WARNING NOTE

Over the last few years since this catalogue was produced there are other websites in the Perfin world which have sprung up on the internet, they have copied a lot of this information.

Not only have these new websites copied their information from the Perfin Society website, but they state that it is their own work.

I would not recommend using them as their Information in lots of cases is incorrect and out of date, also the images that they portray are not true to scale.

One thing that you can rest assured about is the fact that the Perfin Society website is updated every few months to cover any new information that has been reported.

It is a great pity that there are such unscrupulous people in the stamp world, but unfortunately this is a fact of life.

INTRODUCTION

This Malaya Perfin catalogue listing is an update of previous catalogue work originally done by Mr. Peter Giffen c1989, and a later update by the late Mr. Mervyn Lavender c2000. Without their painstaking work I would not have been able to write up this catalogue.

It is an attempt to keep the information flowing and to bring together all known information about the perfins on the stamps of Malaya, Singapore, Borneo, & The Straits Settlements.

The first few pages, mostly from the P Giffen catalogue, give a brief description of the various companies who used perfin machines in the late 19th and early 20th centuries, I have listed them alphabetically using a new numbering system,

These opening pages are followed in turn by the new alphabetical listing with true to size images of the dies, the original catalogue numbers from the P Giffen catalogue are featured alongside in **BLUE** type (A2).

All perfin dies are represented including perfins on Revenue stamps and perfins through the document (cancellators).

You will see that some of the die numbers are highlighted in **RED**, information is lacking on these dies, so if anyone can add any other information, it would be gratefully received and appreciated.

"Ø" Indicates a suspected user.

"M" After the catalogue number is for Multi Headed die.

INDEX

<u>Pages 3 to 13</u>	Brief Descriptions of Companies.
<u>Pages 14 to 70</u>	(A to Z) Perfin Dies & Images.

PERFINS OF MALAYA

B 21 GV, Barker & Kengchuan, Change Alley, Singapore.
Dated 27-8-1918.

Cover scan by kind permission of Mrs. R Geden wife of the late Brian Geden an avid Malaya collector with a great passion for the subject.

This is the only known proving cover, sold at Grosvenor 2018 for £650.

"Barker & Keng Chuan" are listed in the Singapore Dollar Directory for 1918 as Manufacturing Agents.

The partners were A. Barker & Kho Keng Chuan.

Mr. Barker came to the Straits in 1889, and by 1914 the firm represented some 25 business concerns in Singapore.

JUDICIAL PERFINS

A 3 Hole Perfin Cancellator
(Judicial usage c1906.

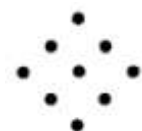

"C" perfin die ? (Judicial usage = Court ?)

Although this die often appears double or even treble it is thought that due to inconsistent spacing on a number of inspected stamps, the die is a single letter "C" die.

Perfin used c1903-1910.

A 9 Hole Punch Perfin Cancellator used c1897-1903.

PERFINS did not make it to Bangkok until after the British Consulate Post office closed on 30 June 1885.

Cancel: Also Schmidt Kustermann never traded in Bangkok when these stamps were in use.

S.K. & Co

The "B" Overprint of Bangkok

Fake or not a Fake?

Above you will see the nine (9) "B" overprints which are at present recorded on the stamps of the Straits Settlements. The expert opinion at this time is that they are Fake overprints!!

Although It is true that there were no perfins used in Bangkok at this time, it has been reported (U.S. Perfin Club c1975 See below) that the surplus "B" Overprinted stamps which were left over at the closure of the British Post Office in Bangkok June 1885, were subsequently sent back to Singapore to be used up by the larger companies who were operating there at this time in July 1885.

Consequently if this is true, then these "B" overprints could be the real thing, but used in Singapore and not Bangkok.

NOTE: -

It is left to the collector to make up their own minds regarding these comments.

Straits Settlements Perfins

Collectors of the earlier issues of Straits Settlements stamps will inevitably discover stamps with a manuscript "B&CO." The letter "C" is made with a grand flourish. It seems that hundreds of stamps were penned by the same busy person and for the same purpose -- a security endorsement for the firm; to protect the stamps from being removed and reused. This was due to the very low wages then being paid "coolies, wallas, and clerks."

The artistic penman (or penwoman) was an employee of Boustead and Company, with offices in Singapore and Penang. This trading firm was serving as a forwarding agent as early as 1843. At that time the firm was known as Boustead, Schwabe and Co. By the time printed postage stamps arrived on the scene (1867), the firm was simply known as Boustead and Company, and was one of the larger users of postage stamps (if not the largest) in its business of importing, exporting and insurance. Around 1870 the manuscript "B&CO" was replaced with a rubber stamp bearing the same initials. On the stamp issues of 1870-72 the "B&CO" was usually stamped in blue, but examples in purple or black exist.

An interesting sidelight concerning the use of the manuscript "B&CO" is the appearance of these initials on the Straits Settlements stamps overprinted "B" for use in Bangkok. After the Kingdom of Siam joined

by Jackson Bosley

the UPU and began to issue its own postage stamps, the British Post Office in Bangkok was closed (1885). The stock of Straits Settlements stamps overprinted with "B" was then returned to the Singapore Post Office, where these remainders were sold to the local patrons. At this time the volume postage stamp buyer was Boustead and Company, so it is not uncommon to find Boustead & Co. initials superimposed on the Bangkok "B" overprint.

Progress came to Boustead and Co. about 1895, and the rubber stamp "B&CO" was replaced by a machine; perforated initials "B&CO" were introduced. The perforated initials "B&CO" exist on the stamps of all reigns until World War II, with four different types of Perfins identified.

In the post-World War II era, the grand old firm of Boustead and Co. still exists and thrives in modern Malaysia. The perforating machine was probably sent to Japan as scrap during WW II and has now been replaced by a Pitney-Bowes postage meter.

(Editor's note: Mr. Bosley is working on the catalog of Straits Settlements/Malaysia Perfins. Copies of the illustrated worksheets are available either from Mr. Bosley or the Perfins Club Library. Mr. Bosley welcomes correspondence. His address is 4300 Old Dominion Drive, Arlington, VA 22207.)
