WHO IS THIS COURSE AIMED AT?

This MSP Foundation course is intended primarily for those who are involved in the direction, management, support and delivery of programmes.

This will include members of a Programme Office (PO), business change team members, project delivery team members, as well as anyone who needs to understand the terminology and concepts underpinning MSP and those wishing to pursue higher level certifications (e.g. programme managers, business change managers (BCMs) and senior responsible owners (SROs).

WHAT WILL YOU LEARN?

This course offers an excellent introduction to MSP project management.

Students will become familiar with the processes, principles and governance themes that make up MSP, along with the six MSP Transformational Flow Processes, allowing them to make valuable contributions to programme management teams using MSP.

The course consists of 13 modules:

· Module 1: An Introduction to MSP

· Module 2: Programme Introduction and Principles

· Module 3: Governance Themes

· Module 4: Programme Organization

· Module 5: Vision

· Module 6: Leadership and Stakeholder Engagement

· Module 7: Benefits Management

· Module 8: Blueprint Design and Delivery

· Module 9: Planning and Control
