# INTRODUCTION

Over the years there have been many attempts by collectors and Societies at describing and listing the perfin dies which appear on the stamps of Mauritius. However it is a good many years since a listing was done, so in the following pages I am attempting to do an updated simplified perfin Catalogue, which will include all of the latest known information, if any collector can supply any other new information, I would be more than happy to place it on these pages.

## NOTE: -

Due to the small number of different perfin dies from Mauritius it has been decided not to allocate catalogue numbers to them. So they will be found in Alphabetical order.

## Abbreviations.

Vic	Queen Victoria
EDVII	King Edward VII
GV	King George V
GVI	King George VI
QEII	Queen Elizabeth II
M	Denotes a Multi headed die.
Ø	Denotes a suspected Identity.
