward to the summit of MOUNT NEWMAN.

Scenic Valley Tour Sign #17 - (18.4 miles) Church Road Continue on Church Road. This is country familiar to the Shawnee Indians - at least there is proof that they were in this area one tragic day in the late 1750's. Thomas Jemison had moved his family into the area in 1754. Later, the Jemisons and another family were attacked and captured as prisoners by a band of 4 Frenchmen and 6 Shawnee Indians. They were taken near Chambersburg and all were killed except Mary Jemison and a little boy. She was adopted by the indians and later married an indian. She died September 19, 1833. Scenic Valley Tour Sign #16 - (17.9 miles)

Buchanan Valley and Church Roads Continue on Church Road. The road leads sharply upward to the summit of MOUNT NEWMAN. Scenic Valley Tour Sign #18 - (19.8 miles) Church Road As you pass Tour Sign #18, you will continue down the hill and will pass a statue of Mary Jemison at the Church of St. Ignatius Loyola, built in 1816. There is parking here if you wish to stop. Continue down the hill from St. Ignatius Loyola Church to the intersection with Rt. 234. This stretch of road

provides a panoramic view of Buchanan Valley. The valley got its name during the 1856 presidential campaign of James Buchanan. Scenic Valley Tour Sign #19 - (20.7 miles) Church and Buchanan Valley Roads At the intersection of Church and Buchanan Valley Roads, turn right onto Buchanan Valley Road. This is Rt. 234 East, which you will stay on for 9 miles to Biglerville. The road climbs to the top of Piney Mountain Summit, 1350 feet high, before it begins to drop down again to the valley floor. Approximately 1/2 mile beyond Piney Mountain Summit you will come to a Tour Sign marking a right turn. Here, where the road dips downhill, is an especially fine view of the hilly orchard country. Scenic Valley Tour Sign #20 - (22.5 miles) Buchanan Valley, Mountain and Club Road After the right turn, continue to Rt. 234 East. At the bottom of the hill you will cross Conewago Creek. Scenic Valley Tour Sign #21 - (24.5 miles) Narrows and Nawakwa Road Rt. 234 East runs through what is known as "The Narrows", with Conewago Creek on your right. During the summer, this is probably the coolest spot in the county and the Conewago is noted for some excellent trout, so it is no surprise that The Narrows is a favorite picnic and leisure-time spot for Adams Countians. Scenic Valley

Tour Sign #22 - (25.6 miles) Narrows Road/Rt 234 East Continuing on Narrows Road, you will pass the SOUTH MOUNTAIN FAIRGROUNDS on your left. In addition to the annual fair in August, the fairgrounds are headquarters for the Apple Blossom and Apple Harvest celebrations held annually. Continue on Rt 234 East. Scenic Valley Tour Sign #23 - (26.5 miles) Narrows and Boyer Nursery Roads Continue on Narrows Road/Rt. 234 toward Arendtsville

Scenic Valley Tour Sign #24 - (27.1 miles) High and Queen Streets As you approach the borough of Arendtsville, Rt. 234 is named High Street. Rt. 234 East takes a sharp left onto Main Street in Arendtsville. Scenic Valley Tour Sign #25 - (27.4 miles) Main and High Streets (in front of convenience store) Continue toward Biglerville on Main Street/Rt. 234 East. As you leave Arendtsville the road becomes Arendtsville Road. Then Rt. 234 becomes West York Street as you approach the borough of Biglerville. At the 3-way stop sign, bear right. Scenic Valley Tour Sign #26 - (30.0 miles) West York and West Hanover Streets Continue on West York Street/Route 234 East to the center of Biglerville. Biglerville, which

was once known as “Middletown”, was plotted in 1817 but did not have its first house constructed until 1843. It has grown rapidly since that time, particularly since fruit growing made it famous as “Apple Capital - USA” and the home of one of the largest apple processing plants in the world.

Scenic Valley Tour Sign #27 - (30.4 miles) West York and South Main

Streets At the traffic light in Biglerville, turn right onto South Main

Street/Rt. 34, which will take you back to Gettysburg, 7 miles to the

South. Scenic Valley Tour Sign #28 (30.5 miles) South Main Street Travel

south on South Main Street/Rt. 34. South of Biglerville the road is called

Biglerville Road. About 2-1/2 miles south of Biglerville you will see on

the right, a state marker noting that George Washington once stayed here.

Scenic Valley Tour Sign #29 (33.0 miles) Biglerville Road just before

Goldenville Road Just beyond the state marker you may take a right turn,

off the tour route, onto Goldenville Road. A short distance from the

intersection, on the right, is Russell’s Tavern, a stone building which was

Washington’s stopping place one night in 1794, as we returning from

quelling the so-called “Whiskey Rebellion”. “Yes, Washington actually

did sleep here!” Continuing south on Biglerville Road/Rt. 34 becomes

Carlisle Street as you approach the burrough of Gettysburg. As you pass the first traffic light at Lincoln Avenue, you will see the buildings of GETTYSBURG COLLEGE on your right, and pass a the STATUE OF PRESIDENT EISENHOWER standing in front of the building he used as an office. Continuing on Carlisle Street will return you to Lincoln Square and the end of our tour. We hope that you have enjoyed the SCENIC VALLEY TOUR and that it enhanced your stay in Adams County
