# TOMORROW BEFORE AFTER

## SYNOPSIS

The film, from writer/director Alfonso Quijada (El Suspiro del Silencio), centers on a woman with no name (played by Reyes) who struggles to survive on her own in a post-apocalyptic world, searching for others, with only a stray dog by her side.

In her quest, she collides with a world that is collapsed and utterly destroyed, and it seems, for a long time, that she is the only survivor in the world—until she discovers one day that she is pregnant. Not understanding how this could be possible, she then begins to question her own existence.

DIRECTOR : Alfonso Quijada

CAST: Natalia Reyes
