Edited and produced by

Jeff Turnbull.

INTRODUCTION

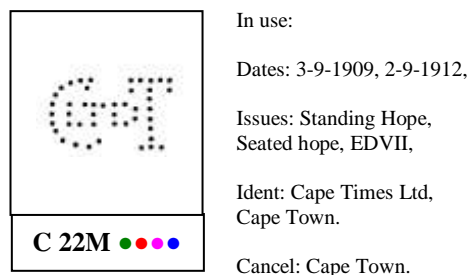

It is now many years since the first listing of the Perfins of South Africa & Provinces was produced by the Perfins Club of America (in their World Perfin Catalogue). And it must be noted that 90% of this update is there original work.

During these intervening years there has been new information which has come to light, and although I have used the original perfin catalogue for some years my feelings are that it could be simplified and improved upon.

So I have decided to make up my own version of the catalogue and produce it with an alphabetical numbering system for the different dies, This Section One, deals with the Four Different Provinces pre 1910 as in the map above. A coloured dot system is used for the different Provinces. You will see from the map what colours represent which Provinces. There is also user information alongside the Perfin image. A single letter "M" after the die number indicates a multi headed die. A small case "m" indicates a monogram die.

● NATAL, ● TRANSVAAL, ● COGH, ● ORANGE FREE STATE,

A typical example is shown here: -

A typical entry will be as follows: -

- In use:** Date range based on known dates.
- Dates:** Earliest and latest known dates from Documents or Cancellations.
- Issues:** Different Reigns & Issues are used
QVic, EDVII, Arms, Seated Hope, Standing Hope,
- Ident:** Company Name & address identified by Document or Cachet Cancellation.

Suspected Ident: Ø This symbol indicates a suspected identity.

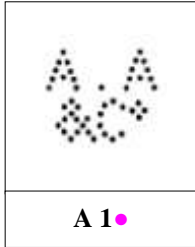

NOTE:- Fifteen South Africa perfin dies are also recorded on the perfin stamps of Great Britain Reference is made to nine (9) of these Provinces perfin dies on the following website: -

**Any and all new information will be gratefully received,
and will be given due acknowledgement in the catalogue**

Note: -

The die **O18 "OS"** is a recently discovered die, and was provided by Bas Payne U.K. There is some doubt amongst collectors as to it being genuine, as there is no history to sustain such a die. So it is left to the collector to decide.

ORANGE FREE STATE (O R C) PERFINS
 ●●●● DOTS INDICATE PROVINCE

This item is by courtesy
of Bas Payne.

Large "CANCELLED" perfin, covers several stamps:

Found with 1913-14 cancellations, on EDVII provincial postage stamps, Union commemoratives, and GV kings head postage stamps. Hundreds known. (No mint examples known.)

All denominations from 1d to £1 (no ½d stamps yet seen!) larger denominations just as common as low denominations (apart from £1, which is scarce).

Narrow date range: most between 13 November 1913 and 28 February 1914, but two outliers in September 1914.

Wide range of smaller and larger post offices; parcel office cancellations fairly common.

Clear from microscope examination that they were cancelled before they were perfined; probably all by same machine, probably perfined on forms in bundles – a few with retained discs, and would explain placement not really in relation to stamps. ? Audit followed by destruction; one leakage

suggested explanations includes use on Telegram forms.
Use to pay customs duty on foreign parcels seems more likely.

Any information or suggestions welcomed!
Especially on piece!! bas.payne@gmail.com

Do not confuse with earlier different CANCELLED perfin on Natal legal documents – letters different number of holes, e.g. E is 7 x 5 against 6 x 4.

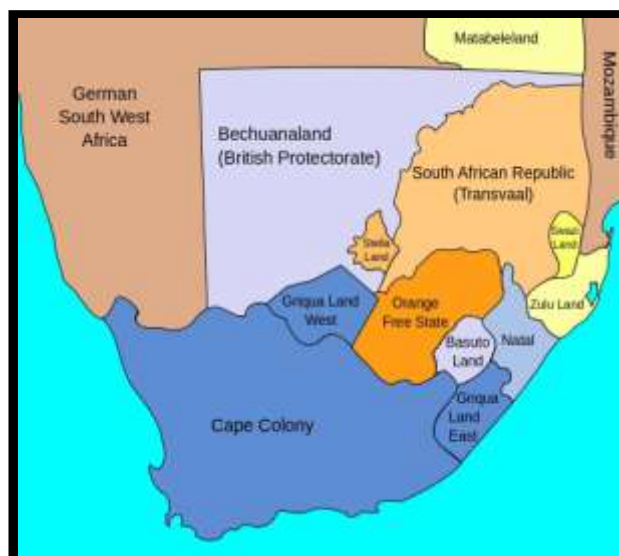

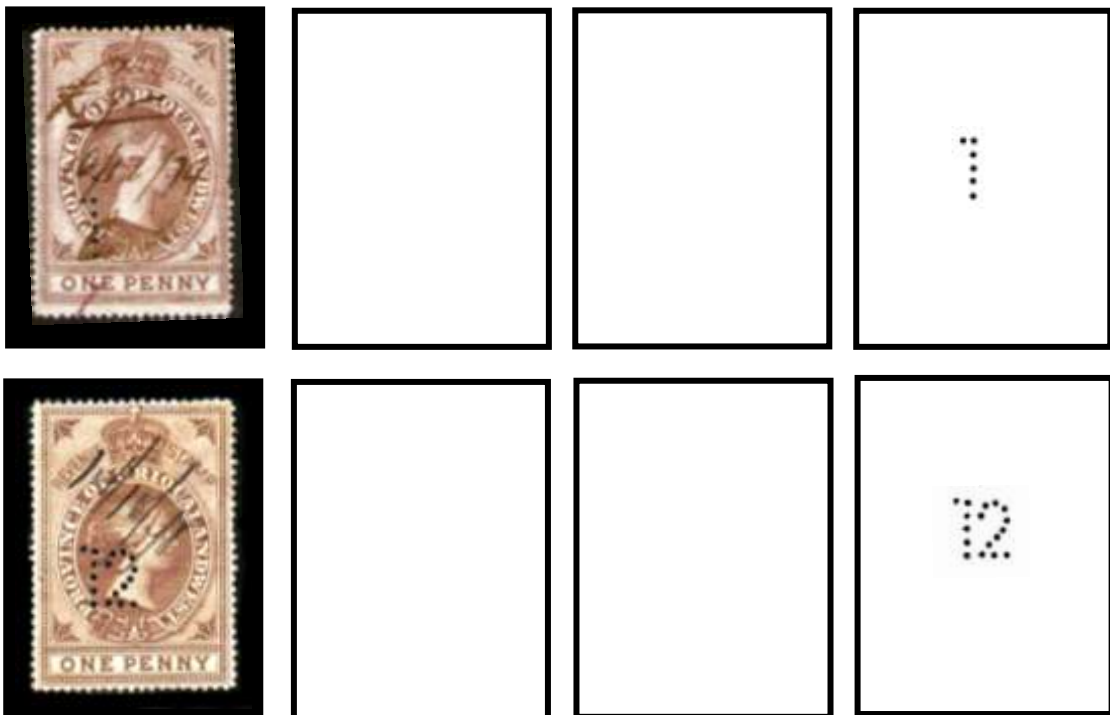

THE PERFIN'S OF GRIQUALAND WEST

Province of Griqualand West,

ZULULAND

From an interest point of view I am including this page of **Fake** "Zululand" overprints. Over the last few years there have been quite a number of these fake overprints found. Most of them are easily recognized as fakes with the overprint being on top of the cancel or of the wrong dimensions.

Below are some examples to give the collector an image of what to look out for. British cancels are most prevalent, and wrong dimensions, fonts etc.

Fake overprints can also be found on British perfin stamps overprinted "British Oil Rivers" & "British Protectorate Oil Rivers"

No genuine overprinted perfins have so far been recorded.
