Our Kingdom Change

Our Community

Our goals include Helping people find a relationship with God. Help residents in obtaining/remaining in permanent housing, encouraging residents to increase skills and/or find employment, fostering self-sufficiency and improving self-image, and supporting recovery and wellness.

Our Residents

TOH serves formerly homeless people with a job or willing to work. TOH residents must earn (through employment or earned benefits) less than 30% of area median income and contribute 30% of their income, if any, toward rent. All residents are homeless at the time of entry, with 82% being chronically homeless last fiscal year.

The Beginning

Overcomers Housing offers homeless families, singles and youth a disciplined educational program within a caring, supportive environment. Unlike many organizations whose focus is one-time or emergency care, Overcomer's primary objective is to move clients from homelessness to self-sufficiency by addressing the total life situation of the homeless families they serve. At any given time, there are approximately 100 households in our care. Overcomers provides:

- A transitional housing program focuses on moving clients to self-sufficiency within a 6-12 months time frame.
- A 24-month housing program for homeless adults,
- A rapid-rehousing for those in need of immediate housing. With transition out after 6 to 12 months.

In exchange for rent- and utility-free housing, adults are required by written agreement to find full-time employment; obey program guidelines; and attend weekly volunteer-taught classes in life skills, employment, community living, and budgeting.

Through a network of community supporters and funders, Overcomers also may provide transitional housing clients with car repair/donation, food, medical assistance, dental work, GED classes, haircuts, glasses, school clothes, work uniforms, etc.
