LARGE SILVER

MEDAL WINNERS

The 3 India Perfin Catalogues were winners of a Large Silver Medal at the 2025 EuroPhilex International Philatelic Exhibition at the N.E.C. Birmingham UK

Sincere thanks go to the Exhibition Judges for bringing Perfin Collecting into its rightful place in Philately

PREFACE & DEDICATION

It must be stressed from the very beginning that up to 50% of this India catalogue for Perfin dies on Postage stamps was initially put together in c1990 by the late Mr. Magnus Werner of Sweden, with the assistance of the collectors below.

I have now chosen to update it, and include the various amounts of new information which have come to light over the last 35 years. Mr. Bob Szymanski & the late Mr. Kurt Ottenheimer U.S.A & the late Mr. Pete Maybury S.A. ably helped me along with this task, and many new dies and information are attributed to them. Any other new information would be gratefully received, and will be added as and when time permits.

Red Type, Indicates all of the new information, and for the collectors interest there are scans of some of the stamps and covers, the rest being the Magnus Werner listing, which remains in its original format.

In Magnus Werner's original listing it was stated that the first use of perfin on postage stamps was thought to be on the 1865-67 issues of East India, and I am still of that opinion, Please note that there are now many dies with decimal place numbers, this is to fall in line with the original Werner list numbering system.

Acknowledgements must go to the following collectors for their assistance with the original catalogue of 1990. (Collectors in red also assisted with the update)

"LFS" LOCAL FUND SERVICES

Notes on the "LFS" perfin dies.

As you will see there are many "LFS" perfin dies in this catalogue. Most of these dies are assumed to be "Local Fund Services" and would be associated with the many different Towns and Cities throughout India.

They are often found with poor strikes and only partial perfins, and the consensus of opinion by other collectors is that the dies were made locally by amateurs and they soon lost pins and became damaged, left in this state they led to the many poor and partial strikes that are to be found.

To avoid confusion with these many partials and poor strikes only the better and most differing images are contained in this catalogue.

I would be pleased to hear from anyone with more knowledge on this subject, so hopefully we can have a better understanding of the Local Fund Services.

Quote from the India List & India Office list of 1905
